Hoffman Estates, Illinois

FORM OF PROPOSAL

Proposal of Schaeffges Brothers, Inc., hereinafter
called the "BIDDER", (a) / (an) Corporation,
(Corporation, Partnership, individual)
doing business as Schaeffges Brothers, Inc., to Hoffman Estates Park
District, hereinafter called the "OWNER."

* * *

The Bidder, in response to your advertisement for bids for **Concrete work** having examined the Specifications and other Documents and being familiar with all of the conditions surrounding the proposed work (purchase/sale) including availability of materials and labor, hereby proposes to furnish all labor, materials and supplies and to construct the project in accordance with the Contract Documents, within the time set forth therein and at the prices stated below. These prices are to cover all expenses incurred in performing the work required under the Contract Documents of which this proposal is a part.

Bidder acknowledges receipt of the following Addenda, which are a part of the Contract

Document: Numbers: _____, _____, _____, _____.

Bidder hereby agrees to start work within five (5) days after receipt of "Notice to Proceed" from the Owner and to complete the project according to the scheduled provided in the contract documents. All work within the interior spaces under this proposal shall be completed no later than **February 10, 2017**, unless an extension due to extenuating circumstances is granted by the Owner representative.

SCOPE OF WORK
CONCRETE

The specifications and drawings are to govern the extent of the Work required or reasonably incidental to this Bid package. The following list of Work items is to be included and considered complementary to the drawings and specifications.

Furnish all labor, tools, material, and equipment required and necessary to complete the following:

1. Provide all concrete and related work including, but not limited to, form work, concrete, reinforcing steel, floor topping, mesh, grouting, setting plates, finishing, curing and protective sealants, vapor barrier, expansion and control joints, housekeeping, dowels, expansion joints,

- construction joints, sealants, compaction, saw cutting and removal of existing concrete and subgrade soils supply and place all granular backfill material.
2. Provide all bidding and contract requirements, Trade Specific Requirements: Cast-In-Place Concrete, Joint Sealers, and related sections as specified.
 3. Provide a **\$4,500** allowance in the Base Bid price for labor and material to perform on a T&M basis as directed by Construction Manager to establish suitable or obtain subgrade bearing soils to support the proposed columns. Unused portions of this allowance shall be retained back to the Owner.
 4. All surfaces shall be installed at plumb level.
 5. Provide all engineering layout required and necessary for the completion of the concrete work.
 6. All concrete shall be considered architectural concrete and shall have a smooth rubbed finish.
 7. Dewatering, including ground water and rainwater shall be included. Pumping of accumulated rainwater shall be part of this contract.
 8. Scheduling of inspection by regulatory agencies shall be the trade contractor's responsibility.
 9. Finish grade and mechanically compact granular material under the slab on grade, and exterior pads.
 10. Hand-excavate - underpin and trim for footings, thickened slabs for all interior structural concrete to be placed within existing building.
 11. Set anchor bolts, setting plates, and all other embedded iron and cast-in-place items.
 12. Testing will be provided by the Owner.
 13. Caulk all construction joints, expansion joints and saw joints where indicated in concrete surface or where concrete adjoins other materials.
 14. All concrete floors and stoops shall be pitched to meet design standards.
 15. Adequate provisions must be taken to protect underground utilities and the work of others from being damaged by this operation. Building services must remain in operation..
 16. Provide additional grading and stone fill for the slab on grades being removed and replaced around new columns in the interior of the building.
 17. Truck washout, clean up and disposal shall be made by this trade contractor according to industry and environmental standards.
 18. Provide all pumping if necessary for the completion of this work.
 19. Provide all layout for control and contracting joints.
 20. Grout all columns setting plates.
 21. New slabs on grade must be placed to a level tolerance of +/- 1/8 of an inch.
 22. Provide adequate staff to review the Contract Documents and request, in writing, any additional information required well in advance of the actual fabrication or installation. Coordinate and communicate installation information with all other trades where there is interface, connection or contact with a product or work being installed and/or supplied by others.
 23. If this Contractor is determined to impede the progress of the project schedule, the work delaying such progress will be passed over in a normal course of business and this Contractor shall be responsible for installing the work under other means and paying for additional costs, remedial work or damages resulting from such action.
 24. Provide markers indicating limits of work and clear identification of items and areas requiring protection. Provide barricades, warning signs, and warning lights at conditions where there is a danger of injury to persons, or materials falling into excavations, pits, or depressions in the surrounding grade. This contractor is solely responsible for determining the potential for injury to persons and damage to property. Where such potential is present, take appropriate protective measures. Protect persons from injury and protect existing and new improvements from damage caused directly or indirectly by construction operations.

