HOFFMAN ESTATES PARK DISTRICT  
Hoffman Estates, Illinois  

FORM OF PROPOSAL  

Proposal of _______________________________________________, hereinafter called the  
"BIDDER", (a) / (an) ________________________________________,  
(Corporation, Partnership, individual) doing business as _________________________________, to Hoffman Estates Park District, hereinafter called the "OWNER."  

* * *  
The Bidder, in response to your advertisement for bids for Asphalt Patching and Resurfacing at Triphahn & Willow Recreation Centers, Hassell Road Maintenance Facility, Bridges of Poplar Creek #10 Hole and High Point Park Paths having examined the Specifications and other Documents and being familiar with all of the conditions surrounding the proposed work (purchase/sale) including availability of materials and labor, hereby proposes to furnish all labor, materials and supplies and to construct the project in accordance with the Contract Documents, within the time set forth therein and at the prices stated below. These prices are to cover all expenses incurred in performing the work required under the Contract Documents of which this proposal is a part.  

Bidder acknowledges receipt of the following Addenda, which are a part of the Contract Document: Numbers: __________, __________, __________, __________.  

Bidders agree to provide all materials, labor and equipment to complete the following work: Bidder also understands and will take into account in his bid the fact that scheduling of work may be impacted due to operational scheduling of facilities that dictate that all facilities remain available to the public. A tentative schedule is provided as a guide of possible work windows:  

**Item #1 Triphahn Center** – 1685 W. Higgins Road  
**Item #1A Triphahn Center**  
In the South Parking Lot, compact existing stone base provided by concrete contractor, supply / place and compact 3” Bam asphalt to excavated area in drop off zone.  

Cost per sq. yd $_____________ assume 65 square yards Total #1A $_____________  

**Item #1B Triphahn Center**  
Saw cut all areas designated to be patched. Remove existing surface bituminous asphalt to a depth of 2” below existing surface or to match adjacent concrete by mechanically grinding. Remove all ground material, dust and dirt from designated areas to be patched. Prime all ground areas. Supply /place and compact a minimum of 2” compacted surface asphalt to all ground areas.  

Cost per sq. yd $_____________ assume 3,500 square yards Total #1B $_____________
Item #1C Triphahn Center
Contractor to strip Handi-Cap stalls $____________ per space X 8 total = $____________
Contractor to strip Parking stalls $____________ per stall X 12 total = $____________
Contractor to strip hash lines $____________ per foot X 420 lin. feet total = $____________
Total Cost of Triphahn stripping $____________

TOTAL COST OF TRIPHAHN CENTER PAVING ITEMS 1A, 1B & 1C $____________

If bam base failure is identified by owner, Saw cut all areas designated to be removed. Remove existing bituminous bam asphalt to stone subgrade. Compact subgrade. Place and compact 3” of bam asphalt to areas removed. Surface course provided in number above.

Cost to perform this additional work $____________ per square yard.

Item #2 Willow Recreation Center - 3600 Lexington Ave.
Saw cut all areas designated to be patched. Remove existing surface bituminous asphalt to a depth of 2” below existing surface or to match adjacent concrete by mechanically grinding. Remove all ground material, dust and dirt from designated areas to be patched. Prime all ground areas. Supply/place and compact a minimum of 2” compacted surface asphalt to all ground areas.

Cost per sq. yd $___________ assume 1665 square yards Total #2 $____________

If bam base failure is identified by owner, Saw cut all areas designated to be removed. Remove existing bituminous bam asphalt to stone subgrade. Compact subgrade. Place and compact 3” of bam asphalt to areas removed. Surface course provided in number above.

Cost to perform this additional work $____________ per square yard.

Item #3 Hassell Road Maintenance Facility - 2352 Hassell Road
Saw cut all areas designated to be patched. Remove existing surface bituminous asphalt to a depth of 2” below existing surface or to match adjacent concrete by mechanically grinding. Remove all ground material, dust and dirt from designated areas to be patched. Prime all ground areas. Supply/place and compact a minimum of 2” compacted surface asphalt to all ground areas.

