HISTORICAL SIGNIFICANCE

1.1 HISTORY

Hoffman Estates Park District

The Hoffman Estates Park District, a separate governmental unit created solely for the purpose of providing parks and leisure services for the residents of this community, was organized in 1964 under the provision of the Park District Code of the State of Illinois as amended May 17, 1965. Illinois is one of the few states in which park and recreation services are allowed to operate independently from other municipal services. Funds used to operate the district are derived primarily from property taxes and user fees.

In 1974, just ten years after being established, the district consisted of twenty-five different sites totaling 188 acres of land. To insure that developers contribute to the parks and leisure services in the community, formal Open Space Standards and Guidelines were adopted by the Hoffman Estates Park Board on June 7, 1977 and subsequently revised on April 4, 1978. The policy required that all developers donate land or cash to support parks and leisure services for the benefit of the residents in the community. These standards were again revised in 1985, 1991, and 1999. In 1993, the Village of Hoffman Estates formally adopted the District's Open Space Standards and Guidelines adopted in 1991.

Purchased in 1969 from Ida Vogelei, Vogelei Park held the first district-owned administrative and maintenance headquarters. In the 1970's the Vogelei Barn housed the district's preschool program as well as hundreds of recreation programs, including the plays put on by the Theatre Northwest performers. When the administrative offices were moved in 1986 to the new Blackhawk Community Center, the upper floor was turned into a teen center and the lower floor rented out to the National Recreation and Park Association. The "Barn" was subsequently turned over the district's parks division for their sole use. In 2003, the Vogelei Barn was renovated with the lower level being converted to a teen center and the upper level as a community room available for various programs and community uses. The Vogelei House was renovated as well while maintaining the historical integrity of the house that was originally built in 1916.

Highpoint Park, a 43-acre site, is one of the largest parcels of land owned by the park district and was accepted from Hoffman Rosner Corporation in 1967. In 2015 Highpoint Park was renamed Joseph L. Fabbri Park after a founding Commissioner of the park district and its first volunteer Executive Director.

Willow Recreation Center, a community center built in 1981, contained racquetball courts and a health club; a gymnasium, whirlpool and sauna; as well as preschool and various multi-purpose rooms. The Center was renovated and expanded in 2002 to include a mini-gym, teen room, and expanded fitness center. To allow for the renovation, two of the five racquetball courts were removed as well as the whirlpool and sauna to allow for the expanded fitness center.

In 1986, the Blackhawk Community Center, another outstanding facility of the district, was constructed at the intersection of Higgins Road and Huntington Blvd. The 36,000 square foot building included preschool, arts and crafts, dance and meetings rooms; a gymnasium, complete exercise facilities, indoor running track, sauna and whirlpool and tanning beds. In

2004, through a partnership agreement with the Chicago Wolves, the facility was renovated and expanded to include two NHL-size ice surfaces, 8 changing rooms/locker rooms, 3 party/community rooms, a dance studio, an expanded fitness center, concession stand and a full service pro shop. The administrative offices were expanded and relocated into the newly expanded portion of the building, with the old administrative offices converted into a senior center and arts and crafts area. The name of the facility was changed to Community Center & Ice Arena. On December 11, 2010, a dedication ceremony was held in honor of Commissioner Scott Triphahn, whereby the Community Center & Ice Arena was renamed the Scott R. Triphahn Community Center & Ice Arena (Triphahn Center).

The park district acquired the Poplar Creek Country Club, an 18-hole championship golf course, in December 1989 after it was slated for commercial development. By 1992 the district had completed the construction of an award-winning clubhouse which featured banquet facilities with seating for 300 guests, a restaurant and bar, pro shop, locker rooms, meeting room and administrative office. Also constructed was a Golf Learning Center complete with a 55 station lighted driving range with artificial and grass tees, 3 target greens, practice sand trap and putting green. In 1995, the restaurant was converted into a banquet/meeting room to allow more dedicated space for community functions and events. In 2001 the Golf Learning Center was renovated to allow for target greens as well as a pitching and sand trap practice area. In 2010, the golf course underwent an extensive Enhancement Project and was renamed Bridges of Poplar Creek Country Club.

Adjacent to Bridges of Poplar Creek Country Club is the new Seascape Family Aquatic Center, which opened in June 1995. The 1,200-bather capacity, zero-depth edge pool boasts a water playground, diving board, lap lanes and tube, body flume and drop slides. The award-winning center also features sun turf areas, sand play area, sand volleyball courts, festival tent, concession area and bathhouse.

In September of 2000, the District opened the Prairie Stone Sports & Wellness Center located on property donated by Sears in Prairie Stone Corporate Park just west of Route 59 and south of Higgins Road. This state-of-the-art facility is a full-service health and fitness club covering 100,000 sq. ft. with a 25-yard lap pool, zero dept activity pool, 3 indoor tennis courts, climbing wall and gymnasium with 3 basketball/volleyball courts.

As of December 31, 2004 the district maintained 62 sites throughout the community encompassing 702 acres of land. This included 28 baseball/softball fields, 35 playground areas, 15 basketball standards, 17 outdoor tennis courts, 13 retention lakes, 13 soccer fields, 3 football fields and an outdoor running track. A teen center was operated at Vogeley Barn in conjunction with the Village of Hoffman Estates and Schaumburg Township. An additional 20 acres of village owned land was maintained by the District.

The district sponsored over 300 different recreation and leisure programs on a year round basis. Flyers were distributed through the schools and the district published quarterly brochures listing program schedules that are distributed to all residents within the district boundaries. A quarterly newsletter Park Perspectives was mailed to residents to highlight current and upcoming events.

As of June 1, 2010, the district maintained 77 sites throughout the community encompassing 828.71 acres of land. This includes 27 baseball/softball fields, 40 playground areas, 17 basketball standards, 17 outdoor tennis courts, 17 ponds, 18 soccer

fields, 3 football fields, 1 outdoor running track, 19 shelters, 3 splash pads, 9.98 miles of pathways and a cricket field. The Vogelei Teen Center continued to operate under a new partnership in conjunction with the Village of Hoffman Estates.

The district sponsored over 320 different recreation and leisure programs on a year round basis. Flyers were distributed through the schools' virtual backpacks online and the district published quarterly brochures listing program schedules that are distributed to all residents within the district boundaries. A bi-annual newsletter, Park Perspectives, was mailed to residents to highlight current and upcoming events. Both publications were also available online. Several social media outlets were utilized to promote programs, including Facebook, Twitter and email blasts.

1.2 NAME OF DISTRICT

The official name and address of this Park District shall be:

**HOFFMAN ESTATES PARK DISTRICT
1685 WEST HIGGINS ROAD
HOFFMAN ESTATES, ILLINOIS 60169**

1.3 STATUTORY AUTHORITY

The Hoffman Estates Park District was formed on May 2, 1964 after an election held on that date approved the organization of the park district by a vote of 663 in favor and 154 against. The final order was entered in the record on May 22, 1964.

A park district is a municipal corporation created for the purpose of providing recreation services and acquiring and maintaining parks, and is separate and distinct from the city, county or any other political body. It is an agency through which in part, the people of the state carry on government. It is not purely local in function, for the courts have held that the park property is held in trust for the use of the people of the state at large and not for the exclusive use of the people of the district. (Quinn v. Irving Park District, 207 Ill. App. 449).

A park district is purely a creation of the legislature, and has no inherent powers, but only such powers as have been granted it by the legislature, or as are necessarily implied to give effect to the powers specifically granted.

In 1947, the legislature enacted "The General Park District Code." This was the first step in codifying the laws pertaining to park districts which served a population of less than 500,000 and it incorporated all of the basic laws of the three different types of park districts which existed. This legislation is contained in Chapter 105 of the Illinois Revised Statutes.

Many of the legislative changes in the basic code are prepared by the "Illinois Association of Park Districts", and this park district is a member of that Association. Current revised copies of the Park District Code are available and the Code explains in detail the authority and responsibilities of an Illinois park district.

Park districts can neither add to nor subtract from their responsibilities, powers, and limitations as defined by State law.

Park districts are not subject to the authority of any governing unit other than the State, except in such special areas as the legislature may determine, including, for example, the Village's zoning authority.

Members of the park board are elected by the citizens of the local park district to represent and act for the State in performing the legal function of providing their district with the kind of park and recreational programs and facilities required or permitted by State law.

Park districts are corporate bodies, or "artificial persons," and may act officially only on duly authorized and legally held meetings of the Board of Park Commissioners.

Additional rounds of discussion from audience members should be left to the discretion of the president or Committee Chair. 4.1.17 MANNER OF VOTING

The president shall be empowered to call for questions pertaining to any and all properly presented and seconded motions. A voice vote may be used if deemed appropriate by the president. Robert's Rules of Order shall govern questions of procedure in all cases not herein provided.

4.1.19 MOTIONS, RESOLUTIONS, ORDINANCES AND RECORDS

The Board usually acts by way of a motion, resolution, or ordinance. Motions are an informal method of Board action made orally and noted on the minutes. A motion may be auxiliary to the more formal resolution or ordinance, as, for example, a motion that an ordinance be passed.

Resolutions and ordinances are submitted in writing, and there is no clear distinction between them. An ordinance usually enacts permanent regulations of a general character and generally imports a command or prohibition to all inhabitants of or to certain classes in the district.

Resolutions are actions that are temporary only, that grant a special privilege or express the opinion of the Board, such as expressing sympathy or requesting action by governmental units, etc. The Park District Code, in many instances, directs that an action must be carried out by ordinance, and in those cases such matters can be acted upon only by ordinance.

An ordinance can be repealed or amended only by another ordinance, not by resolution. The distinguishing feature of the ordinance is that it must contain the words: "Be it ordained by" The ordinance need not have a title.

The law provides that the Board shall have the power "to pass all necessary ordinances, rules and regulations for the proper management and conduct of the business of the Board and district and to establish by ordinance all needful rules and regulations for the government and protection of parks, greenways, open space, and other property under its jurisdiction and to effect the objects for which such districts are formed."

The secretary is charged with keeping an accurate and true record of all motions, resolutions and ordinances, as well as a summary of the discussion on any matter proposed, deliberated or decided and of any votes taken in an official minute book. All minutes will be considered "unofficial" until adopted by the Board at a subsequent meeting.

The official minute book of the Hoffman Estates Park District shall be open for public inspection by interested individuals during regular office hours, but it must not leave the park district office. Upon request, the secretary will provide copies of minutes or attachments thereto and may charge nominal fees in accordance with State law and Board policy.

The secretary shall be responsible for the taking and preparation of minutes of each meeting. Executive session minutes will be kept in a separate book and not made part of the official minute book of the district.

