FORM OF PROPOSAL

Proposal of _______________________________________________, hereinafter called the "BIDDER", (a) / (an) ________________________________________, (Corporation, Partnership, individual) doing business as _________________________________, to Hoffman Estates Park District, hereinafter called the "OWNER."

* * *

The Bidder, in response to your advertisement for bids for Installation of Playground Equipment at Victoria, Colony and Seascape Parks; Concrete Work at Victoria, Colony, Seascape, Hassell Rd Maintenance, and Evergreen; Landscape Restoration Work at Victoria, Colony, Evergreen and Westbury having examined the Specifications and other Documents and being familiar with all of the conditions surrounding the proposed work (purchase/sale) including availability of materials and labor, hereby proposes to furnish all labor, materials and supplies and to construct the project in accordance with the Contract Documents, within the time set forth therein and at the prices stated below. These prices are to cover all expenses incurred in performing the work required under the Contract Documents of which this proposal is a part.

Bidder acknowledges receipt of the following Addenda, which are a part of the Contract

Document: Numbers: __________, __________, __________, __________.
SCOPE OF WORK & BIDDERS PROPOSAL

General

The Contractor shall provide:

1. Equipment and manpower shall be provided in suitable size and number to satisfy and complete the work according to site material conditions, schedule and weather.
2. Provide adequate staff to review the Contract Documents and request, in writing, any additional information required well in advance of the actual fabrication or installation. Coordinate and communicate installation information with all other trades where there is interface, connection or contact with a product or work being installed and/or supplied by others.
3. If this Contractor is determined to impede the progress of the project schedule, the work delaying such progress will be passed over in a normal course of business and this Contractor shall be responsible for installing the work under other means and paying for additional costs, remedial work or damages resulting from such action.
4. Provide markers indicating limits of work and clear identification of items and areas requiring protection. Provide barricades, warning signs, and warning lights at conditions where there is a danger of injury to persons, or materials falling into excavations, pits, or depressions in the surrounding grade. This contractor is solely responsible for determining the potential for injury to persons and damage to property. Where such potential is present, take appropriate protective measures. Protect persons from injury and protect existing and new improvements from damage caused directly or indirectly by construction operations.
5. The Trade Contractor shall be liable and responsible for payment of all OSHA fines and/or other penalties against their work for failure to comply with all such requirements. Trade Contractor shall also reimburse the Owner for all OSHA and other fines and/or penalties charged to the Owner due to Trade Contractor’s negligence.
6. Clean up shall be on a daily basis. This shall include sweeping and other housekeeping methods necessary to maintain the building, and removal of debris from streets, roads, and landscaped areas. All unused materials, packaging, debris, food-related items shall be placed in rubbish containers and daily removed from the site.
7. Submit the following information within five (5) days after bidding, when requested: a) average size crew anticipated; b) approximate number of man-days anticipated for each major function of work; c) delivery dates of major equipment or fixtures; and, e) references and financial qualifications. All shop drawings shall be submitted within twenty-one (21) days of the Contract date.
8. No extras shall be accepted on this project unless initiated by the Owner. Discrepancies, exclusions, clarifications regarding each contractor’s scope of work shall be addressed by contractor, in writing, and to the architect during the bidding process.

Installation of Playground

The specifications and drawings are to govern the extent of the Work required or reasonably incidental to this Bid package. The following list of Work items is to be included and considered complementary to the drawings and specifications:

Furnish all labor, tools, materials, and equipment required and necessary to complete the following:

1. Inventory Pre-engineered playground structure provided by the owner at the job site including parts inventory and condition. Any irregularities shall be immediately communicated to the owner upon acceptance of the material by the contractor prior to commencement of work. Should deficiencies be identified after acceptance of material by the contractor the owner will make assist in trying to resolve
the issue, however should the issue not be resolved by owner’s effort the contractor will be held responsible for resolving the issue at his own cost.

2. The playground area shall be graded to a depth minus one foot below finish grade. Any deviation from the manufactures design shall be communicated in writing to the owner.

3. The Contractor shall install the playground in accordance with the manufactures directions and or installation procedures.

4. The Contractor shall take all means to protect the playground against damage during construction from either his own crews or third parties.