Cost per sq. yd $___________ assume 950 square yards Total #3 $____________

If bam base failure is identified by owner, Saw cut all areas designated to be removed. Remove existing bituminous bam asphalt to stone subgrade. Compact subgrade. Place and compact 3” of bam asphalt to areas removed. Surface course provided in number above.

Cost to perform this additional work $____________ per square yard.
Item #4 Poplar Creek Country Club 10th Hole cart path - 1400 Poplar Creek Drive
Contractor to final grade/compact and prime existing stone base on newly constructed cart path with an approximately length of 610 feet. Supply/place and compact 2 1/2" (when compacted) surface bituminous final surface asphalt to proposed 8 foot wide cart path area.

Cost per sq. yd $___________ X 545 square yards = Total #4  $______________

Should additional stone be required to properly fine grade the base the additional placed cost for the additional material equipment and manpower shall be $_______________per ton.

Item #5 High Point Park Pathways - 1704 Glenlake Road

5A: Excavate designated areas P-107 to a depth of 10" below existing grade. Remove spoils from site and dispose of them properly. Place and compact 6" grade 9 limestone, prime areas and place 2- 1/2" compacted surface asphalt. Note if mutually agreed, spoils may be used by paving contractor to rough grade & backfill along paths. All final landscape work by others.

Cost per sq.yd. $_____________ assume 300 square yds = # 4A  $_______________

5B: P110 Remove existing surface bituminous asphalt to a depth of 2" below existing surface by mechanically grinding. Remove all ground material, dust and dirt from designated areas to be repaved.

Cost per sq.yd. $_____________ assume 1566 square yds = # 4B  $_______________

5C: P-109 Remove all existing asphalt on paths to be re-constructed. Furnish new stone or re-grade existing stone to achieve a maximum 4.8% running slope with a cross slope of no greater than 1.8%. Prime all newly graded stone and pave with minimum thickness of 2 1/2" compacted surface course bituminous asphalt material.

Cost per sq.yd. $_____________ assume 652 square yds = # 4C  $_______________

5D: P104, P106, P108 Prime all existing asphalt, supply and install a scratch / leveling course of finish surface bituminous asphalt so as to establish a maximum of 4.80% running slope and maximum of 4.80% cross slope to all path areas shown on the plans. For the purposes of bidding this item the owner has furnished estimated square yard quantities for each of the types of applications: The bid price of this item will be based on a tonnage estimate provided by the owner. Actual invoicing will be based on the tonnage placed by the contractor X the installed unit price provided below. Should it be mutually agreed upon between the owner and the contractor that it is more cost effective to reconstruct certain areas than it is to level with asphalt, the reconstruction price(5C) per square yard will be used instead of this items unit price per finished ton.

P-104 Adjust for cross slope in excess of 4.80% 1,345 sq. yds
P-106 Adjust for minor running slopes less than 6% 762 sq yds.
P-108 Adjust for extreme running slopes greater than 6% 2,108 sq yds.

Cost per ton $_____________ assume 1300 tons of asphalt material = 4D  $_______________

S/Gary/BID/Asphalt TC, WRC, Maint, BPC, HP
2.24.15 – Page 3
5E: P-111 Remove existing asphalt surface and stone base from areas P-111 areas to be removed. Contractor may re-use stone base for other project items. Contractor to dispose of any contaminated stone materials. Contractor to backfill removed path area with excavated material from new path construction (item 5A).

Cost per sq.yrd. $______________ assume 185 square yds. = 4E $______________

5F: P-112 Clean and prime all existing asphalt surfaces to be paved including basketball court.

Cost per sq.yrd. $______________ assume 9700 square yds. = 4F $______________

5G: P-112 Furnish / place and compact a minimum of 1 ½” compacted bituminous asphalt surface course material to all paths and basketball court. The 1 ½” minimum compacted thicknesses shall be taken on the centerline of the path and shall extend to the edge of the path such that the cross slope does not exceed 1.8%.