The Park Board of Commissioners shall meet at least twice each year to review the minutes of all prior executive sessions. This review may take place in executive session; the Board must determine whether the need for confidentiality still exists with regard to all or part of the minutes, or whether all or part of the minutes no longer require confidential treatment and therefore should be made available for public inspection.

4.1.22 REMOVAL OF NON-ELECTED OFFICERS OR EMPLOYEES

The Comprehensive Plan shall be updated a minimum of once every five (5) years and shall be published for public review.

5.02 NEEDS ASSESSMENT

In order to facilitate the involvement and input of citizens in the long range planning and decision-making process affecting the delivery of park, facility and recreation services, the Board shall conduct a comprehensive community-wide assessment a minimum of once every five (5) years. The results of the needs assessment shall be documented as part of the Park District Comprehensive Master Plan and shall be published for public review.

5.03 PARK MASTER PLAN

All land controlled by the District shall serve an intended purpose which provides public benefit. The type of use may vary from a highly developed parcel requiring intensive maintenance to one which is undeveloped and more passive in intended use. Prior to accepting land, committing to the development of a previously undeveloped park site, or redeveloping a park which significantly modifies its previous use and purpose, the Board shall approve a Park Master Plan that will govern its orderly development and will protect and preserve desirable qualities of the resource base.

The Park Master Plan shall consist of a schematic drawing which shows the spatial arrangements of various components of the plan, such as playground areas, ball fields, buildings, floral display areas, etc.

Prior to adopting a Park Master Plan, staff will hold a public meeting, if applicable, to gather input from the community and surrounding neighborhood. Using input gathered, staff will develop a preliminary draft with cost estimates to present to the Building & Grounds Committee or other appropriate committee. The recommendations of the Committee and staff shall be presented to the Board for final action.

5.04 PROCEDURE MANUAL

The Director is responsible for creating and updating, or causing to be created, a district-wide procedure manual. The procedure manual shall encompass all staff procedures required to operate the District according to Board approved policies.

- A. Parks may be named after streets, geographical locations, historical figures, events, concepts or as otherwise determined by the Board.
- B. Parks may be named for individuals or groups that have donated land or facilities to the District or made a significant financial contribution toward the development of parks.
- C. Parks may be named for individuals or groups that have made exceptional contributions to the community. Names of individuals, including, but not limited to, District Commissioners or other public officials, may not be given to a park, building, facility or athletic field unless the individual is deceased or if the Board determines that there are substantiated extenuating circumstances whereby the naming of the park, building, facility or athletic field prior while the individual is alive serves the best interests of the district.
 - 1) The Board at public meeting should first announce the proposed name of the park, building, facility or athletic fields (requires a 5/7 vote).
 - 2) A park site should only be confirmed and the name made official after a waiting period of at least sixty (60) days before the confirmation vote. However, when the substantiated extenuating circumstances clause noted in C above is invoked, the 60 day official waiting period may be waived at the discretion of the Board before the confirmation vote.
 - 3) A 5/7 vote by the Board is required to name a park, building, facility, or athletic field or to change the name of an undedicated park, building, facility or athletic field of the District.

5.06 SALE OF REAL ESTATE AND SALE/DISPOSAL OF EXCESS PROPERTY/EQUIPMENT

The staff may recommend the sale or liquidation of certain pieces of equipment or other personal property when such sale or liquidation is determined to be in the best interest of the District. For property with an initial or current fair market value of more than \$500, if the Board determines that the property is no longer necessary, useful to, or in the best interest of the District, the Board may adopt, by a three-fifths (3/5) vote, an ordinance authorizing the conveyance or sale of the personal property in any manner that the Board may designate with or without advertising the sale. For property with an initial and current fair

market value of \$500 or less, the conveyance or sale may be authorized by the Executive Director.

5.07 EASEMENT REQUESTS

Due to the number and size of park sites the District owns, it is not uncommon to receive requests for easements. The following policies shall govern the granting of easement requests:

- G. Governmental Bodies – Fees should be assessed unless the governmental body requesting the easement has a history of cooperation with the District, in which case the fees may be waived.
- H. The Building & Grounds Committee will initially review all requests along with staff. The recommendation of the Committee and staff will then be forwarded to the Board for final action. A security deposit or bond, proof of insurance in the amount required by the district's insurance carrier, naming the District as additional insured, and a written statement from the homeowner that all damages to park property will be fully paid by said owner will be required in addition to any fees assessed.
- I. Request for an easement (either temporary or permanent) when the District anticipates out-of-pocket expenses incurred shall require a board approved Reimbursement of Fees Agreement as a condition to proceed with the petitioner's request.

Philosophy

As community leaders we have the responsibility to create an awareness of the critical roles our parks play in protecting our environment, as well as their value as living laboratories for educating the citizens of our community, particularly our children.

Parks build a sense of community unification and social interaction; as such, adequate park lands need be accessible as amenities and common space for all community members, regardless of ethnicity, age, physical ability, or economic and social status.

Public policy must focus on promoting parks and outdoor recreation as lands that make communities more livable and desirable and serve as a driver of effective economic development strategies as they tend to attract businesses, tourists and the creative work force.

As an engaged agency we will advocate for adequate funding and support to protect our natural resources and establish innovative strategies for developing a new generation of environmental stewards.

We have a responsibility to develop sustainable practices in land and facility design, maintenance and management that serve as models for our community and residents.

We need to promote the reclamation, acquisition, protection and management of open space areas, including wetlands, creek corridors, natural habitat areas, ponds, greenways and trails.

We will strive to practice environmentally sound maintenance practices, minimizing energy use, recycling waste whenever possible and following integrated pest management guidelines that allow us to control pests and infestations with a minimum of disruption to the environment.

We will champion the cause to preserve, enhance and interpret the scenic and aesthetic resources that are a part of our Hoffman Estates environment.

Principles

The Hoffman Estates Park District will, to the greatest extent practical:

Open Space Planning and Preservation

Protect, restore / reclaim marginal park land to indigenous natural communities such as grasslands, woodlands and wetlands, and promote the reclamation, acquisition, preservation and management of other open space areas, including natural corridors, waterways, greenways and trails.

Determine and monitor the carrying capacity of our parks so that decision makers and the general public are knowledgeable of when there is a need for expansion or modification to existing park resources.

Environmental Education and Interpretation

Foster a community sense of stewardship of the environment and aesthetic appreciation of resources. Provide education and interpretation opportunities for staff, program participants and the general public which increases appreciation for the natural world and promote environmentally conscious lifestyles, emphasizing selective consumption and low-impact resource use.

This policy is enacted in compliance with the Illinois Freedom of Information Act, 5ILCS 140/1 *et. seq.* The district will respond to any FOIA requests filed in writing to the district within 5 business days after the request is received except those requests which seek records to be used for Commercial purposes, or if the time for response is properly extended per statute. The district shall respond to records to be used for Commercial purposes within 21 business days after receipt of request.

All requests to inspect, copy, or certify public records must be in writing directed to the Hoffman Estates Park District and submitted via personal delivery, mail, fax, or other means available to the district in accordance with Section 3(c) of the Act. The district will honor all requests lawfully submitted to the district whether or not they are submitted on district FOIA request forms. FOIA requests will be deemed received only upon actual receipt by the park district on a working day regardless of the date of transmittal. FOIA requests sent via email or fax or otherwise delivered after business hours will be deemed received the next business day. Supplemental, amended or additional requests to inspect, copy or certify public records will not relate back to the time of receipt of the initial request. Supplemental, amended or additional requests will be considered new requests for the purpose of determining all applicable time periods.

There will be no fee for the first 50 black and white copies; additional black and white copies are 15 cents each; color copies are 50 cents each; copy of Certified Records are \$1.00 each record.

The district shall extend the time for its response to a Recurrent Requester, provided that within 5 days of receipt of the request, the district notifies the requester that it is treating the request as a Recurrent Request and then within 21 days, releases the records, denies the request, or notifies the requester when the records will be provided. There is an exemption for news media and non-profit, academic, and scientific organizations.

A Recurrent Requester is someone who submits:

1. 50 or more requests in a 12 month period;
2. 15 requests in a 30-day period; or
3. 7 or more requests in a 7-day period

The district will charge a fee of \$10 per hour after the first 8 hours for personnel costs when responding to Commercial Requests. The review of Commercial Requests by the Public Access Counselor, except for the limited purpose of determining whether the public body properly classified the request as "Commercial", has been eliminated.

The district can deny a request, under the Personal Privacy or Draft Document exemptions, without the pre-approval or consent of the Public Access Counselor.

The district shall designate one or more officials or employees to act as its FOIA officers. If only one FOIA officer is designated, the district shall designate a designee who will act on the FOIA officer's behalf in the event that the FOIA office is unavailable. Any FOIA officer who is subsequently appointed shall complete the required electronic training curriculum within 30 days after assuming the position.

Representatives of the District, including commissioners, board members, and employees, are prohibited from engaging in electronic communication (including but not limited to e-mails, texts, tweets, blog postings, and/or posting on any social media site) during any public District meeting subject to the Open Meetings Act, including but not limited to board meetings and committee meetings. 5.19 IDENTITY PROTECTION POLICY

This policy is enacted in compliance with the Illinois Identity Protection Act, 5 ILCS 179/1 *et seq.* (the "Act"), which requires all local government agencies to approve an identity-protection policy.

In conformance with the provisions of said Act:

1. All employees who have access to social security numbers in the course performing their duties shall be required to attend training on the protection of confidentiality of social security numbers. The training will include instructions on the proper handling of information that contains social security numbers from the time of collection through the destruction of the information.
2. Only employees who are required to use or handle information or documents that contain social security numbers may access such information or documents.
3. Any request for social security numbers from individuals shall be done in a manner that allows the social security number to be easily redacted if a document is required to be released as part of a public records request.
4. Any request for social security numbers from individuals shall include a statement of the purpose or purposes for which the social security number is being collected and used.
5. Social Security numbers will only be collected or disclosed for documented purposes as defined with the Illinois Identity Protection Act, 5ILCS 179/1 *et. seq.*

Violation of the provisions of this policy by employees of the Park District shall be grounds for discipline up to and including dismissal.

5.20 Cellular Antenna (Tower)

Cellular antennas in today's society are widely accepted as necessary infrastructures required to support the use of cellular phones. With the need to locate cellular antennas in all areas requiring coverage, the number of cellular antennas located within the park district's boundaries is substantial.

Regarding the ultimate placement of cellular antennas, regulations require cellular antenna companies to place their cellular antennas on publicly owned property if available and approved within the required coverage area prior to soliciting private businesses or individuals to locate the cellular antennas.

When evaluating proposals to install cellular antennas on public property, public agencies cannot legally deny the cellular antenna proposal based on the cellular antennas being a health hazard.

The United States Federal Government through the FCC has very strict regulations which govern communication towers including wireless service facilities. As a local governmental agency, both the Hoffman Estates Park District and the Village of Hoffman Estates are governed by FCC regulations.