5. The Contractor is responsible for any and all incidental material (i.e. nails, rivets, caulk, etc.) necessary to complete the project. The Contractor is encouraged to contact the manufacture to determine what items are and are not included as part of the pre-engineered Shelter package being provided. The Contractors bid price shall take into account all items necessary but not included.

6. Prior to final acceptance the contractor shall clean the structure and repair any blemishes caused by his work or damage caused by a third party.

7. The contractor is responsible for the protection of all park amenities (not limited to and including all concrete, site furnishings, vegetation other than turf, parking lot and drive asphalt, signage etc.) and shall be responsible for the repair should damage occur. Contractor will make every attempt to minimize damage to turf areas and provide grading to correct such damage caused by his work.

8. The contractor is responsible for the removal and proper disposal for all debris associated with the shipment and installation of playground equipment and fall surface.

9. Prior to final acceptance the owner shall schedule an inspection by the manufactures representative to identify any and all installation deficiencies. Such deficiencies shall be corrected by the contractor in timely manner. Should a deficiency be identified by the manufacture which is not the fault of the contractor the contractor shall be reimbursed for correction of said deficiency as an extra to the contract.

**Installation of Concrete**

1. The contractor is responsible for the setting of grades and stakes necessary to complete the installation of concrete work.

2. The contractor is responsible for excavation, removal and proper disposal of all existing concrete, asphalt, pavers, stone and earth within areas designated for new concrete.

3. The contractor is responsible for compaction of all subgrades, supply and installation and compaction of all stone base materials.

4. The Contractor is responsible for supply and setting of all staking materials necessary to pour concrete. All final grades must conform to The Americans with Disabilities (ADA) maximum slope requirements for walkways.

5. The Contractor is responsible for the supply placement and finishing of all concrete according to specifications.

6. The Contractor is responsible for the removal and proper disposal of all staking material.

7. The Contractor is responsible for the removal and proper disposal of all excess stone and concrete over pour. Contractor is responsible for the rough backfill with clean fill of all areas adjacent to the concrete pour.

**Turf Restoration**

1. The Contractor is responsible for all rough grading necessary to repair damage areas caused by construction activities.
2. The Contractor is responsible for the supply and placement of approved topsoil necessary to establish the turf seed bed.

3. The Contractor is responsible for all fine grading associated with the establishment of the seed bed, supply and place turf seed, supply and place all straw turf blanket.

**Allowance**

1. Provide a **$7,500** allowance in the Base Bid price for labor and material to perform on a T&M basis for modifications as directed by Owner. Unused portions shall be credited back to the Owner.

Bid Price shall be based on the following item pricing: final contract amount shall be determined based upon unit quantities approved and installed. Unit pricing provided below shall prevail for all ads and deducts unless otherwise noted on this bid form.

**VICTORIA SOUTH PLAYGROUND**

**Site Security**

**VSS -1**
Contractor to supply, maintain and remove security fencing consisting of 5ft x 6ft temporary chain link panels bolted together or continuous chain link fencing pounded steel posts with lockable access gate to provide a continuous barrier around the entire work area. *Include sand bags to keep panels upright in place if panels are provided.* And removal once work is completed 350 lin.ft

| TOTAL Cost of VSS-1 | $______________ |

**Demolition**

**VD-1**
Contractor to remove all existing playground equipment, footings identified as to be removed on plans and dispose of properly from the site.

| Cost of VD-1 | $______________ |

**VD-2**
Contractor to saw cut existing concrete (Approximately 20 lin. Ft. ) and remove all existing concrete and or asphalt identified as to be removed on plans and dispose of properly from the site. 1,334 Sq. Ft.

| Cost of VD-2 | $______________ |

**VD-3**
Contractor to remove all existing loose fill woodchip fall surface and fabric to a depth of 12” below existing concrete curb elevation and transport and stockpile same at various locations within the Hoffman Estates Park District according to specifications. (250 cu yds.) Note any contaminated Loose fill Materials (Soil or Stone contaminants) will be removed by the contractor and transported to the Park District dumpsite located west of Rohrssen Road.

| Cost of VD-3 | $______________ |

**VD-4**
Contractor to remove all existing under drain piping and dispose properly from the site according to specifications.

| Cost of VD-4 | $______________ |

**Total Cost of Demolition VD-1, VD-2, VD-3 & VD-4**

| $______________ |
Dry Block Retaining Wall  
VB-1  
Contractor to excavate including the haul away of all spoils, Supply and establish stone base, Supply and install Versa Lok retaining wall units and caps including drainage and backfill stone according to plans/details and specifications.

