**MINUTES  
ADMINISTRATION & FINANCE COMMITTEE  
July 25, 2017**

**1. Roll Call:**

A regular meeting of the Hoffman Estates Park District Administration & Finance Committee was held on July 25, 2017 at 7:20 p.m. at the Triphahn Center in Hoffman Estates, IL.

Present: Commissioner Bickham, Comm Rep Katis, Musial, Winner, Chairman Kilbridge

Absent: Comm Rep Chhatwani and Utas

Also Present: Executive Director Bostrom, Deputy Director/A&F Director Talsma, P&D Director Buczkowski

Audience: President Kaplan, Commissioners R. Evans, K. Evans, Kinnane, McGinn, Mr. Lingl of the Indiana, Illinois, Iowa Foundation for Fair Contracting

**2. Approval of Agenda:**

Commissioner Bickham made a motion, seconded by Comm Rep Katis to approve the agenda as presented. The motion carried by voice vote.

**3. Minutes:**

Comm Rep Musial noted that the minutes should refer to the GASB. Comm Rep Winner made a motion, seconded by Comm Rep Katis to approve the minutes of the meeting as amended. The motion carried by voice vote.

**4. Comments from the Audience:**

Mr. and Mrs. Waclawski addressed the committee to request that the port-o-let located across from their home be removed as the park was not scheduled for any athletics and the bathroom was only being used by UPS, Fed Ex drivers and other outside people.

Executive Director Bostrom explained that Chestnut Park had been the lacrosse athletic practice field so a port-o-let with an enclosure had been placed at that location. He said he would check with Rec staff to see if the field was not being scheduled and determine if the port-o-let and possibly the enclosure structure could be removed noting that the district did not pay to maintain port-o-lets for non-participant use.

Commissioner McGinn questioned if anyone was practicing there anymore and Executive Director Bostrom explained that it was not a primary practice field so if it was not necessary and not scheduled, there would be no need for the port-o-let.

Commissioner K. Evans asked about removing the enclosure structure and Executive Director Bostrom explained that he believed that the structures had been built to be easily removed.

**5. Old Business:**

None

**6. New Business:**

A. A&F Report and 2Q Goals/M17-083:

Deputy Director Talsma reviewed the report noting that the district had received a statement saying that the IMRF was 99.5% funded. With the fund balances as they are, the account could be considered 100% funded.

Comm Rep Katis asked about the Soda/Sweetened Beverage tax issue and Deputy Director Talsma explained that the district had passed a policy to address the issue but it was on hold as the sales tax issue was on hold with the state.

Comm Rep Katis asked about the 2006 Bond Issue and Deputy Director Talsma explained that they were seeing over 5% on the yield or \$600,000+ in savings. It was noted that the total bond was about \$8,000,000 and the final component of the re-structuring. It was noted to be considered worth the savings.

Commissioner Bickham asked about IMRF and if it would show on the property tax. Deputy Director Talsma explained that it could be seen as a line item but that it might be delayed a year on the tax bill given how the taxes were collected and shown.

Commissioner Bickham asked about the PCI certification delay and Deputy Director Talsma noted that staff was working on this. He explained that the district was fully compliant but might need to look at another vendor who was also fully compliant.

Comm Rep Katis made a motion, seconded by Comm Rep Musial to send the A&F Report and 2Q Goals M17-083 to the board as presented. The motion carried by voice vote.

B. Open and Paid Invoice Register:

Comm Rep Winner asked about the GPS lease double entry on page 40 to PNC and Deputy Director Talsma explained that the district was only making 5 total payments of \$4700.96 but sometimes, timing showed 2 payments on one register.

Commissioner Kilbridge asked about the payment to Dual Temps and Deputy Director Talsma explained that it was for the ice rink on one machine with multiple components for annual maintenance.

Commissioner Kilbridge also asked about First Serve Tennis as they had a number of listed payments and Deputy Director Talsma explained that they did a large amount of business, especially over the summer.

Comm Rep Winner made a motion, seconded by Comm Rep Katis to recommend the board approve the Open and Paid Invoice Register in the amount of \$960,202.70. The motion carried by voice vote.

C. Revenue and Expenditure Report:

Deputy Director Talsma noted that the district was operating within their budget. He also mentioned that a new ice rink had opened in Mt. Prospect and was giving the district some competition.

Comm Rep Katis asked about the \$1.1 million in expenses this year and Deputy Director Talsma reminded them to keep an eye on the Capitals as this year they had renovated the north side and were presently renovating the wet areas at PSSWC.

Comm Rep Katis made a motion, seconded by Comm Rep Winner to recommend the board approve the Revenue and Expenditure Report as presented. The motion carried by voice vote.