Specifically, under Section (C)-7-(B)-(IV): No State or local government or instrumentality thereof may regulate the placement, construction, and modification of personal wireless service facilities on the basis of the environmental effects of radio frequency emissions to the extent that such facilities comply with the Commission's regulations concerning such emissions.

Therefore, the park district cannot legally consider public testimony in the decision-making process based on the environmental effects of radio frequency emissions to the extent that such facilities (cellular towers) comply with the FCC regulations concerning such emissions.

District Philosophy regarding Cellular Antennas

The rent that is received from these ground leases provide an alternative source of funding for park district revenues and helps reduce the burden on the usage of tax dollars. However, the revenue generated from these ground leases should not compromise the district's mission of providing first class parks, facilities, programs and services through environmentally and fiscally responsible management practices. The district has determined that it is in the best interest to accept proposals to be evaluated for cellular antenna locations on park district property that comply with the district's minimum standards for placement of cellular antennas.

District Minimum Standards for Acceptance of Cellular Antenna Proposals

The maximum height of a cellular antenna on park district property shall be no greater than 100 feet. In parks where the elevation is lower than the neighboring streets, the antenna may be built to a height of 100 feet above the street level closest to the proposed site. Preference will be given to proposals that use existing structures, i.e., light standards or buildings, or that can camouflage the antenna, i.e., flagpole or tree design that blend into the existing park. Cellular antennas as opposed to smaller (repeater) antennas are defined as any free standing cellular antenna pole which extends 30 feet or more.

In parks where existing light structures may be utilized to camouflage the antenna, no more than 50% of the existing light structures shall house an antenna(s). Additionally, the maximum number of antennas in any park site will be four.

In parks where a flagpole design may be used, only one flagpole may be used per park.

Other multiple antenna proposals on a site will be evaluated based on criteria including the size of the park and the potential multiple locations impacting the usability of the park.

The visual aesthetics of both the proposed cellular antenna and building structure, as well as how the structures visually and functionally blend into the surrounding environment are critical factors in the overall evaluation process.

The district has determined preferred locations based on parcel size and proximity to residents. The proposed site must be on district property that has a minimum overall size of 3 acres and the location of the antenna may be no closer than 300 feet to the nearest residential property. Furthermore, the existing public recreation areas within the park cannot be compromised as a result of the placement

of the cellular antenna. For example, within Olmstead Park, the outfield areas of both baseball diamonds exceed the minimum 300 foot distance requirement from the closest residential property, however, placement of a cellular antenna in the outfield area would compromise the visual and functionality of the public recreation area.

- Proposals for ground leases shall not exceed 400 sq. feet and storage buildings shall meet all design specifications of the park district.
- Antenna arrays shall be flush mounted and shall not protrude more than 12” away from the pole.
- Noise levels cannot exceed that of a typical residential air conditioning unit.
- Antennas that can house multiple carriers are typically viewed more favorably to the district than proposals that will only house a single carrier.
- Landscaping and artificial buffers to visually screen the structures are typically required.
- Proposed installations must fully consider the safety of park users and fulfill all district required safety considerations.
- Standard length of lease is an initial five year lease with five additional five year terms. The district will evaluate length of leases on a case by case basis.

The amount of rent for the ground lease will be negotiated by the district and based on many factors, including the size of the lease and tower and location. In addition, the cellular provider shall be responsible for all additional related expenses required of the district, such as landscaping and artificial buffers. All additional expenses incurred by the district, including legal fees, shall be the responsibility of the cellular provider. The district reserves the right to evaluate proposals on a case by case basis to insure all park district standards and specifications, to be determined solely by the district, are fulfilled.

The district will also consider lease opportunities for smaller (repeater) antennas that require a smaller dedicated ground lease at a reduced rent. Repeater antennas are defined as antennas which are attached to an existing building or structure and extend greater than 10 feet in height above the existing building or structure. Locations to be considered for repeater antennas will be evaluated on a case by case basis and no parks are initially exempt from consideration.

Parks which provide for a 300 foot buffer from the closest residential property line, without compromising the programmed recreation areas within the park will be considered for cellular antennas on a case by case basis.

The district has prepared maps that detail acceptable locations. These maps are in a KZM file format on Google Earth and are available to any interested parties. Lease proposals shall be submitted to the Director of Finance & Administration and will be reviewed by staff to determine if they fall within the district’s Cellular Antenna Policy. After staff review, a preliminary site plan proposal will be submitted to the Buildings & Grounds Committee. The Administration & Finance Committee will review and evaluate the ground lease agreement. The recommendations of the B&G and A&F Committees will then be forwarded to the board for a final decision. Any requirements of the Village in regards to special use or other permits will be the sole responsibility of the company wishing to enter into the lease.

Section 5.20 Board Approved 10-26-10

5.21 SOCCER GOAL SAFETY

This Soccer Goal Safety and Education Policy (“Policy”) is adopted pursuant to the Illinois Movable Soccer Goal Safety Act, also known as Zach’s Law, 430 ILCS 145/1 *et seq.* (the “Act”). The Act requires the park District to create a policy to outline how it will specifically address the safety issues associated with movable soccer goals.

Prior to the commencement of the soccer season each year, the District will place and secure Movable Soccer Goals on its Property in accordance with the Safety Guidelines. Only the District shall be permitted to move any Movable Soccer Goal the District owns, installs, or places on its Property. Thereafter, if a Movable Soccer Goal becomes unanchored or improperly secured, only Authorized Personnel shall be permitted to re-secure it in accordance with the Safety Guidelines. A warning label such as the following shall be posted on all Movable Soccer Goals:

ONLY AUTHORIZED PERSONNEL MAY MOVE AND ANCHOR THIS GOAL. IF THIS GOAL IS NOT ANCHORED DOWN, DO NOT USE IT AND CONTACT THE HOFFMAN ESTATES PARK DISTRICT AT 847-885-7500. SERIOUS INJURY INCLUDING DEATH CAN OCCUR IF IT TIPS OVER.

The District shall routinely inspect all Movable Soccer Goals that the District has installed or placed onto its Property to verify that they are properly secured and document such inspection in writing.

Prior to any organized soccer game, the game referee shall inspect the soccer goals and the anchoring system to insure all are functioning properly and secured to the ground properly. This process is to be documented.

Prior to any organized soccer practice, the team coaches shall inspect the soccer goals and the anchoring system to insure all are functioning properly and secured to the ground properly. This process is to be documented.

If it is found that the soccer goals are not fastened properly to the ground, unless authorized personnel properly secure the goals, the planned soccer game or practice will not under any circumstance proceed at the location of the malfunctioning soccer goal, the soccer game or practice needs to be relocated to another location or canceled. The park district staff will be notified of the problem within four hours, so repairs can be implemented.

As a condition of the use of Property, before and after any Soccer-Related Activity, Permitted Users shall make a physical inspection of each Movable Soccer Goal to assure that the goal is secure in accordance with the Safety Guidelines. If any Movable Soccer Goal is not properly secured by Authorized Personnel in accordance with the Safety Guidelines, the Permitted User shall place the goal in a non-use position by laying it forward onto its front bars and crossbar and shall immediately notify the District of the location of the goal.

As a condition of the use of Property and prior to the commencement of the soccer season each year, each Organization shall advise their players and the players’ parents and guardians that Movable Soccer Goals may not be moved and that any use of a Movable Soccer Goal that is inconsistent with Soccer-Related Activity is strictly prohibited, including without limitation, playing, climbing, or hanging on any part of the Movable Soccer Goal. According to

the U.S. Consumer Product Safety Commission, these activities can result in serious injury, including death.

A copy of this Policy shall be provided to all Organizations using the Property for Soccer-Related Activity. Prior to using Property for Soccer-Related Activity, each Organization shall provide each of its Permitted Users with a copy of this Policy and shall require that each of its Permitted Users comply with all applicable provisions of this Policy.

At the conclusion of each soccer season, the District will either remove all Movable Soccer Goals that it has installed or otherwise placed on its Property and store such goals at a secure location or otherwise secure such goals on its Property by placing the goal frames face to face (front posts and crossbars facing toward each other) and securing them at each goalpost with a lock and chain; or locking and chaining the goals to a suitable fixed structure such as a permanent fence; or locking unused portable goals in a secure storage room after each use; or fully disassembling the goals for season storage.

After the effective date of this Policy, the District will not purchase any Movable Soccer Goal unless it is tip resistant. A Movable Soccer Goal whose inside measurements are 6.5 to 8 feet high and 18 to 24 feet wide is not tip-resistant unless it conforms to the American Society for Testing and Materials (ASTM) standard F2673-08 for tip-resistant Movable Soccer Goals or is otherwise equipped with another design-feature approved by the U.S. Consumer Product Safety Commission. Notwithstanding the foregoing provisions, the District may continue to use its existing goals in a manner consistent with this Policy.

If any provision of this Policy conflicts with any provision of the Act, the provisions of the Act shall prevail.

This Policy shall not create any new liability or increase any existing liability of the District, or any of its officers, employees, or agents, which exists under any other law, including but not limited to the Local Governmental and Governmental Employees Tort Immunity Act, 745 ILCS 10/1-101 *et seq.* Nor shall this Policy alter, diminish, restrict, cancel, or waive any defense or immunity of the District or any of its officers, employees, or agents, which exists under any other law, including but not limited to the Local Governmental and Governmental Employees Tort Immunity Act, 745 ILCS 10/1-101 *et seq.*

All District employees who have responsibility for or contact with Movable Soccer Goals shall be advised of this Policy.

A copy of the Policy is available to all other employees and any member of the public by requesting a copy from the Superintendent of Recreation at 847-885-7500.

5.23 CYBER SECURITY

The Computer Network Policy is to inform District users: employees, contractors and other authorized users of their obligatory requirements for protecting the technology and information assets of the District; and describes the technology and information assets that we must protect and identifies many of the threats to those assets.

It is the obligation of all users of the District's systems to protect the technology and information assets of the District. This information must be protected from unauthorized access, theft and destruction. The technology and information assets of the District are made up of the following components:

- Computer hardware, CPU, disc, Email, web, application servers, PC systems, application software, system software, etc.
- System Software including: operating systems, database management systems, and backup and restore software, communications protocols, and so forth.
- Application Software: used by the various divisions/departments within the District. This includes custom written software applications, and commercial off the shelf software packages.
- Communications Network hardware and software including: routers, routing tables, hubs, modems, multiplexers, switches, firewalls, private lines, and associated network management software and tools.