Cost of VB -1 Wall 140 face foot x $_______ per face foot = $__________

Concrete Work  
VC-1  
Contractor to provide, place/compact stone base in areas designated for new flat work, form, provide and set 6x6 #10 reinforcement wire, supply and place 5” thick minimum concrete walks and ramps with expansion and control joints according per plans and specifications.

Cost of VC-1 220 sq ft. x $_______ per sq. ft = $__________

Installation of Playground Equipment  
VI-1  
Contractor to install one playground for children age 2-5 years old and one playground for children 5-12 years old, one triple bay single post swing with all swing units, install two spring rockers, one spinner, remove and reinstall spring see saw(with new seat tops provided by owner.

Installation contractor will be responsible for the transport of all playground equipment to the job site from the owner’s maintenance yard located at 2352 Hassel Road in Hoffman Estates. For information about the playground equipment being installed (Playcraft) as part of this item call Zennon Company 847-548-1143 Spring riders (Burke) call Illinois Play 630-514-540 and Fitness Equipment Fitix call Play Illinois 630-514-5405. The material cost of the delivered playground equipment to the park district was Playcraft $45,742 & Burke $1,725.

VI-1 Cost to install Victoria Playground equipment $______________

Installation of Steel Traffic Bollards  
VI-2  
Contractor to install two steel traffic bollards in a 24” diam. X 42” deep concrete footing. The Owner will provide the steel bollards and Anchor bolts.

VI-2 Cost to install Victoria Traffic Bollard $______________

Total Cost of VICTORIA Playground & Bollard Installation VI-1 & VI-2 $________________

Installation of Drainage Pipe  
VDR-1  
Contractor to located existing underground outfall structure and extend this conduit using the following materials to provide drainage to proposed playground area

400 lin. Ft. 6” flat drainage pipe with fabric sock Cost per lin. ft.$_________ Total cost$ __________

Note: A source for 6” flat pipe is Erotex Inc. 866-437-6839

120 lin. Ft. 4” round drainage pipe with fabric sock Cost per lin. ft.$_______ Total cost$__________
13 Y connectors 13 total X $____ per connector = Total cost $__________

13 Round to flat connectors. 13 total X $____ per connector = Total cost $__________

1- 4” Round cap 1 total X $____ per cap = Total cost $__________

**Total Cost of VICTORIA Installation of Drainage Pipe VDR-1** $__________

**Wood Fiber Loose Fill Fall Surface and Filter Fabric**

**VFS**
Contractor to supply and place non-woven 32oz filter fabric on sub-grade area of playground. Supply place and compact no less than 12” of wood fiber fall surface to playground area. Contractor will have to provide fall surface testing documentation from an independent agency prior to placement of material.

Cost of VFS -1 750 sq yds. of fabric (cover area) at $____ per sq yard $__________

Cost of VFS -2 350 cu yds. at $____ per cu yard total price $__________

**Total Cost of VICTORIA Wood Fiber Loose Fill VFS-1 & VFS-2** $__________

**Landscape Restoration (Turf)**

**Item VL-1** Supply, place and fine grade topsoil to disturbed areas as per plans and specifications.

35 cu. yds. Topsoil X $__________ per cu yard = $__________

**VL-2** Supply and place starter fertilizer, seed and straw blanket (DS -75 STRAW BLANKET) to disturbed areas as per plans and specifications.

820 sq. yds. seed and blanket X $__________ per square yds. = $__________

**Total Cost of VICTORIA Landscape restoration VL-1 & VL-2** $__________

**TOTAL BID PRICE VICTORIA SOUTH PARK PLAYGROUND**

**SITE SECURITY, DEMOLITION, CONCRETE, PG & BOLLARD INSTALL, DRAINAGE, WOOD FALL SURFACE, LANDSCAPE RESTORATION (ALL YELLOW VICTORIA)** $__________

**COLONY PARK**

**Site Security**

**CP-SS-1**
Contractor to supply maintain and remove security fencing consisting of 5ft x 6ft temporary chain link panels bolted together to provide a continuous barrier around the entire work area. Include sand bags to keep panels upright an in place if panels are utilized. Approximately 210 lin.ft

Cost of CP-SS-1 $__________
**Demolition**

**CP-D-1**
Contractor to remove all existing playground designed for 2-5 year old and one sand digger, all associated footings, existing concrete ramp to be replaced (30 sq.ft.), and dispose of properly from the site.

