

HOFFMAN ESTATES PARK DISTRICT
Hoffman Estates, Illinois

FORM OF PROPOSAL

Proposal of Cyril Regan Heating, Inc., hereinafter called
the "BIDDER", (a) / (an) Corporation,
(Corporation, Partnership,
individual) doing business as Cyril Regan Heating, Inc., to Hoffman
Estates Park District, hereinafter called the "OWNER."

* * *

The Bidder, in response to your advertisement for bids for **HVAC / Mechanical Work** having examined the Specifications and other Documents and being familiar with all of the conditions surrounding the proposed work (purchase/sale) including availability of materials and labor, hereby proposes to furnish all labor, materials and supplies and to construct the project in accordance with the Contract Documents, within the time set forth therein and at the prices stated below. These prices are to cover all expenses incurred in performing the work required under the Contract Documents of which this proposal is a part.

Bidder acknowledges receipt of the following Addenda, which are a part of the Contract

Document: Numbers: 1, 2, 3, _____.

Bidder hereby agrees to start work within five (5) days after receipt of "Notice to Proceed" from the Owner and to complete the project according to the schedule provided in the contract documents. All work under this proposal shall be completed no later than April 21st 2017 unless an extension due to extenuating circumstances is granted by the Construction Manager.

SCOPE OF WORK
HVAC/ MECHANICAL

The specifications and drawings are to govern the extent of the Work required or reasonably incidental to this Bid package. The following list of Work items is to be included and considered complementary to the drawings and specifications:

Furnish all labor, tools, material, and equipment required and necessary to complete the following:

1. Supply and install all necessary HVAC equipment listed in the mechanical notes on the drawing including but not limited to: furnish and install entry door ventilation curtain wall unit including wiring to existing entry doors, piping, valves, supports, fittings, escutcheons, seals, sleeves, anchors, saddles, mechanical insulation, natural gas system, exhaust system, ductwork, exhaust vent, fans,

- lining, diffusers, grills, registers, fire stopping, dampers, temperature controls, testing and balancing, service and start-up, etc.
2. Provide all bidding and contract requirements, General Requirements: Base Mechanical Materials, Pipe and Pipe Fittings, Valves, Piping Specialties, Supports, Anchors and Openings in Construction, Meters and Gauges, Motors, Mechanical Identification, Natural Gas System, Unit Heaters, Fans, Adjustment and modification as required to VAV and EVAV units, furnish and install entry door ventilation curtain ceiling unit including all controls connected to entry doors, Air Filters, Duct Work, Flexible Duct, Duct Lining, Duct Work Accessories, Air Outlets and Inlets, Controls, Testing, Adjusting and Balancing and related sections as specified.
 3. Supply and install gas heater and install gas service to this new heater.
 4. Provide and install new exhaust vent for gas heater including roof penetration and roof flashings and roof patching.
 5. Provide all layout, field engineering and shop drawings required for the installation of this work.
 6. Provide all hoisting required and necessary for the installation and removal of equipment.
 7. Seal all duct work to prevent air leakage. All wall and floor penetrations must be properly fire stopped.
 8. Any walls, floors, ceilings, roof or other surfaces requiring penetrations should all be restored to its original integrity and finished by the Contractor requiring such penetrations at his own expense.
 9. All equipment shall be started up to demonstrate its capabilities and compliance with the contract document. All controls must be fully operational prior to the demonstration. At a minimum, the installing contractor shall operate this equipment for five (5) consecutive days during normal working hours prior to demonstration.
 10. All starters and disconnects shall be by the HVAC contractor. Power will be brought to the equipment and terminated by the electrical contractor. All control wiring will be by the HVAC contractor.
 11. Demolition work provided by HVAC contractor will include disconnect and removal of all piping, fans, ductwork, insulation, controls, grills, diffusers, fan coils, unit heaters, louver and etc. All openings left by the removal shall be closed.
 12. All existing refrigerants shall be legally disposed.
 13. Provide all access panels required and necessary for the maintenance of new systems. Locations shall be approved prior to installation of piping.
 14. Provide all fire stopping required for piping and ductwork penetrations.
 15. Provide a **\$5,000** allowance in the Base Bid price for labor and material to perform on a T&M basis for modifications as directed by Construction Manager. Unused portions shall be credited back to the Owner.
 16. This facility must remain in operation, including all services, at all times. All work must be closely coordinated with Owner requirements, which shall take precedence. Trade contractor shall anticipate and have auxiliary work to fall back to should an area be temporarily closed to work.
 17. Provide adequate staff to review the Contract Documents and request, in writing, any additional information required well in advance of the actual fabrication or installation. Coordinate and communicate installation information with all other trades where there is interface, connection or contact with a product or work being installed and/or supplied by others.
 18. If this Contractor is determined to impede the progress of the project schedule, the work delaying such progress will be passed over in a normal course of business and this Contractor shall be responsible for installing the work under other means and paying for additional costs, remedial work or damages resulting from such action.
 19. Provide markers indicating limits of work and clear identification of items and areas requiring protection. Provide barricades, warning signs, and warning lights at conditions where there is a

danger of injury to persons, or materials falling into excavations, pits, or depressions in the surrounding grade. This contractor is solely responsible for determining the potential for injury to persons and damage to property. Where such potential is present, take appropriate protective measures. Protect persons from injury and protect existing and new improvements from damage caused directly or indirectly by construction operations.