The Internet is a worldwide network of computers that contains millions of pages of information. Although our Cisco firewall limits our access, users are still cautioned that many of these pages include offensive, sexually explicit, and inappropriate material. In general, it is difficult to avoid at least some contact with this material while using the internet. Even innocuous search requests may lead to sites with highly offensive content. Additionally, having an e-mail address on the internet may lead to receipt of unsolicited e-mail containing offensive content. Users accessing the internet do so at their own risk and the Hoffman Estates Park District is not responsible for material viewed or downloaded by users from the Internet. To minimize these risks, your use of the Internet at the Hoffman Estates Park District is governed by the following policy:

Permitted Use of Internet and HEPD Computer Network

The computer network is the property of Hoffman Estates Park District (HEPD) and may only be used for legitimate business purposes. Internal "Users" (employees and contractors) are provided access to the computer network to assist them in the performance of their jobs. All Users have a responsibility to use HEPD's computer resources and the Internet in a professional, lawful and ethical

manner. Abuse of the computer network or the Internet, may result in disciplinary action, including possible termination, and civil and/or criminal liability.

Accessibility

Public users of the HEPD website may look at programs and events; however the registration software may only be accessed via the Internet by participants with a logon id and password.

Users of the system must have a valid logon id and password to access the system and an additional layer of credentials to access specific software.

- User accounts on District computer systems are to be used only for the business of the District and not to be used for personal activities.
- Users are personally responsible for protecting all confidential information used and/or stored on their accounts. This includes their logon IDs and passwords.
- Users are prohibited from making unauthorized copies of such confidential information and/or distributing it to unauthorized persons outside of the District.
- Users shall not purposely engage in activity with the intent to: harass other users; degrade the performance of the system; divert system resources to their own use; or gain access to District systems for which they do not have authorization.
- Users shall not attach unauthorized devices on their PCs or workstations, unless they have received specific authorization from the IT Manager and the employees' manager.
- Users shall not download unauthorized software from the Internet onto their PCs or workstations.

The Deputy Director/Director of A&F shall serve as the Chief Information Officer and the Information Technology Manager shall be designated as the Security Administrator for the District.

Threats to Security

Threats to security include employees, amateur hackers/vandals and criminal hackers/vandals. Security and credentials must be layered to compensate for all levels of threat. Users are required to report any weaknesses in the District computer security, any incidents of misuse or violation of this policy to the Security Administrator.

Computer Network Use Limitations

Prohibited Use. The Internet is a business tool for the District. It is to be used for business-related purposes such as: communicating via electronic mail with constituents, suppliers and business partners, providing assistance and obtaining useful business information. The District will provide Internet access to employees and contractors who are connected to the internal network and who has a business need for this access.

Without prior written permission from HEPD, the HEPD computer network may not be used to disseminate, view or store commercial or personal advertisements, solicitations, promotions, destructive code (e.g., viruses, self-replicating programs, etc.), political material, pornographic text or

images, or any other unauthorized materials. Employees may not use HEPD's Internet connection to download games or other entertainment software (including screen savers), or to play games over the Internet. Additionally, you may not use the computer network to display, store or send (by e-mail or any other any other form of electronic communication such as bulletin boards, chatrooms, Usenet groups, etc.) material that is fraudulent, harassing, embarrassing, sexually explicit, profane, obscene, intimidating, defamatory or otherwise inappropriate or unlawful. Furthermore, anyone receiving such materials should notify their supervisor immediately.

The Internet service may not be used for transmitting, retrieving or storing any communications of a discriminatory or harassing nature or which are derogatory to any individual or group, obscene or pornographic, or defamatory or threatening in nature for "chain letters" or any other purpose which is illegal or for personal gain.

Illegal Copying. Users may not illegally copy material protected under copyright law or make that material available to others for copying. You are responsible for complying with copyright law and applicable licenses that may apply to software, files, graphics, documents, messages, and other material you wish to download or copy. You may not agree to a license or download any material for which a registration fee is charged without first obtaining the express written permission of HEPD management.

Communication of Trade Secrets. Unless expressly authorized to do so, Users are prohibited from sending, transmitting, or otherwise distributing proprietary information, data, trade secrets or other confidential information belonging to HEPD. Unauthorized dissemination of such material may result in severe disciplinary action as well as substantial civil and criminal penalties under state and federal Economic Espionage laws.

Duty not to Waste or Damage Computer Resources

Accessing the Internet. To ensure security and avoid the spread of viruses, Users accessing the Internet through a computer attached to HEPD's network must do so through an approved Internet firewall or other security device. Bypassing HEPD's computer network security by accessing the Internet directly by modem or other means is strictly prohibited unless the computer you are using is not connected to HEPD's network.

Frivolous Use. Computer resources are not unlimited. Network bandwidth and storage capacity have finite limits, and all Users connected to the network have a responsibility to conserve these resources. As such, Users must not deliberately perform acts that waste computer resources or unfairly monopolize resources to the exclusion of others. These acts include, but are not limited to, sending mass mailings or chain letters, spending excessive amounts of time on the Internet, playing games, engaging in online chat groups, uploading or downloading large files, accessing streaming audio and/or video files, or otherwise creating unnecessary loads on network traffic associated with non-business-related uses of the Internet.

Virus detection. Files obtained from sources outside of HEPD's network, including USB drives or discs brought from home, files downloaded from the Internet, newsgroups, bulletin boards, or other online services; files attached to e-mail, and files provided by customers or vendors, may contain dangerous computer viruses that may damage HEPD's computer network. Users should never download files from the Internet, accept e-mail attachments from outsiders, or use USB drives/discs from non-HEPD sources, without first scanning the material with HEPD-

approved virus checking software. If you suspect that a virus has been introduced into the HEPD network, notify IT support immediately.

No Expectation of Privacy

Employees are given computers and Internet access to assist them in the performance of their jobs. Employees should have no expectation of privacy in anything they create, store, send or receive using HEPD's computer equipment. The computer network is the property of HEPD and may be used only for HEPD business purposes.

Waiver of privacy rights. User expressly waives any right of privacy in anything they create, store, send or receive using HEPD's computer equipment or Internet access. User consents to allow IT support personnel as well as manager/supervisor access to and review of all materials created, stored, sent or received by User through any HEPD network or Internet connection. Any data files that you transfer to your HEPD issued computer becomes the property of HEPD.

Monitoring of computer and Internet usage. The District has the right and capability to monitor electronic information created and/or communicated by persons using District computer systems and networks, including e-mail messages and usage of the Internet. HEPD has the right to monitor and log any and all aspects of its network/computer system including, but not limited to, monitoring Internet sites visited by Users, monitoring chat and newsgroups, monitoring file downloads, and all communications sent and received by users. It is not the District policy or intent to continuously monitor all computer usage by employees or other users of the District computer systems and network. However, users of the systems should be aware that the District may monitor usage, including, but not limited to, patterns of usage of the Internet (e.g. site accessed, on-line length, time of day access), and employees' electronic files and messages to the extent necessary to ensure that the Internet and other electronic communications are being used in compliance with the law and with District policy.

Blocking sites with inappropriate content.

HEPD has the right to utilize hardware & software that makes it possible to identify and block access to Internet sites containing sexually explicit or other material deemed inappropriate or unauthorized in the workplace. A fundamental component of our Network Computer Policy is controlling access to the critical information resources that require protection from unauthorized disclosure or modification. The fundamental meaning is that permissions are assigned to individuals or systems that are authorized to access specific resources. Access controls exist at various layers of the system, including the network. Access control is implemented by logon ID and password.

Security administrators will have full access to host systems, routers, hubs, and firewalls as required to fulfill the duties of their job. All system administrator passwords will be DELETED immediately after any administrator who has access to such passwords is terminated, fired, or otherwise leaves the employment of the District.

Security Breach

In the event of a suspected security breach, users will notify the Security Administrator or the Chief Information Officer who will investigate and make notification in conjunction with Illinois law 815ILCS 530/ of the Personal Information Protection Act.

VPN & Remote Access

General. In an effort to keep HEPD data secure, while also understanding that our changing culture requires work to be performed remotely, HEPD provides VPN & remote access to certain users and outside vendors with appropriate approval. This defines the standards for connecting to the Hoffman Estates Park District network from any remote host, untrusted host, and remote network. These standards are designed to minimize the potential exposure to the District from damages that may result from unauthorized access to HEPD's administrative network through a non-HEPD controlled network device, or medium. Damages include the loss of confidential or internal use data, intellectual property, damage to public image, or damage to critical HEPD computing network and information systems. Only authorized persons may remotely access the District network. Remote access is provided to those employees, contractors and business partners of the District that have a legitimate business need to exchange information, copy files or programs, or access computer applications. Users may not install personal software designed to provide remote control of the PC or workstation. This type of remote access bypasses the authorized highly secure methods of remote access and poses a threat to the security of the entire network.

Scope. This policy applies to:

- All users of HEPD
- All systems, networks, and facilities administered by HEPD IT Support
- All equipment used to connect to the HEPD network, including but not limited to photocopy machines, small portable USB hard drives, flash memory cards, handheld communication devices and privately owned devices not managed or maintained by HEPD.

Statement. All individuals using information technology devices connected to the HEPD network are required to manage the security of those devices in accordance with the HEPD information security policy and standards including, but not limited to, security standards for desktops, servers, authentication/passwords, data, and applications. All individuals accessing HEPD confidential or internal use data from a non-HEPD location, or transporting such data off-site on electronic devices, must be authorized to do so and must comply with all HEPD IT security standards.

Finance Director	Up to \$15,000
Executive Director	Up to \$25,000
Board of Commissioners	Above \$25,000

A division director may further limit a manager's authority, and the executive director may further limit a division director's authority.

Any unbudgeted expenditures also require the Director's approval.

All purchases for less than \$50.00 or with approval of the Director of Finance may be made by petty cash. All other purchases for any dollar amount require an approved purchase order.

Any purchase orders for construction within the District require that the authorized purchaser issue a hard copy of the purchase order to the vendor which includes the Prevailing Wage Act verbiage automatically printed on the purchase order.

All budgeted purchases over \$1,000 but less than \$5,000 require at least three (3) competitive quotes whenever possible. All purchases over \$5,000 but less than \$25,000 require three (3) competitive written quotes whenever possible or may still be bid if in the best interest of the District.

All quote information must be included as a comment on the purchase order and written quotes must be submitted to the business office.

Additionally in lieu of quotes or bids for purchases up to \$25,000, the District may utilize the official state issued bid program or may utilize District approved joint purchasing programs.