Cost of CP-D-1 $____________

**CP-D-2**
Remove 28 sq ft of concrete

Cost of CP-D-2 $____________

**CP-D-3**
Contractor to remove all existing loose fill woodchip fall surface and fabric to a depth of 12” below existing concrete curb elevation and transport and stockpile same at various locations within the Hoffman Estates Park District according to specifications. Note any contaminated Loose fill Materials (Soil or Stone contaminants) will be removed by the contractor and transported to the Park District dumpsite located west of Rohrssen Road. (65 cu yds.)

Cost of CP-D-3 $____________

**Total Cost of COLONY PARK Demolition CPSS-1,CPD-1,CPD-2,CPD-3** $____________

**Concrete Work**

**COLONY PARK-CP-C-1**
Contractor to supply and compact stone base in areas designated for new flat work, form, provide and set 6x6 #10 reinforcement wire, supply and place and finish 5” thick minimum concrete ramp according per plans and specifications.

Cost of CP-C-1 35sq ft. x $________ per sq. ft = $____________

**Installation of Playground Equipment**

**CP-I-1**
Contractor to install one playground for children age 2-5 years and two sand diggers according to manufacture and industry standards and plans provided.

*Installation contractor will be responsible for the transport of all playground equipment to the job site from the owners maintenance yard located at 2352 Hassel Road in Hoffman Estates. For information about the playground equipment (Playcraft ) as part of this item call Zennon company.847-548-1143. The material cost of the delivered playground equipment to the park district was Playcraft $16,847.*

Cost of CP-I-1 $____________

**Installation of Drainage Pipe**

**CPDR-1**
Contractor to supply and install drainage pipe to repair existing drainage system that may become damage as a result of work associated with the removal and or replacement of playground equipment.

20 lin. Ft. 6” flat drainage pipe with fabric sock Cost per lin. ft.$________ Total cost$ ____________

*Note: A source for 6” flat pipe is Erotex Inc. 866-437-6839*
Wood Fiber Loose Fill Fall Surface and Filter Fabric
CP-FS-1&2
Contractor to supply and place non-woven 32oz filter fabric on sub-grade area of playground. Supply place and compact no less than 12” of wood fiber fall surface to playground area. Top off rest of playground area with 4” of new woodchip fiber material. Contractor will have to provide fall surface testing documentation from an independent agency prior to placement of material.

Cost of CP-FS-1  150 sq yds. of fabric (cover area) X $_____ per sq yard = $____________

Cost of CP-FS-2  200 cu yds. Wood Fiber Mulch at X $_____ per cu yard = $____________

Total Cost of COLONY PARK FALL SURFACE CP-FS-1 & CP-FS-2 $____________

Sand replacement
CP-S -1
Supply and install torpedo sand in sand digger area

Total Cost of CP-S-1  4 cu yd x $_______ per cu yrd. = Total cost $_________

Landscape restoration (Turf)

Item CP-L-1  Supply, place and fine grade topsoil to disturbed areas as per plans and specifications.

185 cu. yds. Topsoil X $___________per Cu yrd. = $____________

CP- L-2  Supply and place starter fertilizer, seed and straw blanket (DS -75 STRAW BLANKET) to disturbed areas as per plans and specifications.

300 sq. yds. seed and blanket X $________per square yds. = $___________

Total Cost of COLONY Landscape restoration CP-L-1 & CP-L -2 $_____________

TOTAL BID PRICE COLONY PARK PLAYGROUND SITE SECURITY, DEMOLITION, CONCRETE, PG INSTALL, DRAINAGE, WOOD FALL SURFACE & SAND REPLACEMENT, LANDSCAPE RESTORATION (ALL YELLOW CANTERBURY) $_______________
SEASCAPE FAMILY AQUATIC CENTER

Site Protection
SEA P -1
Contractor to supply /maintain and remove concrete deck protection material (Plywood) From parking lot to playground work area.