Cost per sq.yrd. $______________ assume 9,694 square yds. = 4G $______________

TOTAL  Item#5A,5B,5C,5D,5E,5F&5G High Point Paths  $_________________________
ALTERNATES
The contractor proposes the following alternates in accordance with the specifications and addenda. Said alternates include all labor, material, equipment charges for incidental expenses, general conditions, supervision, taxes, insurance, overhead and profit.

VOLUNTARY ALTERNATES
The contractor is encouraged to provide Voluntary Alternates. All Voluntary Alternates must be a modification to the Base Bid and shall not be included in the Base Bid.

Description of Alternate Proposed (state any change in time required):
Add / Deduct (circle one) the cost of $_________________________ for __________________________
________________________________________________________________________
________________________________________________________________________
Add / Deduct (circle one) the cost of $_________________________ for __________________________
________________________________________________________________________
________________________________________________________________________

Accompanying this is a ____________________________________________________________
(Bid Bond, Certified Check, Bank Draft)

In the amount of ________________________________________________________________
(Dollars)

($__________________) being five percent (5%) of the Base Contract Bid, the same being subject to forfeiture in the event of default by the undersigned.

In submitting this bid, it is understood that the right is reserved by the Owner to reject any and all bids and it is agreed that this bid may not be withdrawn during the period of days in the Contract Documents.

The Bidder hereby certifies:

A. That this bid is genuine and is not made in the interest of or on behalf of any undisclosed person, firm or corporation and is not submitted in conformity with any agreement or rules of any group, association, organization or corporation.
B. That he has not directly or indirectly induced or solicited any other bidder to put in a false or sham bid.

C. That he has not solicited or induced any person, firm, or corporation to refrain from bidding.

D. That he has not sought by collusion or otherwise to obtain for himself any advantage over any other bidder or over the "Owner."

E. That he will comply with all provisions of the Prevailing Wage Ordinance #O-14-03 adopted by the Hoffman Estates Park District.

G. That all materials, methods and workmanship shall conform to the drawings, specifications, manufacturer's standards and specifications, and all applicable Codes and Standards.

SUSTAINABILITY STATEMENT

Introduction

The Hoffman Estates Park District is committed to green and sustainable practices and good environmental stewardship. Consequently, we are asking bidders to provide a Statement of Sustainability to ensure our bidders are also incorporating sustainability into their firm’s practices.

Instructions

Provide a clear description of your firm’s sustainable practices, policies or procedures to the below sections or attach a copy of your practice. These practices may include but are not limited to:

Waste Minimization within the office or facilities through recycling programs, double-sided copying, electronic internal communications, recycled content in materials, reusable cups, limited printing, electronic document management, green purchasing policies, green cleaning supplies or reduced packaging in materials procured or supplied.

_______________________________________________________________

_______________________________________________________________

_______________________________________________________________

Energy Efficiency within office, facilities or firm through lighting retrofits, photo sensor switches for lighting, use of day lighting, Energy Star rated appliance or equipment, alternative fuel or efficient fleet, anti-idling policy, or indoor temperature management.

_______________________________________________________________

_______________________________________________________________

Water Efficiency in office, facilities or firm through faucet or fixture retrofits, switch individual bottled water to office water coolers or drinking fountains, drought tolerant landscaping.

_______________________________________________________________

_______________________________________________________________

S/Gary/BID/Asphalt TC, WRC, Maint, BPC, HP
2.24.15 – Page 12
Staff are encouraged to be sustainable and supported by your firm through public transit benefits, bicycle accommodations, telecommuting options, support to attend green seminars, US Green Building Council LEED accredited or the creation of an internal green team. 

____________________________________________________________________

____________________________________________________________________

Education of your staff about green practices, your business peers of your green accomplishments, your community of your sustainability, or any environmental awards your firm has achieved. 

____________________________________________________________________