7.14 LEGAL BIDDING PROCEDURES

To acquire by gift, legacy, or purchase any personal property necessary for its corporate purposes provided that all contracts for supplies, materials or work involving an expenditure in excess of \$25,000 shall be let to the lowest responsible bidder, considering conformity with specifications, terms of delivery, quality, and service ability, after due advertisement, excepting contracts which by their nature are not adapted to award by competitive bidding, such as contracts for the services of individuals possessing a high degree of professional skill where the ability or fitness of the individual plays an important part, contracts for the printing of finance committee reports and departmental reports, contracts for the printing or engraving of bonds, tax warrants and other evidences of indebtedness, contracts for duplicating machines and supplies, contracts for goods or services procured from another governmental agency, purchases of equipment previously owned by some entity other than the district itself, and contracts for the purchase of magazines, books, periodicals, pamphlets and reports and exception where funds are expended in an emergency and such emergency expenditure is approved by $\frac{3}{4}$ of the members of the board.

All competitive bids for contracts involving an expenditure in excess of \$25,000 must be sealed by the bidder and must be opened by a member or employee of the park board at a public bid opening at which the contents of the bids must be announced. Each bidder must receive at least 3 days' notice of the time and place of the bid opening.

For purposes of this section, "due advertisement" includes, but is not limited to, at least one public notice at least 10 days before the bid date in a newspaper published in the district or, if no newspaper is published in the district, in a newspaper of general circulation in the area of the district.

Purchases of goods or services estimated to exceed \$25,000 in value, and not entitled to one of the aforementioned exceptions, shall follow these legal bidding procedures and/or requirements as provided by law; whichever are more restrictive:

1. A legal advertisement shall be placed in a local newspaper at least ten (10) days before opening, which will bring notice of the District's request for bids to those organizations best qualified to provide the needed goods or services.
2. Specifications shall be prepared and made available to all interested parties.
3. Copies of specifications should be sent to qualified sources outside the circulation area of the local newspaper; to ensure fair bidding and increase opportunities for lower bids.

4. Instructions to Bidders shall accompany each set of specifications issued, indicating all terms and conditions relative to the bid.
5. Instructions to Bidders for construction projects shall include all requirements including Business References, Bid Surety and Performance Bond, Insurance, Indemnification, Protection of District Property, Compliance with Labor Standards and Prevailing Wage Laws, Subcontract, Change Orders, Payment Procedures and Guarantees. The nature of construction projects necessitates more clearly defined conditions.

Following the issuance of Specifications and Instructions to Bidders, bids have to be received prior to the time and date specified for return. They will be opened publicly and contracts awarded in conformity with Section 5, of the Public Contracts provisions of the Criminal Code of Illinois 720 ILCS 5/33E-5.

7.15 NOTIFICATION TO BIDDERS

Following acceptance of a specific bid or bids by the Board, timely notification of the action shall be made in writing to all bidders.

7.16 RE-BIDDING

In the event all bids are rejected by the Board, the project may be re-bid following "Bidding Procedures", however, specifications shall be sufficiently altered to prevent the use of information obtained from the former bid process to unfair advantage in the re-bid process.

7.17 CONTRACTS

The District shall award and enter into contractual arrangements with vendors primarily for completion of construction projects. Procurement of goods and/or services for non-construction projects may require contracts if it is determined to be in the best interest of the District.

7.18 BID BONDS

The District may require as a bid surety a certified check or bid bond equal to ten percent (10%) of the contract as a proposal guarantee in conformity with Section 7.14-15, Legal Bidding Procedures. Such requirement shall be made on construction projects and other bidding procedures where it is determined to be in the best interest of the District.

Bid sureties shall be returned to the bidders within ten (10) days following the acceptance or rejection of bids by the Board. However, the bid surety of the successful bidder shall be returned only after receipt of an acceptable Performance and Payment Bond.

7.19 PERFORMANCE AND LABOR PAYMENT BONDS

The successful bidder shall furnish a Performance Bond in an amount equal to one hundred percent (100%) of the contract awarded and payment of all obligations thereunder. Bond form shall be A1A-311 or equivalent acceptable to the District. Failure to supply required bonds within ten (10) days after the bid acceptance, or within such extended

period as the District may grant, shall constitute a default, and the District may award the contract to the next responsible bidder or elect to re-advertise for bids. A defaulting bidder may be deemed liable for the difference between the bid originally accepted and that amount for which an award is subsequently executed.

All independent contractors must also successfully pass the state required criminal background check.

7.24 VOLUNTEER WORKER POLICY

Services and tasks, which are desirable and of benefit to the District may be performed, from time to time, by Homeowners Groups, Service Clubs, Scouts or other interested parties not in the employment of the District. In addition, volunteers may be required to execute a waiver of liability before performing any services or tasks for the District.

A notation shall be made on the ledger of the date, amount received and other specific details when such assets are sold or scrapped.

7.26 BUDGET PHILOSOPHY AND GUIDELINES

In the preparation of the annual fiscal budget, management will consciously work toward satisfying and fulfilling both the short-term and long-range objectives and goals formulated by management and approved by the Board.

Whenever feasible and practical, the budget process shall be decentralized in which front-line managers will formulate the preliminary drafts of their department budgets. It is solely at the Board's discretion to hire, retain, or dismiss a particular firm. Except as otherwise provided by law, it is also the Board's prerogative to determine the scope of the examination.

Currently the scope of an audit includes:

The examination will be directed toward an expression of an opinion on the District's combined financial statements, however, it is not designated nor can be relied upon to disclose defalcations or similar irregularities should any exist. The firm will notify the Board, however, if any such matters are disclosed or come to the firm's attention during the examination.

The firm will prepare the District's annual financial report for Cook County Controller and any single audit acts as required for state or federal compliance.

At the District's request, the firm will render advice or recommendations on accounting and other matters.

The firm will furnish the Board and management with a "Management Letter", reporting on specific deficiencies found in the organization's internal control system.

Special Audits can be conducted at the request of the Board.

7.29 BOND RATING

The Park District shall not maintain a bond rating on an annual basis. The decision of whether or not a bond rating shall be secured will be made by the Park Board on a case-by-case basis for each separate bond issue approved by the Park Board.

The Director of Finance shall prepare and answer any such interviews for the bond rating agencies to maintain the District's bond rating.

7.30 ECONOMIES OF RESOURCES

The Park District is dedicated to using all available resources to the best advantage of its residents and taxpayers. Methods to economize those resources will include participating in local, state and national joint purchasing; strict adherence to established purchasing policies, and competitive bidding.

Additionally, within 30 days the District must publish notice of the wage determination in a newspaper of general circulation and file the certificate of publication with the Secretary of State.

Section 7 Board Approved July 2010

FUND BALANCE RESERVE

The Fund Balance Reserve Policy is to ensure compliance with the Governmental Accounting Standards Board (GASB), which governs financial reporting requirements for our municipality. This new standard (GASB 54) requires that the District establish a fund reserve policy which specifically outlines the reasons why and specific uses thereof that the district has accumulated and has reserve balances in our funds. The new policy still specifies the delineation of reserved funds, those balances legally restricted to a specific use or unavailable for appropriation and the unreserved funds, those available for future uses. Under GASB 54 fund balances must now be broken down into five more specific and stringent components:

- Non-spendable
- Restricted
- Committed
- Assigned
- Unassigned

The first two “reserved” categories are fairly straight forward and based on the nature of the underlying asset that comprises that amount of the fund balance. Non-spendable items are those amounts that are assets to the district but cannot be spent: capital assets, inventories, prepaid assets, short term receivables, are all assets where there is not an underlying cash amount available and therefore will be categorized as Non-spendable. The next three components determine the district’s plan for establishing, maintaining and utilizing the “unreserved” portion of the fund balances.

Committed fund balances are a formal measure at the highest level by policy, ordinance, or resolution establishing an amount of funds to be used for a particular purpose for the district.

Assigned fund balances are those amounts where a specific intent has been established for utilizing the funds. It does not require an actual formal action. Most funds that are not designated one of the more restricted levels for a given governmental fund will usually be classified here as assigned for the specific purpose of that fund. Deficit budgeting to utilize cash on hand is an assignment of funds and would be reported in this category.

Unassigned fund balances would be the remainder of the fund balance either positive or negative for any given fund.

In order for the district to establish the appropriate levels for its unreserved classifications the district must establish the policy to include the amount of unrestricted funds the district feels it needs for contingencies and emergencies including disruptions in revenue streams, especially availability and timing of tax receipts as well as reliance on potentially unstable economic conditions that may disrupt available funding. There could be completely detrimental events such as the loss of a major tax payer, success of major tax appeals or potential decreases in taxing areas due to economic development plans. All of these things can have an immediate and severe impact on the district and there must be adequate reserves to enable the district to meet all of its short term needs while plans are formulated to make adjustments and create long term solutions.

Utilizing the General Fund as an example and since it now includes the operations of the paving and lighting fund, audit fund, and insurance fund, staff would recommend a 40% reserve. This would produce an optimal fund balance as of 12/31/2010 of approximately \$1.5 million. This amount also is approximately 2/3 of our annual levy for this fund. This is well within the guidelines for non-tax objectionable reserves. Then on an annual basis, up to 20% of this amount could be assigned for General Fund projects leaving 32% (or approximately 1/3 or four months coverage) of annual operating expenditures at any one time assigned for the optimal fund balance. After any utilization it would then be replenished until it could be utilized again.

General Fund	40% Reserve
All other funds	25% Reserve

7.33 NON-BUDGETED EMERGENCY PURCHASE PROCEDURE POLICY

In certain situations transfers between line items in the budget may be necessary to cover the cost of unanticipated or emergency purchases. This may also include the need to make additional purchases or expenditures due to a related increase in revenues over anticipated amounts. Emergency purchases (non-budgeted) up to \$25,000 require the Executive Director's approval. These purchase will be appropriately categorized in an unbudgeted account to then follow the below process to amend the budget to reallocate funds to cover such purchases. Emergency purchases over \$25,000 are addressed in the Purchasing Policy and require Board approval by a $\frac{3}{4}$ vote. If the purchase must be made prior to a Board meeting then this vote may be taken by the Executive Direct by phone or electronically and then ratified at the next regular Board meeting.

The Board may from time to time make transfers between the various items in any fund in such appropriation ordinance not exceeding in the aggregate 10% of the total amount appropriated in such fund by such ordinance, and may amend such budget and appropriation ordinance from time to time by the same procedure as is herein provided for the original adoption of a budget and appropriation ordinance; provided that nothing in this Section shall be construed to permit transfers between funds required by law to be kept separate. However, during any fiscal year, the governing body of any Park District may adopt a supplemental appropriation ordinance subsequent to the adoption of the annual appropriation ordinance for that fiscal year in an amount not to exceed the aggregate of any additional revenue available to the Park District or estimated to be received by the Park District. The provisions of this Section regarding publication, notice, and public hearing shall not apply to the supplemental ordinance or to the budget document forming the basis of the ordinance.

After the first 6 months of any fiscal year have elapsed the board may by two-thirds vote transfer from any appropriation item its anticipated unexpended funds to any other item of appropriation, theretofore made, and the item to which said transfer is made may be increased to the extent of the amount so transferred.