20. The Trade Contractor shall be liable and responsible for payment of all OSHA fines and/or other penalties against their work for failure to comply with all such requirements. Trade Contractor shall also reimburse the Construction Manager for all OSHA and other fines and/or penalties charged to the construction manager due to Trade Contractor's negligence.
21. Clean up shall be on a daily basis. This shall include sweeping and other housekeeping methods necessary to maintain the building, and removal of debris from streets, roads, and landscaped areas. All unused materials, packaging, debris, food-related items shall be placed in rubbish containers and daily removed from the site.
22. Submit the following information within five (5) days after bidding, when requested: (a) approximate number of man-days anticipated for each major function of work; (b) delivery dates of major equipment or fixtures; and, (c) All shop drawings shall be submitted within twenty-one (21) days of the Contract date.
23. No extras shall be accepted on this project unless initiated by the Owner. Discrepancies, exclusions, clarifications regarding each contractor's scope of work shall be addressed by contractor, in writing, and to the architect during the bidding process.
24. Contractor shall provide certificate of insurance with coverage as specified in the Project Manual and naming architect as additional insured's.

Bidders agree to provide all materials, labor, supervision and markup costs to complete the work required under this proposal as specified in the contract documents for the sum of:

Which includes a **\$5,000** allowance to be used by the owner should it be found necessary to complete the work. Any unused allowance monies will be retained by the owner.

\$ Sixty one Thousand Four Hundred Eighty four AND ^{00/100} (in writing)
\$61,484.00

ALTERNATES The Contractor shall indicate an ADD or DEDUCT cost to the following items if they apply to their trade being bid as part of this package. Said alternates include all labor, material, equipment charges for incidental expenses, general conditions, supervision, taxes, insurance, overhead and profit.

Alternate No 1: Temperature Control Commissioning

1. **Base Bid: Provide NO temperature controls commissioning..**
2. **Alternate Bid: Provide itemized pricing for the temperature controls contractor to commission the existing controls system that fall outside of the project scope of work as denoted in the contract documents..**

ADD COST \$ 13,512.00

Alternate No 2: Integrated Boiler Controls

1. **Base Bid: Provide NO integrated hot water boiler controls**
2. **Alternate Bid: Provide itemized pricing for integrating the hot water boiler controls into the existing temperature control system.**

ADD COST \$ 17,710.⁰⁰

Alternate No 3: Electrical operable panel partition.

1. **Base Bid: Provide manually operated operable panels**
2. **Alternate Bid: Provide itemized pricing for providing electrically operated panel partitions in lieu of the electrically operated panels**

ADD COST \$ NOT ASSOCIATED WITH THIS BID PACKAGE

Cost of Laborer including markup costs	\$	<u>98⁰⁰</u>	/HR
Cost of hydrolic valve replacement	\$	<u>280⁰⁰</u>	Ea
Refurbish Existing VAV and EVAV units	\$	<u>150⁰⁰</u>	Ea

Accompanying this is a Bid Bond
(Bid Bond, Certified Check, Bank Draft)

In the amount of \$6,148.40
(Dollars)

is attached to this proposal, as surety, in the amount of not less than 10% of the total bid payable to the Owner, which it is agreed will be forfeited if the undersigned fails to execute the Contract in conformity with the requirements set forth in the Project Manual and furnish Performance and Labor Material Payment Bonds as specified within ten (10) days after notification of the award of the Contract to the undersigned.

The undersigned bidder certifies that he is eligible for and agrees to provide Performance and Labor and Material Payment Bonds executed in accordance with the project specifications with Granite Re, Inc. (bonding company) in the amount of 100% of the Contract Sum (Base Bid and all accepted Alternate Bids) the cost of which is included in the bid.

The Bidder hereby certifies:

- A. That this bid is genuine and is not made in the interest of or on behalf of any undisclosed person, firm or corporation and is not submitted in conformity with any agreement or rules of any group, association, organization or corporation.
- B. That he has not directly or indirectly induced or solicited any other bidder to put in a false or sham bid.
- C. That he has not solicited or induced any person, firm, or corporation to refrain from bidding.
- D. That he has not sought by collusion or otherwise to obtain for himself any advantage over any other bidder or over the "Owner."

- E. That he will comply with all provisions of the Prevailing Wage Ordinance #O-16-03 adopted by the Hoffman Estates Park District.
- F. That he is in compliance with the Criminal Code Act of 1961, Article 33E-11, Public Contracts, and Public Act 85-1295.
- G. That all materials, methods and workmanship shall conform to the drawings, specifications, manufacturer's standards and specifications, and all applicable Codes and Standards.