**7. Committee Member Comments:**

Comm Rep Katis said he had been to Music the Park and the HEPD sign looked great.

Commissioner Bickham said it was a good job on getting Amazon Smiles up and running for donations.

Comm Rep Katis also commented on seeing the picture in the paper of Heather Kubinski that won and donated the \$20,000 grant to the district's ice rink.

Comm Rep Winner said he had attended a golf outing on Sunday and BPC was in great shape. He questioned when the gambling machines had been removed and Executive Director Bostrom said it was done in September 2016 and that they were making much more money on the Hole-In-One.

Comm Rep Musial reminded everyone of the Foundation's Uncorked and Untapped Event coming September 15<sup>th</sup>.

Chairman Kilbridge asked about the email questions on the Financials and it was determined that those questions would continue to be attached to the appropriate minutes for record keeping purposes, however they would not be copied as part of the committee packet's minutes for approval.

**8. Adjournment:**

Comm Rep Katis made a motion, seconded by Comm Rep Winner to adjourn the meeting at 7:50 p.m. The motion carried by voice vote.

Respectfully submitted,

Dean R. Bostrom  
Secretary

## MEMORANDUM M17-096

**To:** A&F Committee  
**From:** Dean Bostrom, Executive Director  
Craig Talsma, Deputy Director/Director Admin & Finance  
Gary Buczkowski, Director Planning & Development  
Mike Kies, Director Recreation & Facilities  
**Re:** PSSWC Locker Room Project  
**Date:** August 17, 2017

### **Background**

On August 15, 2017 staff requested via email the Board to approve a change order to increase the PSSWC locker room project budget for an amount not to exceed \$90,000 or \$890,000 total. The details of the change order request are outlined in the attached Memorandum M17-092. The Board, through email, approved the request on August 15<sup>th</sup>.

### **Implications**

Illinois state law authorizes approval of expenditures determined to be an emergency that if not otherwise approved on a timely basis would adversely impact the programs, facilities or services provided by the park district. This expenditure meets the criteria as an emergency expenditure as postponing the approval of the change order would have adversely impacted the completion date of the project and ultimately the PSSWC membership. Following the Board's approval of an emergency expenditure, the Board is required, at their next regularly scheduled Board meeting, to ratify the emergency expenditure previously approved.

### **Recommendation**

The A&F Committee recommends the Board ratify the expenditure of \$90,000 for the PSSWC wet areas renovation project budget which includes funds to be paid to OPCON in the amount not to exceed \$97,000. Funds for this increase in the budget will come from the PSSWC Fund Balance.

**MEMORANDUM NO. M17-092**

**TO: A&F Committee**  
**FROM: Dean R. Bostrom, Executive Director**  
**Gary Buczkowski, Director of Planning & Development**  
**RE: PSSWC Wet Areas Project**  
**DATE: August 14, 2017**

---

**Background:**

The park board previously approved a budget of \$800,000 for the renovation of the wet areas within the club locker rooms at PSSWC. In addition, the board awarded a contract to Opcon Ltd for \$702,050. Also included in the \$800,000 were monies to cover the fees associated with the design work /environmental consulting and a project contingency which now at \$21,605.

Work began on July 10, 2017 and is scheduled to be completed by September 29, 2017. The contract with Opcon included a twelve week time frame and a \$50,000 Owner Allowance built into the bid to cover unforeseen issues.

**Implications:**

At present, Opcon, the district's contractor along with his subs have replaced all the structural wall and concrete board and are preparing for the installation of the plaster ceilings. During the first half of this project's allotted time there have been several change orders approved and costs paid for from the Owner's Allowance. These include:

- Tile base in toilet areas so as to transition between the new floor tile and the existing 2x2 wall tile retained as a cost saving item. At a cost of \$6,140.
- Addition of second steam generator. This item found necessary upon submittals whereby the manufacturer stated that the existing steam generator is now manufactured could not independently supply steam to more than one space at the necessary times. In addition to the generator, additional electrical needed to be run to power the generator. At a cost of \$21,969.
- Sprinkler system leaks: Upon removal of the ceiling grid and plaster in the wet areas, a number of the black pipe connections were dripping and/or showing signs of dripping. At a cost of \$1,174.
- Removal of cork floor in massage rooms that was under the existing carpet that was scheduled to be replaced. At a cost of \$1,012.
- Toilet to shower wall was found to have some corrosion immediately where it connected to the concrete floor in both the men's and women's wet areas. At a cost to replace those failure areas of \$939.
- During demolition, it was discovered that the electrical conduit feeds coming through the floor had rusted through and exposed the internal conductor wires. Staff authorized \$576 to investigate whether or not these conduits could be connected below the floor and then run to the proposed outlets and light

equipment. This investigation found not successful and decide upon that the only way to feed the electrical systems downstream was to run a new feed to the electrical panel at a cost of 11,589.