Board approved 9/2016

7.34 REIMBURSEMENT OF TRAVEL, MEAL AND LODGING EXPENSES POLICY

A. Purpose.

The Hoffman Estates Park District ("Park District") will reimburse employee and officer travel, meal, and lodging expenses incurred in connection with pre-approved travel, meal, and lodging expenses incurred on behalf of the Park District. Employees and officers are expected to exercise the same care in incurring expenses for official business as a prudent person would in spending personal funds.

B. Definitions.

"Entertainment" includes, but is not limited to, shows, amusements, theaters, circuses, sporting events, or any other place of public or private entertainment or amusement, unless ancillary to the purpose of the program or event.

"Travel" means any expenditure directly incident to official travel by employees and officers of the Park District involving reimbursement to travelers or direct payment to private agencies providing transportation or related services.

C. Authorized Types of Official Business.

Travel, meal and lodging expenses will be reimbursed for employees and officers of the Park District only for purposes of official business conducted on behalf of the Park District. These include but are not limited to off-site or out-of-town meetings related to official business and pre-approved seminars, conferences and other educational events related to the employee's or officer's official duties. If you are unsure whether an expense is reimbursable, please contact the HR Manager.

D. Categories of Expenses.

Airfare – Travelers are expected to obtain the lowest available airfare that reasonably meets business travel needs. Travelers are encouraged to book flights at least 30 days in advance to avoid premium airfare pricing. Only coach or economy tickets will be paid or reimbursed. The traveler will pay for the difference between higher priced tickets and coach or economy tickets with his or her personal funds.

Personal Automobiles – Mileage reimbursement will be based on mileage from the work location office to the off-site location of the official business, not from the employee's or officer's residence. When attending a training event or other off-site official business directly from an employee's or officer's residence, no reimbursement will be made if the distance is less than the mileage of a normal commute to the workplace. If the distance is higher than the employee's or officer's normal commute, reimbursement will be paid based on the differential of the commute less the mileage of a normal commute to the workplace. An employee or officer will be reimbursed at the prevailing IRS mileage rate. The traveler will only be reimbursed up to the price of a coach airfare ticket if they drive to a location for which airfare would have been less expensive.

Automobile Rentals – Travelers will be reimbursed for the cost of renting an automobile including gasoline expense only as provided in this section. Travelers using rental cars to conduct official business are required to purchase insurance through the rental agency. Car rental insurance will cover the vehicle during personal use, e.g., using the vehicle after the conference has ended. Compact or mid-size cars are required for two or fewer employees or officers traveling together and

a full– size vehicle may be used for three or more travelers. The traveler must refuel the vehicle before returning it to the rental company.

Public Transportation – In the case of local training or official business where an employee or officer chooses to use public transportation, reimbursement for use of public transportation is based on mileage from the agency office to the training site (not from the traveler’s residence), regardless of the transportation method chosen. When attending training or business directly from an employee’s or officer’s residence, no reimbursement will be made if the distance is less than the mileage of a normal commute to the workplace. If the distance is higher than the traveler’s normal commute, reimbursement will be paid at the differential of the commute less the mileage of a normal commute to the workplace.

Other Transportation – The traveler should utilize hotel shuttle service or other shuttle services, if available. If none are offered, the use of the most economic transportation is encouraged.

Hotel/Motel Accommodations – The traveler will be reimbursed for a standard single-room at locations convenient to the business activity. In the event of a change in plans or a cancellation, the traveler must cancel the hotel/motel reservation so as not to incur cancellation charges. Cancellation charges will not be reimbursed by the Park District unless approved by a vote of the Hoffman Estates Park District Board of Commissioners.

Meals - Meal reimbursement is limited to the current U.S. General Services Administration (GSA) regulations in place at the time the expense is occurred.

Prior approval by the Hoffman Estates Park District Board of Commissioners and submission of receipts are required for per diem allowances. Meals provided by the conference or seminar should be deducted from the per diem allowance. Partial reimbursement may be made for departure and return days based on time. Meals during in-state travel that is not an overnight stay will be reimbursed for actual cost not to exceed the GSA regulations.

Vacation in Conjunction with Business Travel – In cases where vacation time is added to a business trip, any cost variance in airfare, car rental, lodging and/or any other expenses must be clearly identified on the Travel, Meal, and Lodging Expense Report form and paid by the traveler.

Accompanied Travel – When a traveler is accompanied by others not on official business, any lodging, transportation, meals or other expenses above those incurred for the authorized traveler will not be reimbursed by the Park District.

Parking – Parking fees at a hotel/motel, conference center, or other site will be reimbursed only with a receipt.

Entertainment Expenses - No employee or officer of the Park District shall be reimbursed for any entertainment expense, unless ancillary to the purpose of the program, event or other official business.

E. Approval of Expenses.

Expenses for Members of the Board of Commissioners. Travel, meal, and lodging expenses incurred by any member of the Board of Commissioners must be approved by roll call vote at an open meeting of the Board.

Expenses for Officials or Employees Other than Members of the Board of Commissioners. Travel, meal, and lodging expenses incurred by any official or employee not covered by paragraph 1 (member of the Board) in excess of standard GSA/IRS rates must be previously approved in an open meeting by a majority roll-call vote of the Board of Commissioners.

Advanced Expenses. Travel, meal, and lodging expenses advanced as a per diem to any employee or official of the Park District must be approved by roll call vote at an open meeting of the Board of Commissioners prior to payment. Documentation of expenses must be provided in accordance with Sections C, D and F of this policy, and any excess from the per diem must be repaid.

Other Expenses. All other expenses that do not fall within paragraphs E.1, E.2, or E.3 are subject to approval by the Business Department.

F. Documentation of Expenses.

Before an expense for travel, meals, or lodging may be approved under Section E of this Policy, the following minimum documentation must first be submitted, in writing, to the Business Department Travel, Meal, and Lodging Expense Report form:

an estimate of the cost of travel, meals, or lodging if expenses have not been incurred or a receipt for the travel, meals, or lodging if expenses have already been incurred;

the name of the individual who received or is requesting the travel, meal, or lodging expense reimbursement;

the job title or office of the individual who received or is requesting the travel, meal, or lodging expense reimbursement; and

8.0 REVENUE POLICY

8.1 STATEMENT OF PHILOSOPHY

The mission of the District is to enable our residents and guests to enjoy quality parks, facilities, recreation programs and leisure services. The basic recreation and leisure service philosophy is to offer year-round, diversified programs and experiences ensuring all individuals equal opportunity and participation. To do so it is necessary to supplement the tax dollars the District receives through a system of fees and charges. This policy establishes a method of setting program, membership and facility use fees. This policy does not cover contractual agreements such as easements, leases, co-sponsored organizations, etc.).

8.2 PRICING STRATEGIES

The following pricing strategies are used when computing fees and charges for the District:

A. Basic Services (Tax Supported)

Public funds are used to provide basic parks and recreation services at no charge. These include the acquisition, planning, and development of lands, improvement to property, administration, and maintenance operations as well as other basic services for the public at large. There is no charge to the public for basic services.

B. Partial Costs

Public funds are used to partially subsidize community wide events, programs for age groups difficult to serve and certain programs or services when the program or service cannot be self-supporting yet it is in the District's best interest to offer it.

C. All Costs (Direct and Indirect Costs)

When activities and services are provided for the exclusive benefit of only those individuals who choose to participate, fees charged should cover all costs associated with providing the activity or service. This pricing strategy seeks to recover not only the direct costs, which include instructor wages and benefits, supplies, rental of outside facilities, transportation rental and trip tickets, but also the indirect costs associated with providing programs, parks, facilities and services. These indirect costs include: administration, maintenance, and other costs associated with owning and operating motor vehicles, equipment and facilities including utilities, custodial, supervisory and general staff expense. In implementing this strategy, direct costs are first calculated. Then an additional percentage to cover indirect costs is added to the fee. This additional percentage is an average based on calculating the indirect costs outlined above.

D. Revenue-Producing Activities

Certain activities and services such as concessions and revenue facilities are operated to generate revenue in excess of all costs. These activities and services are provided for the exclusive benefit of those individuals who participate in the activities and/or services provided. This revenue is used to subsidize other areas of District operations. Pricing is based on the percentage of net the District expects and the value of the service in the marketplace.

8.3 FEE STRUCTURES

The District's operations are assigned one of the following fee categories:

A. Basic Services

- park use
- use of playgrounds, paths, fishing lakes
- outdoor ice skating
- affiliate group meetings
- park use (which requires no direct expenses)
- Intergovernmental Agreements
- Splash pads

B. Partial Costs

- community wide special events
- senior programs
- teen programs
- skate parks
- co-sponsored activities
- new programs
- park use
- concessions

C. All Costs:

- general programs
- contractual programs
- Seascape fees
- athletic leagues
- community signs
- room rentals
- new programs
- athletic field use
- facility rentals
- memberships
- park use
- off leash parks

D. Revenue Producing

- Bridges of Poplar Creek Country Club operations
- Prairie Stone Sports & Wellness Center operations
- Ice Arena operations

E. Special Services

- Provide direct benefits to limited groups of users, and may provide some indirect benefits to the district and the general public.
- Significant identifiable costs are incurred to provide the direct benefits to the users.

F. Market Conditions

- Full cost recovery may not be feasible if the resulting price unduly diminishes user interest in the service or facility. This condition may, however, suggest the need to re-analyze demand for the service or facility.

G. Administrative Services

- Making copies of documents, blueprints and aerial photographs for individuals, contractors and other organizations should be funded through fees and charges designed to recover the cost of labor, overhead and materials necessary to provide the service. When copies are requested through the Illinois Freedom of Information Act, fees may be charged which are calculated to reasonably reimburse for actual costs of reproduction. These fees however, cannot include any of the cost of searching for the requested records. Documents shall be furnished without charge or at a reduced fee when the waiver or reduction of fees "is in the public interest" or as defined by the Illinois Freedom of Information Act.

H. Government Services

- Fees may be waived or bartered for governmental entities which provide reciprocating services.

Non-resident fees are established based on the District's need to supplement program and facility use.

D. Financial Hardship

Assistance in the form of a complete or partial fee waiver shall be provided to District residents who show financial need as documented in the confidential Grant-In-Aid application. Each family will be assigned a percentage of assistance: 25%, 50%, 75% or 100%. The maximum amount of financial assistance that the Park District will subsidize per year is \$1,500 per family regardless of size. If sufficient funding is available, no restrictions shall be placed on the type of program and will be evaluated on an individual basis. Additional financial assistance programs may be

established from time to time to address pressing societal/community needs due to any one of a number of factors, i.e., unemployment.