25. The Trade Contractor shall be liable and responsible for payment of all OSHA fines and/or other penalties against their work for failure to comply with all such requirements. Trade Contractor shall also reimburse the Construction Manager for all OSHA and other fines and/or penalties charged to the construction manager due to Trade Contractor's negligence.
26. Clean up shall be on a daily basis. This shall include sweeping and other housekeeping methods necessary to maintain the building, and removal of debris from streets, roads, and landscaped areas. All unused materials, packaging, debris, food-related items shall be placed in rubbish containers and daily removed from the site.
27. Submit the following information within five (5) days after bidding, when requested: a) average size crew anticipated; b) approximate number of man-days anticipated for each major function of work; c) delivery dates of major equipment or fixtures; and, e) references and financial qualifications. All shop drawings shall be submitted within twenty-one (21) days of the Contract date.
28. No extras shall be accepted on this project unless initiated by the Owner. Discrepancies, exclusions, clarifications regarding each contractor's scope of work shall be addressed by contractor, in writing, and to the architect during the bidding process.
29. Contractor shall provide certificate of insurance with coverage as specified in the Project Manual and naming architect as additional insured's.

Bidders agree to provide all materials, labor, supervision and markup costs to complete the work required under this proposal and as specified in the contract documents for the sum of:

Which includes a **\$4,500** allowance to be used by the owner should it be found necessary to complete the project. Any unused portion of this allowance will be retained by the owner.

SUSTAINABILITY STATEMENT

Introduction

The Hoffman Estates Park District is committed to green and sustainable practices and good environmental stewardship. Consequently, we are asking bidders to provide a Statement of Sustainability to ensure our bidders are also incorporating sustainability into their firm's practices.

Instructions

Provide a clear description of your firm's sustainable practices, policies or procedures to the below sections or attach a copy of your practice. These practices may include but are not limited to:

Waste Minimization within the office or facilities through recycling programs, double-sided copying, electronic internal communications, recycled content in materials, reusable cups, limited printing, electronic document management, green purchasing policies, green cleaning supplies or reduced packaging in materials procured or supplied. We perform all of the above.

Energy Efficiency within office, facilities or firm through lighting retrofits, photo sensor switches for lighting, use of day lighting, Energy Star rated appliance or equipment, alternative fuel or efficient fleet, anti-idling policy, or indoor temperature management. SBI utilizes energy efficient furnace and has an anti-idling policy.

Water Efficiency in office, facilities or firm through faucet or fixture retrofits, switch individual bottled water to office water coolers or drinking fountains, drought tolerant landscaping. SBI performs all of the above.

Staff are encouraged to be sustainable and supported by your firm through public transit benefits, bicycle accommodations, telecommuting options, support to attend green seminars, US Green Building Council LEED accredited or the creation of an internal green team. N/A

Education of your staff about green practices, your business peers of your green accomplishments, your community of your sustainability, or any environmental awards your firm has achieved. N/A

FAIR EMPLOYMENT PRACTICES AFFIDAVIT OF COMPLIANCE

I, Kenneth Schaeffges (name of person making the affidavit), being duly sworn, deposes and says that he is the President (title) of Schaeffges Brothers, Inc., and that he has authority to make the following affidavit; that he has knowledge of the Hoffman Estates Park District ordinance relating to Fair Employment Practices, Equal Employment Opportunity, Prevailing Wages, Sexual Harassment Requirements, and knows and understands the contents thereof; that he certifies that Schaeffges Brothers, Inc. (name of company) is an equal opportunity employer as defined by the Federal, State and Local regulations.

HOLD HARMLESS AGREEMENT

Schaeffges Brothers, Inc. (company name) agrees to indemnify, hold harmless and defend the Hoffman Estates Park District, its consultants for this Project, agents, servants and employees, Schaeffges Brothers, Inc. (Construction Company), and its sub consultants, and each of them against and hold them harmless from any and all liability, loss, cost, damages and claims, cause of action, demands, rights, costs of loss of service expenses, compensation, and expense (including reasonable attorneys' fees and court costs) which the undersigned now has or which may hereafter accrue, directly or indirectly, for or on account of any and all known and unknown, foreseen and unforeseen, resulting from, arising out of, or incurred by reason of claims, actions, or suits based upon or alleging bodily injury, including death, or property damages arising out of, or resulting from the Contractor's operations under this Contract, whether such operations be by himself or by any subcontractor or by anyone directly or indirectly employed by either of them.