- During demolition, the existing mop sink in the janitor closet cast in place with terrazzo disintegrated and the cost to replace with a prefab plastic unit was \$1241.
- With the removal of the mud floor, the contractor found that the existing floor drains no longer were adjustable due to excessive corrosion. As a part of the original bid a unit cost to replace these 4 drains was included. The cost to replace within the shower areas was \$2,290.
- Metal edge along trench drain was added at a cost of \$1,483.
- During demolition it was determined that it would be difficult to use the large format tile within the wet areas due to the amount of slope required to drain the wet areas. To resolve this, the architect authorized the tile to be cut to a 6 x 6 dimension which would better conform to the ups and downs in this area. The cutting of the tile would be done by the contractor at his shop at a cost of \$4,545.
- During wall inspection, the Village plumber requested that two check valves be installed between the domestic water system and the steam boilers. The cost for the valves installed is \$350.
- During the fire and emergency evacuation plan review, it was discovered that the existing strobe lights do not conform to today's brightness levels and ultimately will need to be replaced at a cost of \$850.
- During the installation of the plumbing system, the plumber was unable to turn the water back on to one of the sections because the existing 2 ½ inch valve broke and had to be replaced at a cost of \$1991.
- Change order #10 is the replacement of the mud setting base between the concrete slab and the tile surface within the showers and access areas to the showers. This area had extensive water damage and the mud setting base came up in spots during demolition. Staff has been working with Opcon and the flooring contractor to negotiate a price to replace this material. At this time, the price provided by the contractor is \$70,014. Given the magnitude of this extra cost and the inability to exactly quantify the time commitment involved, staff is looking to authorize this work to be completed on a time and material basis not to exceed \$70,000 and anticipates some savings will be had.

The total of the above change orders is \$126,149 less the \$50,000 Owner Allowance for a total of \$76,149 and represents the additional authorized funds needed to be added to the Opcon contract to cover the known change orders. In addition, staff is requesting authorization to compensate Opcon up to an additional \$21,605 from the budget contingency fund should it be necessary. Total authorization request for additional funds to Opcon is \$97,754.

As for impact on the completion of the project, all of the additional work except for the replacement of the mud sub base material has been completed within the original project time without impact to the final date. The mud base replacement with anticipated 10-15 duration is a different story. This necessary work is anticipated to push the completion of the project from the end of September to the middle of October.

Staff is currently reviewing the return on investment to accelerate this work on a premium time basis at a cost which now stands at \$4,500 per day. Should staff want to proceed with any action along these lines, the cost ramifications and request for approval will be brought to the Board for consideration at a later date.

In determining the impact on the overall budget due to change orders, one must also consider the additional fees due the architects and environmental engineers which is now estimated at \$11,401.

***Cost overview with the known changes***

Opcon's Original Contract	\$702,050	
A&E Original Fees	76,345

**RE: Prairie Stone Sports & Wellness Center Contractual Custodial Bid**  
**DATE: August 16, 2017**

---

**Background:**

PSS&WC custodial services include 2 full time employees and contractual custodial services that provide both day and night time porters and overnight cleaning. These services maintain our high level of customer service and cleanliness. Currently PSS&WC utilizes Perfect Cleaning Services, with their contract and services ending August 31, 2017.

**Implications:**

A one year bid with two one-year renewal options was solicited for this service; two organizations responded, these bids were opened and publicly read. The results are as follows:

<b>COMPANY</b>	<b>Monthly; Annual Base Bid, Year 1</b>
EcoClean Maintenance	<b>\$10,767; \$129,204</b>
Perfect Cleaning Solutions	<b>\$10,480; \$125,760</b>

The lowest qualified bidder was Perfect Cleaning Solutions at the annual amount of \$125,760.00. PSS&WC has been satisfied with the quality of work performed by the company over the last 3 years. Therefore, Perfect Cleaning Solutions was the selected vendor to meet and discuss options.

Upon meeting with the representatives from Perfect Cleaning Solutions, staff was able to reduce the proposed monthly/annual fee from \$10,480/\$125,760 to \$9,720/\$116,640. Staff was able to achieve this objective by negotiating a reduced the hourly fee from \$15.15/hr. to \$13.50/hr., while continuing to support the number of hours necessary to maintain the quality of cleaning from a contractual custodial standpoint. As part of the negotiated reduced fee, PSS&WC will be incurring the cost of the cleaning chemicals and the annual floor stripping/waxing initiative. Staff believes that the costs will be minimal for these two changes and will be able to be absorbed within the the 2017 and 2018 custodial cleaning supply budget.