In the event sufficient outside funding is not secured to meet the demand for financial assistance, the Park District will provide funding required for financial assistance based on the following guidelines: Fee waivers may be limited to general recreation programs. Trips, memberships other than Seascope Family Aquatic Center, and contractual programs may be determined ineligible.

E. Not for Profit Organizations

Discount rates for Not for Profit Organizations, such as churches, girl scouts, or civic groups, may be established which are equal to or less than resident rates. Discount rates may vary on a facility-by-facility basis.

F. Proprietary or Commercial Groups

Businesses owners located within the district boundaries that pay taxes to help support district operations are considered to be district residents.

Active members of the United States Armed Forces (Army, Navy, Air Force, Marines, Coast Guard), and their immediate household family members, are eligible for a 20% discount on program registrations and memberships. Proof of active service / leave authorization form must be provided at the time of registration.

8.5 **SATISFACTION GUARANTEE**

The satisfaction guarantee is based on keeping the District's promise to provide quality parks, recreation programs and leisure services. If participants are not satisfied with the recreational program, event or activity the District provides due to:

- the quality of instruction,
- the child's inability to adapt emotionally to the class,
- or the skill level is not appropriate for the participant

The district will arrange for participants to:

- repeat the class at no charge,
- receive full credit that can be applied to any other program,
- or receive a refund

Satisfaction guarantee requests can be made in person, by calling, writing, or emailing the district. Memberships and league fees are pro-rated.

- A processing fee will be charged for all refund requests.

- No refunds are offered after the first class unless the request falls within the Satisfaction Guarantee Policy as redefined or there is a medical reason with a doctor's note.

The Director is hereby authorized to issue such emergency permits for the period of any calendar year.

9.5.9 WORK PERMIT FEES.

No work shall be granted unless the applicant shall have paid at the time for filing an application for a work permit the required permit fee in an amount in accord with the schedule set by the Director.

9.5.10 WAIVER OF PERMIT FEES.

No fee shall be charged to any municipality or aquarium or museum located within a park which offers reciprocity in the waiving of permit fees.

9.6 PATRON PROPERTY.

9.6.1 LOST AND FOUND ARTICLES.

Whenever a District employee or agent finds lost articles on District property, he/she shall report such findings to their respective Division Manager. The Division Manager shall make every reasonable effort to locate the owner or owners. If the property is unclaimed by the owner or person legally entitled to possession after such reasonable efforts, staff will record items of value such as wallets, purses, keys, backpacks, and electronic devices in the log sheet titled "Found Items of Value" at the respective district service desk and/or pro shop. Items of value shall be considered having a replacement value of \$100 or greater. Information recorded in the logbook will help to ensure items are accounted for and returned to the rightful owners. The Division Manager is responsible for filling out the logbook completely and accurately. Items of value will be kept in a secure location, i.e., facility safe. Once every three months, any items in lost and found determined with a value over \$100 that have been in the district's possession for 90 days, will be turned over to the Hoffman Estates Police Department for disposition in accordance with the "Law Enforcement Disposition of Property Act," 765 ILCS 1030/0.01, *et seq.* All other lost and found articles, i.e., clothes, towels, swim goggles, etc. will be kept at the service desk in a designated place. In order to claim a

found item, the owner must describe the item as closely as possible. After ownership is established as well as possible, the owner needs to sign out for the item if it is an item of value. If it is not an item of value, the item may be returned immediately to the owner. Items in lost and found which are not claimed by the end of each quarter (i.e., 90 days) will be appropriately donated to a non-for-profit organization for their respective use. Misappropriation of such items may be treated as theft or fraud under the district policies and the relevant Illinois Crimes Code.

9.6.2 PATRON LOCKS.

A patron is allowed to affix his/her lock to designated lockers while using Park District facilities. However, no patron lock may remain on a locker when the facility closes for the day unless authorization has been granted and appropriate locker rental fees have been paid. Any lock remaining on the locker at closing time shall be removed by the designated District staff of the location or his/her designee. The contents found in such a locker will be secured by the Facility Manager and returned to the park patron pursuant to Section 9.6.1, above. The Division Director or his/her appointed representative shall record an inventory of the items found in the locker in accordance to Section 9.6.1, above.

9.6.3 IMPOUNDMENT.

a. Impoundment Procedure.

The District may impound park patron property by removing it to a designated impoundment area or by forbidding such property from being moved from its location during the period of impoundment.

b. Circumstances Allowing Impoundment.

The Director may impound patron property, or may allow city, state or federal officials to impound such property for the following reasons:

- (1)** when the patron property is located on park property without a required valid permit;
- (2)** when the patron property presents an unreasonable danger of injury to persons or property on park property;
- (3)** when the patron property has been reported stolen and the patron is not present at the location or recovery;
- (4)** when the patron property is abandoned or left unattended;
- (5)** when the park patron fails to pay fines or fees lawfully imposed by the District; or
- (6)** when there is other cause justifying impoundment under local, state or federal law.

c. Record of Impoundment.

Upon impounding patron property, the Director shall record the name and description of the impounded property; the

circumstances under which it was impounded; the time, method, and place of impoundment; and a description of the condition of the property at the time it was impounded.

d. Notice to Owner of Impounded Patron Property.

Whenever the Director has impounded patron property, he/she shall immediately ascertain, if possible, the name of the owners or other persons legally entitled to possession of such property, and thereafter shall immediately cause a notice to be sent by certified or registered United States mail, return receipt requested, to such owners and such other persons entitled to possession, if known. Such notice shall contain a full description of the patron property, the circumstances of its impoundment, and where it is impounded and shall request that the recipient immediately contact the Director. The notice shall:

- (1) Specify the action of the Director proposes to take in addition to impoundment;
- (2) Specify the ordinance or rules of the District allegedly violated, if any;
- (3) Briefly state the factual basis of any alleged violation; and
- (4) Inform the patron of the procedure and deadline for appeal.

e. Meeting of Director with Owner.

The Director or his/her designee shall personally meet with the person or persons notified under this chapter, Section 9.6.3, above, as soon after the sending of such notice as can be arranged. The purpose of such meeting is to explain the circumstances of the impoundment and receive from the owner any information bearing on whether the impoundment shall be continued. Upon conclusion of this meeting, the Director may:

- (1) Determine that the patron property was improperly impounded, in which cases he/she immediately release the property to any authorized person without charge.
- (2) Determine that the patron property was properly impounded. In such case, the Director shall determine whether the property should remain impounded pending proceedings, if any, on the charges that led to the impoundment. If the Director allows the patron property to be released, he/she shall do so upon payment of the reasonable charges incurred by the District in moving and storing the property during impoundment. The Director may order the impoundment continued pending such further proceedings if he/she finds probable cause to believe that:

- (a) the property, if released to its owner, would pose a clear and present danger to the safety of persons or property,
 - (b) the continued impoundment of the patron property is necessary in connection with state or federal legal proceedings; or
 - (c) the owner has failed or refused to correct an existing violation of this chapter, above.
- (3) Release the impounded patron property to the custody of federal, state, or local authorities.
- f. **Subsequent Proceedings.**
If the owner, in the notice of impoundment, was notified of charges of violation of a District ordinance or rules, the owner shall have the right to appeal such charges and receive a hearing thereon according to the proceedings. The Director shall, upon conclusion of those proceedings, make such disposition of the impounded patron property as may be appropriate in compliance with law.
- g. **Disposition of Unclaimed Impounded Patron Property.**
If any impounded patron property remains unclaimed by the owner or person legally entitled to possession thereof for a period of thirty days or more after the date the notice of impoundment was sent to the owner or person entitled to possession of said patron property, the Director may cause the impounded property to be transferred to the Hoffman Estates Police Department to be disposed in accordance with "The Law Enforcement Disposition of Property Act," 765 ILCS 1030/0.01, *et seq.*

9.7 ENFORCEMENT.

9.7.1 PARENTAL RESPONSIBILITY.

- a. **Generally.**
The parent or legal guardian of an un-emancipated minor shall be presumed, in the absence of evidence to the contrary, to have failed to exercise proper parental responsibility, and such minor shall be deemed to have committed the acts described below with the knowledge and permission of the parent or guardian upon the occurrence of the following three events:

9.7.4 VIOLATIONS/FINES.

The violation by a person or other legal entity of the laws or regulations of the District or the term of his/her permit shall subject such person or entity to a civil fine of no less than \$35.00 and not more than \$1,000 per violation. Fines for violations of Illinois statutes (for example, but not limited to, the Illinois Vehicle Code or the Smoke Free Illinois Act) shall be assessed in accordance with the requirements of said statute. Each day that a violation continues shall be deemed a separate violation. The District shall give such person or entity prompt written notice of any fines. Such fines may be assessed against any security deposit held by the District on behalf of the permittee, pursuant to this chapter, Section 9.4.4d, below, or may be assessed a fine for monies in excess of any security deposit. The Park District may establish a schedule of violations for which a "P-ticket" may be issued and paid without requiring a court appearance by the violator. The Park District hereby adopts, by reference, the terms and provisions set forth in Hoffman Estates Code of Ordinances, Section HE-16-103, with respect to the issuance of P-tickets and the collection of fines thereof,

including the provision contained in HE-16-103(c) in the event no payment is made. The Park District also adopts the similar provisions set forth in the Schaumburg Code of Ordinances. Any person who is found to have violated any of the provisions of this Ordinance shall be liable for any loss or damage to any person or property by way of or caused by the actions constituting such violation for the cost of recovery, repair or replacement of the person or the property so injured, damaged or destroyed.

9.7.6 POLICE ENFORCEMENT.

All fines and restitution costs shall be recoverable by and through an action for the enforcement of this Ordinance. This Ordinance shall not grant a separate cause of action to any person who suffers any loss so described above.

Each of the police officers of the Village of Hoffman Estates and the Village of Schaumburg are hereby authorized to enter upon the property owned, leased or controlled by the Park District in their respective jurisdictions for the purpose of enforcing the ordinances of the Park District, ordinances of the Village of Hoffman Estates, laws of the State of Illinois and all laws and ordinances amendatory thereof.

9.7.7 REVOCATION OF PRIVILEGES.

Any person violating or disobeying any section or part thereof of this Ordinance, or any other ordinance, rule or regulation of the District, may be forthwith evicted from District property, and may have his/her admission rights to District property terminated, revoked, forfeited or suspended for the remainder of the season as determined by the Director or the Director's designated representative.

9.7.8 REWARDS.

The District may offer rewards to the person or persons (other than police officers or employees of the District) who furnish information to the District, directly resulting in the arrest and conviction of anyone who unlawfully takes, damages, or destroys District property. All claims for said reward must be made to the District within thirty days after conviction and the District shall be the sole judge of any dispute arising over the reward and the person or persons, if any, entitled to share therein, and its decision on any matter connected with the reward shall be final and conclusive.