Cost of SEA-P-1 $________________

Demolition
SEA D-1
Contractor to remove all existing playground equipment, bench, water play features and all footings within existing sand area identified on drawing as to be removed. Saw cut existing rubber fall surface (27 sq. ft.) and remove underlying concrete at current edge of sand playground area and remove rubber and concrete from site. Saw cut (90 lin. Ft.) of existing pool deck to be removed. Remove existing concrete pool deck to be replaced (200 sq. ft.) and dispose of properly from the site.

Cost of SEA D-1 $________________

SEA D-2
Contractor to remove all existing sand to a depth of 12” below existing concrete curb elevation and transport to the Park District dumpsite located west of Rhorssen Road. (30 Cu. yrds.)

Cost of SEA D-2 $________________

SEA D-3
Contractor to remove all existing under drain piping and dispose properly from the site according to specifications.

Cost of SEA D-3 $________________

Total Cost of SEACAPE Demolition SEA-D-1, SEA-D-2, SEA-D3 COST OF $________________

Concrete Work
SEA C-1
Contractor to excavate, provide, place/compact stone base in areas designated for new flat work, form, provide and set 6x6 #10 reinforcement wire, supply and place 5” thick minimum concrete according per plans and specifications.

Cost of SEA-C-1 530 sq. ft. x $_______per sq. ft = $____________

Installation of Playground Equipment
SEA -I-1
Contractor to install Kompan playground equipment (Waterfall #M591P & Mermaid Fountain #M590P) and Playworld Systems Dinosaurs Diggables (Fossil Jam, Raptor Rock Head, Raptor Rock Tail) according to manufacture and industry standards and plans provided.

All playground equipment to be provided by owner.
Installation contractor will be responsible for the transport of all playground equipment to the job site from the owners maintenance yard located at 2352 Hassel Road in Hoffman Estates. For information about the playground equipment Kompan call Vibeke Larson (847-640-0904) and Diggables call Reese Recreation Products at 800-222-2268. The material cost of the delivered playground equipment to the park district was Kompan $17,330.50 & Diggables $2,152.

Cost of SEA-I-1 $________________
Installation of Drainage Pipe and water service lines
SEA-DRWS
Contractor to trench from playground to existing storm inlet and from playground equipment to existing water hose bib. Core a hole in existing conc. inlet for 4” pipe.

Supply & Install:
70 lin. Ft. 6” flat drainage pipe with fabric sock Cost per lin. ft.$_______ Total cost$ _____________
Note: A source for 6”/flat pipe is Erotex Inc. 866-437-6839

140 lin. Ft. 4” round drainage pipe with fabric sock Cost per lin. ft.$_______ Total cost$_________
Note: Contractor to patch 4” pipe into existing concrete-inlet

5 Y connectors
5 total X $____ per connector = Total cost $____________

5 round to flat connectors.
5 total X $____ per connector = Total cost $____________

Installation of Water Service Lines
Help to install 75 lin. Ft. 1” Polyethylene water pipe (Supplied by owner) Note all fittings, valves couplings and valve boxes to be provided by owner and installed by owner. All pipe to be backfilled utilizing existing sand from playground and all pipe to be backfilled by contractor.
Item lump sum cost= $____________

Sand Play Surface
SEA-SS
Contractor to supply and place non-woven 32oz filter fabric on sub-grade area of playground. Supply place and compact no less than 12” torpedo sandl.

Cost of SEA- SS-1 40 sq yds. of fabric (cover area) at $____ per sq yard = $____________

Cost of SEA-SS-2 20 cu yds. Sand at $_____ per cu yard = total price $____________

Total Cost of SEASCAPE SEA-SS-1 & SEA-SS-2 $____________

Rubber Fall Surface Installation
SEA-RFS-1
Supply and install poured in place rubber granular play surface with a minimum thickness of ¾” as per plans and specifications.

Total Cost of SEA-RFS-1 350 sq ft x $______ per sq ft = Total cost $____________
HASSELL ROAD MAINTENANCE FACILITY CONCRETE WORK

HAS-C-1
Contractor to saw cut and remove existing asphalt around inlets in Hassell Road Maintenance facility (northwest corner)(2352 Hassell road). Adjust inlet structures as necessary to reduce drop but still maintain positive drainage. Remove stone base to allow for 8” minimum of concrete replacement. Supply and install six (6) #5 rebars each way (total 12). Place concrete against remaining asphalt and stone base and finish to provide positive drainage. All in accordance with plans and specification Paving work 2017.