Though the annual amount of \$116,640 is below our 2016 budget/actual of \$135,450 and this year's 2017 budget of \$125,448, the new monthly fee of \$9,720 will be \$933 above the allotted final proposed four month budget for 2017 of \$8,787 per month. This monthly expense will put the annual cost to this budget line item over by \$3,732. Staff believes this additional cost will be important to maintain current levels of service.

**Recommendation:**

Staff recommends entering into an annual contractual custodial services agreement not to exceed \$116,640 with Perfect Cleaning Solutions for the period September 1, 2017 thru August 31, 2018, with the option of two one year renewable terms. The price in the second year would not exceed \$116,640 and the price in the third year would not exceed \$116,640 pending Park District approval.

## HOFFMAN ESTATES PARK DISTRICT MEMORANDUM NO. 17-094

**To: A&F Committee**  
**From: Dean Bostrom, Executive Director**  
**Craig Talsma, Deputy Director/Director Admin & Finance**  
**Date: August 16, 2017**  
**Re: NWSRA Member District Annual Assessment**  
**Resolution No. R17-002**

---

### **Background**

The Northwest Special Recreation Association (NWSRA) that provides programming for handicapped individuals in our community has approved the 2018 Member District Annual Assessments (MDAA). These are computed using a formula approved by the NWSRA board (which Executive Director Bostrom is a member).

### **Implications**

The Actual Member District Annual Assessment for 2017 used the Equalized Assessed Valuation (EAV) numbers from each Member District's 2015 EAV's resulting in a 1.1% decrease in the MDAA from the previous fiscal year. The Preliminary 2018 MDAA calculations using them, 75% EAV and 25% Gross Population formula, show a 14.71% increase in Member District EAV's with the gross population increasing to 1.17%. Both of these increases resulted in preliminary calculations of an 11.3% MDAA increase over fiscal year 2017.

NWSRA's policy states that if the preliminary MDAA calculations drop or rise above or below 2%, the implementation of the 2% floor or the 2% ceiling goes into effect. The 2018 proposed MDAA preliminary calculations resulted in an 11.3% increase. Therefore, the 2% ceiling was used for the proposed 2018 MDAA calculations resulting in an increase of \$83,042.75.

### **Recommendation**

Staff recommends that the A&F Committee recommends that the board approve the NWSRA Assessment Resolution No. R17-002 ratifying the assessment for calendar year 2018 in the amount of \$303,525.29 as recommended by the Board of Trustees of NWSRA.

**2018 Assessment Resolution**

WHEREAS, the Hoffman Estates Park District is a member district in good standing with the Northwest Special Recreation Association, and,

WHEREAS, the Northwest Special Recreation Association represents a joint agreement program as authorized in the Park District Code, and,

WHEREAS, the Hoffman Estates Park District has the authority pursuant to Section 5.8 of the Park District Code, and,

WHEREAS, the Hoffman Estates Park District is committed to ensuring the continuation of quality leisure services for its residents both children and adults experiencing a disabling condition, and,

WHEREAS, the Hoffman Estates Park District wants to continue to support full community participation by residents with disabling conditions,

NOW, THEREFORE BE IT RESOLVED, THAT, the Hoffman Estates Park District does ratify the recommended Assessment for calendar year 2018 (FY 2017/2018) in the amount of \$303,525.29 as recommended by the Board of Trustees of NWSRA.

**RE:** Balanced Scorecard  
**DATE:** August 16, 2017

---

### **Background**

According to the definition from Wikipedia, “*the **Balanced Scorecard (BSC)** is a strategy performance management tool - a semi-standard structured report, supported by design methods and automation tools, that can be used by managers to keep track of the execution of activities by the staff within their control and to monitor the consequences arising from these actions*”

*The phrase 'Balanced scorecard' is commonly used in two broad forms:*

- 1. As individual scorecards that contain measures to manage performance, those scorecards may be operational or have a more strategic intent; and*
- 2. As a Strategic Management System, as originally defined by Kaplan & Norton.*

*Key components in utilizing the Balanced Scorecard methodology*

- its focus on the strategic agenda of the organization concerned*
- the selection of a small number of data items to monitor*
- a mix of financial and non-financial data items.”*

### **Implications**

The District continues to refine our Balanced Scorecard and have made certain adjustments to ensure that the measurement values that we utilize are relevant and functional. The goal is to provide a snapshot view of these key components at a specific point in time and to have an annual year to year comparison. This allows us to determine on a very broad spectrum the direction in which the District is moving.