10.0 PARK AND RECREATION LAND DEDICATION/ACQUISITION

10.01. Philosophy of Acceptance. The land or site for Park and Recreation land dedication must be suitable for the purpose for which it is intended. Land set aside by developers for parks, recreation, and conservation purposes shall not merely be the land which has been left over after residential, commercial and industrial development.

10.02. Requirement and Population Ratio. The ultimate density of a proposed development shall bear directly upon the amount of land required for dedication. The total requirement shall be ten (10) acres of land per 1,000 of ultimate population.

“Active Park Areas” shall be defined as those areas specifically adapted and planned for a wide range of physical activity such as group games, physical education, sports, and athletics. Facilities usually include, but are not limited to, playfields, game courts, rinks, ball diamonds, pools, tennis courts, community centers, and play apparatus. Active areas shall not include any areas designated for water management, such as retention, detention or ‘wetland’ areas.

“Location”. The Park District Comprehensive Master Plan as amended from time to time, shall be used as a guideline in locating sites. A central location which will serve equally the entire development is most desirable and whenever feasible, the site shall be in close proximity to elementary school sites. In large developments, these sites can be located throughout the development according to established standards for park area distance.

10.03. Improvements. Each park site shall be located on a fully improved street with curbs, gutters, street lights, sanitary sewer, storm sewer, water, electricity, and gas available at the property lines. Sidewalks shall be provided along all street frontage. The site shall have direct access to a fully improved street across at least 20% of the distance of the perimeter. At least two access routes or easements shall be provided. Any pedestrian access route shall be at least 66 feet wide and any vehicular access route or easement shall be at least 66 feet wide. Any pedestrian access route less than 50 feet wide shall be fenced along both sides with fencing material approved by the Park District.

10.04. Topography and Grading. Each park site designated on the Park Plan as an “active park area” shall have sufficient level area, uninterrupted by streams and drainage ditches, to permit its development for football/soccer and baseball fields without the infields overlapping the football fields.

A. Slope

- a. Should not vary greatly in appearance from existing and adjacent slopes.
- b. Optimum slopes range from 2% minimum to 5% maximum. No less than 2% slope is acceptable under any circumstances.
- c. Maximum allowable slope is 10%, except under special conditions where greater slopes are desirable to enhance recreation and leisure utilization (i.e. sled hill).
- d. That on-site drainage patterns be designated and constructed to:
 - i. Insure flow toward swales
 - ii. Insure drainage away from active recreation areas.

B. Grading

- a. Rough grading shall be completed at time of rough grading of adjacent, contiguous areas.
- b. Grading shall comply with Village and Park District approved plans.
- c. Subgrade shall be graded and compacted so it will parallel finished grade.
- d. Subgrade material shall be loosened and fine graded to a depth of two to four inches. All stones over four inches in size, sticks, rubbish and other foreign substances shall be removed.
- e. Finished grades should be uniform in slope between points for which elevations have been established.

C. Soils

- a. Soils shall not differ from those occurring naturally.
- b. Soils shall not offer any restriction to proposed recreation and leisure utilization.
- c. Topsoil shall be spread evenly and lightly compacted to a minimum depth of six inches over the entire site.
- d. Topsoil will be good, friable soil, with good tillage and shall be without any admixture of subsoil, gravel, stones, refuse, sand or other subsurface elements.
- e. Topsoil shall not be placed in a muddy or frozen condition.
- f. Topsoil shall contain no toxic substances which may be harmful to plant growth.
- g. Topsoil shall be spread no later than the placement of topsoil on the first lot adjacent to the park site.

D. Seeding

- a. All proposed park areas shall be seeded and an acceptable stand of grass established prior to dedication of the area to the Park District. Acceptable is defined as 80% desirable cover over the entire site. In no case shall the site be accepted when turf cover is less than 70% in a gridded area 10 feet by 10 feet.
- b. Seeding is to utilize Village and Park District approved ground covers and grasses.
- c. Seeding is to be completed during desirable fall and spring planting times, dependent upon recommended seed planting specifications.
- d. Seeding is to be done on moderately dry soil on a seed bed which will easily accept and nurture germination of seeds.
- e. Developer will be responsible for making necessary reparations to the site caused by erosion. Reparations will be completed prior to acceptance by the Park District.

10.05. Water Management Areas . Shall be defined as those properties set aside as retention or detention to support the developed property. The Park District will accept the donation of said parcels in its sole discretion on a case by case basis.

10.06. Cash in Lieu of Land. When the development is small and the resulting site is too small to be practical, or when the Corporate Authorities of the Park District determine that the available land is inappropriate for a park site, the Park District may accept cash in lieu of land. The value amount of the cash in lieu of land option shall be negotiated on a site by site basis based upon but not limited to the following factors:

- Land cost based upon the highest recorded sale amount of the property in question

- Land cost based upon an MIA appraisal
- The average cost as calculated utilizing the top three cash in lieu of land contribution amounts garnered for Chicago-land park districts

10.07 Park Plat Review . Copies of each subdivision plat shall be transmitted to the Park District for their written recommendations at the same time that they are transmitted to the Plan Commission, but nothing herein contained shall be construed as requiring receipt of a recommendation prior to action by the Corporate Authorities of the Village.

10.08 Conveyance of Land

- A. Environmental Audit and Indemnification. Prior to conveyance to the Park District of any land, the Park District shall be furnished with an environmental risk audit prepared by an environmental professional meeting the minimum requirements of 415 ILCS 5/22.2 (j)(6)(E)(iii) certified to and acceptable to the grantee assuring the grantee that there are no “Hazardous Substances” (as herein defined) on, under, to or from the property. Said environmental audit shall be what is commonly referred to as a Phase I Environmental Audit, which shall meet the minimum requirements for a Pre-Acquisition Audit as set forth in 415 ILCS 5/22.2(j)(6)(E)(v) (the “Phase I Audit”). In the event the Phase I Audit does not conclude that there is no presence or likely presence of a release or substantial threat of a release of Hazardous Substance(s) or pesticide on, under, to or from the property, the developer shall furnish the Park District a Phase II Environmental Audit which meets the minimum requirements for a Pre-Acquisition Phase II Environmental Audit as set forth in 415 ILCS 5/22.2(j)(6)(E)(vi), including but not limited to a soil toxicity analysis and recommendation from said environmental professional meeting the minimum requirements of 415 ILCS 5/22.2(j)(6)(E)(iii) which concludes that there is no presence or likely presence of a release or substantial threat of a release of Hazardous Substances on, under, to or from the subject property, and certifying that in the judgment of said environmental professional there is no reasonable probability that the land contains any Hazardous Substances in violation of any federal or state environmental standards. In the event said Phase II Environmental Audit and/or soil toxicity analysis discloses the presences or likely presence of a release or a substantial threat of a release of any Hazardous Substances at, on, under, to or from the land to be conveyed, the developer shall first cause all such Hazardous Substances to be removed at its sole cost and expense in accordance with all federal, state and local environmental laws, rules and regulations and furnish the intended grantee with an unconditional “No Further Remediation Letter” (i.e., without restriction or reference to a site safety plan for future excavation and/or construction of an/ removing soil contamination on the site) from the governmental agencies having jurisdiction over the clean up prior to conveyance of any of the land to the Park District. Prior to the conveyance of the land, the sub-divider or developer, as the case may be, and the owner of the land to be conveyed, shall execute and deliver to the Park District, an Environmental Indemnification Agreement in form approved by the Village and Park District Attorneys, agreeing to defend, indemnify and hold the Village and Park District, their Presidents and Board of Trustees or Commissioners respectively, officers, officials, employees, agents, successors and assigns, harmless from and against any and all liability, claims, damages, causes of action and expenses arising out of the presence of any Hazardous Substances (hereinafter defined) in, under or upon said land to be conveyed prior to the date of conveyance.

The term "Hazardous Substance" includes without limitation:

Those substances included in the definitions of "hazardous substances", "extremely hazardous substances", "hazardous materials", "toxic substances", "toxic chemicals", toxic wastes", "hazardous chemicals", "hazardous wastes", "solid waste" or "pesticides" in CERCLA, RCRA, SARA, HSWA, TSCA, OSHA, FWPCA, Illinois Pesticides Act, Illinois Responsible Property Transfer Act, and the Hazardous Materials Transportation Act, 49 U.S.C. Sec. 5101, et seq., as amended in the future, and in the regulations promulgated pursuant to said laws.

Sec 1251 et seq (33 U.S.C. Sec 1321) or listed pursuant to Section 307 of the Clean Water Act (33 U.S.C. Sec 1317), (4) explosives, or (5) radioactive materials.
- B. Title Insurance, Survey, Assessment Plats. Prior to the acceptance by the Park District of a conveyance, the Park District will be given a reasonable opportunity for its counsel to review the conveyance documents. Each deed or other instrument conveying land to the Park District shall be accompanied by : (1) written commitment in form which can be converted to an owner's policy issued by a title insurer licensed to do business in Illinois to insure title in the name of the Park District to the real estate to be conveyed in an amount equal to its value, with extended coverage if available over the general exceptions to title and subject only to (a) real estate taxes not yet due and payable, (b) covenants, conditions, easements and restrictions of record which do not prohibit the use of the subject real estate for park or recreational use, (c) acts done or suffered by or judgments against the grantees (collectively, the "Permitted Exceptions"); (2) a current ALTA boundary line survey, certified to the grantee by a licensed Illinois Land Surveyor to be in compliance with the American Land Survey Standards, showing no encroachments; and (3) except in instances where the real estate to be conveyed is a lot in a recorded subdivision, an assessment plat and tax division petition in form acceptable to the appropriate county authorities so that the land to be conveyed can be assigned its own permanent real estate index number for exemption purposes. In addition, monuments must be established and the land staked immediately prior to dedication of the property. Permanent property corner markers shall be installed at the developer's expense according to the Village/Park District detail. The subdivider or developer shall pay for the cost of owner's title insurance in said amount, the ALTA survey, the assessment plat any and all costs in connection with the tax division, and shall provide any other documents as needed to record the document of conveyance

In the event that the previous tax information or the previous tax bill includes other property, then the amount to be deposited in escrow shall be adjusted pro-ratably based on the net acreage of the other parcels covered by said tax bills. After the land has been divided for real estate tax purposes and has been conveyed to the Park District, the Park District shall proceed with due diligence to apply for real estate tax exemption on the land.

- D. Property Inspection. The Park District will be afforded a reasonable opportunity to inspect the property to be conveyed prior to closing in order to assess whether the property is in acceptable condition for acceptance.

Once the above conditions are met, and the conveyance documents and the condition of the property are found to be appropriate, the Park District Board of Commissioners will entertain the matter for acceptance. Acceptance will be shown by the Park District's recording of the deed of conveyance at its own expense. The Park District will apply for tax exempt status of the property.