Total cost Hassell Maintenance inlet concrete 100sq ft. X $________ per sq. ft. = $________

TOTAL BID PRICE FOR CONCRETE WORK HASSELL MAINTENANCE CONCRETE WORK HAS-C-1 $____________________

EVERGREEN PARK CONCRETE AND LANDSCAPE WORK

EV-C-1
Contractor to saw cut and remove existing concrete and or asphalt and excavate where necessary in areas designated to be replace on plans for pathway improvements at Evergreen Park. All excavated and or removed materials shall dispose properly disposed from the site, Supply/place and compact stone base. Supply and 6X6 X 10 Gauge wire, supply and finish 5” thick concrete in accordance with plans and specification Paving work 2017 and Playgrounds 2017.

Total cost Evergreen Concrete work 800sq ft. X $________ per sq. ft. = $________

Landscape restoration (Turf)

EVL-1
Supply, place and fine grade topsoil to disturbed areas as per plans and specifications.

140 cu. yds. Topsoil at $________ = $________ total

EVL-2 Supply and place starter fertilizer, seed and straw blanket (DS-75 STRAW BLANKET) to disturbed areas as per plans and specifications.

2000 sq. yds. seed and blanket at rate of $________ per square yds. = $________ total.

Total Cost of EVERGREEN Landscape restoration EVL-1 & EVL-2 $________

TOTAL BID PRICE FOR CONCRETE WORK EVERGREEN PARK CONCRETE WORK AND LANDSCAPE EV-C-1, EVL-1, EVL-2 $____________________

SUSTAINABILITY STATEMENT

Introduction

The Hoffman Estates Park District is committed to green and sustainable practices and good environmental stewardship. Consequently, we are asking bidders to provide a Statement of Sustainability to ensure our bidders are also incorporating sustainability into their firm’s practices.

Instructions

Provide a clear description of your firm’s sustainable practices, policies or procedures to the below sections or attach a copy of your practice. These practices may include but are not limited to:

Waste Minimization within the office or facilities through recycling programs, double-sided copying, electronic internal communications, recycled content in materials, reusable cups, limited printing, electronic document management, green purchasing policies, green cleaning supplies or reduced packaging in materials procured or supplied.

Energy Efficiency within office, facilities or firm through lighting retrofits, photo sensor switches for lighting, use of day lighting, Energy Star rated appliance or equipment, alternative fuel or efficient fleet, anti-idling policy, or indoor temperature management.

Water Efficiency in office, facilities or firm through faucet or fixture retrofits, switch individual bottled water to office water coolers or drinking fountains, drought tolerant landscaping.
Staff are encouraged to be sustainable and supported by your firm through public transit benefits, bicycle accommodations, telecommuting options, support to attend green seminars, US Green Building Council LEED accredited or the creation of an internal green team. __________________________

____________________________________________________________________

________________________________________________________________________

Education of your staff about green practices, your business peers of your green accomplishments, your community of your sustainability, or any environmental awards your firm has achieved. __________________________

FAIR EMPLOYMENT PRACTICES AFFIDAVIT OF COMPLIANCE

I, ___________________________________________ (name of person making the affidavit), being duly sworn, deposes and says that he is the ______________________________ (title) of ____________________________, and that he has knowledge of the Hoffman Estates Park District ordinance relating to Fair Employment Practices, Equal Employment Opportunity, Prevailing Wages, Sexual Harassment Requirements, and knows and understands the contents thereof; that he certifies that ____________________________ (name of company) is an equal opportunity employer as defined by the Federal, State and Local regulations.

HOLD HARMLESS AGREEMENT

__________________________ (company name) agrees to indemnify, hold harmless and defend the Hoffman Estates Park District, its consultants for this Project, agents, servants and employees, ____________________________ (Construction Company), and its sub consultants, and each of them against and hold them harmless from any and all liability, loss, cost, damages and claims, cause of action, demands, rights, costs of loss of service expenses, compensation, and expense (including reasonable attorneys’ fees and court costs) which the undersigned now has or which may hereafter accrue, directly or indirectly, for or on account of any and all known and unknown, foreseen and unforeseen, resulting from, arising out of, or incurred by reason of claims, actions, or suits based upon or alleging bodily injury, including death, or property damages arising out of, or resulting from the Contractor’s operations under this Contract, whether such operations be by himself or by any subcontractor or by anyone directly or indirectly employed by either of them.