These key components are not being analyzed on a valuation to current budgets or forecasts as much as to the same time period in previous years. Those types of evaluations are provided in the monthly Recreation Committee participation reports and the financial statements in the A&F Committee reports. The Balanced Scorecard comparison gives us a broad overview as to the direction the District is moving with regard to our overall mission, values and goals. The Balanced Scorecard has been updated to report quarterly numbers and compare these numbers to previous quarters. This is then done for the year to date (YTD) totals as well.

Provided below is a small note on comparatives that reflect a significant change:

Number of programs/sessions/participants:

Fewer sessions or programs are being offered in 2017 vs. 2016 with approx. 2% less overall participants, however, the number of participants per class is 1.3% higher in 2017 vs. 2016.

Facility Memberships:

The facility memberships were determined to be broken down by facility beginning in 2017 to provide additional comparison. This reduction in passes is primarily due to the loss of GE at PSSWC. The loss of this corporate account resulted in a loss of 435 memberships.

Daily Paid Facility Usage:

The 2017 YTD through June 30, 2017 is primarily lower due to Seascape daily fees. In 2016 that YTD 06/30/16 revenue was \$65,272 while YTD 06/30/17 revenue is reported at \$47,436, a reduction of \$17,836.

Number of Partnerships:

Beginning 2017 we did an extensive analysis of partnership agreements and also began including marquee, event and in-kind sponsors. If you only value partnerships and intergovernmental agreements, the 2016 value is 36 while the 2017 value is 32.

Increase in Digital Marketing:

Active Mobile App Users as of 6/30/17: 249 (The number went down in 2017 as we changed the metric. We were previously counting all installs on mobile devices, now we only track active users. We do not count anyone who previously installed the app but no longer use it.)

Social Media/FB Likes as of 6/30/17: 6,892 (This number is significantly higher than last year because it now includes ALL Facebook fans for all pages owned by HE Parks, including PSSWC and BPC.) Now that we have a mobile friendly website, the mobile app has become an unnecessary expense/tool, therefore, the mobile app will be phased out.

Grant Revenue:

In 2017, the TC Ice department received a grant/donation from a resident and the Jewel Foods in the amount of \$20,000.

Percentage of Assets to Liabilities:

This information is presented at the conclusion of the audit for the prior audited fiscal year. This information will always be 1 year behind in reporting.

**Recommendation**

Staff recommends the Board approve the Balanced Scorecard for the 2<sup>nd</sup> Quarter 2017.

## HOFFMAN ESTATES PARK DISTRICT MEMORANDUM NO 17-093

**TO:** A&F Committee  
**FROM:** Dean Bostrom, Executive Director  
Craig Talsma, Deputy Director/Director A&F  
**RE:** Division Report  
**DATE:** August 11, 2017

---

### **A. Finance/Administration**

- VSI RecTrac 3.1
  - Staff successfully purged 24,000 households that were either duplicate in nature or inactive greater than 7 years.
- Staff testing automatic billing creation during the pass sale functionality at the WRC location. Having the billing setup automatically will increase staff efficiencies on the back end.
- Superintendent of Business Cotshott received her CPRP certification.
- Conducted a Hoffman U on budgeting preparation for the 2018 Budget. Guidelines and timetables were developed to ensure a successful budget preparation including the review of all capital items and the implementation of the GIS system for budgeting purposes.
- Dep Dir Talsma attended a round table discussion with US Representative Peter Roskam that included many neighboring Park and Recreation Agencies. Federal funding for grants and other mandates were discussed.
- Reviewed legal requirements for Illinois Department of Human Services (IDHS) requiring additional training for District staff when teaching areas supported by DCFS funding for low income families.
- Met with Village Manager regarding potential for future fleet vehicles and options for collaboratively saving money by potential sharing future resources.
- Met with School District 54 staff to discuss possible future programming uses of the old Twinbrook Elementary School located in Parcel A, off Ash Road. SD54 is contemplating bringing the old building up to code which may allow future site usage for the Park District.
- Met with Schaumburg Park District to review potential time savings software application to streamline the CAPRA process for our reviews. The District will be purchasing the application to utilize during the process that we are starting that will cumulate in the review in 2018.
- Staff attended Party in the Park which had one of the largest turnouts in recent years.
- Begun preliminary discussions with Tollway, LLC and the Village regarding an extension for the usage of the I-90 billboard signs.

- Payroll Cycle Processing
