FORM OF PROPOSAL

Proposal of _______________________________________________, hereinafter called the "BIDDER", (a) / (an) ____________________________________, (Corporation, Partnership, individual) doing business as _________________________________, to Hoffman Estates Park District, hereinafter called the "OWNER."

* * *

The Bidder, in response to your advertisement for bids for Installation of playground equipment at Valley, Evergreen, Maple Parks having examined the Specifications and other Documents and being familiar with all of the conditions surrounding the proposed work (purchase/sale) including availability of materials and labor, hereby proposes to furnish all labor, materials and supplies and to construct the project in accordance with the Contract Documents, within the time set forth therein and at the prices stated below. These prices are to cover all expenses incurred in performing the work required under the Contract Documents of which this proposal is a part.

Bidder acknowledges receipt of the following Addenda, which are a part of the Contract Document:

Document: Numbers: __________, __________, __________, __________.
SCOPE OF WORK & BIDDERS PROPOSAL

Installation of Playground and Concrete Work

The specifications and drawings are to govern the extent of the Work required or reasonably incidental to this Bid package. The following list of Work items is to be included and considered complementary to the drawings and specifications:

Furnish all labor, tools, materials, and equipment required and necessary to complete the following:

1. Inventory Pre-engineered playground structure provided by the owner at the job site including parts inventory and condition. Any irregularities shall be immediately communicated to the owner upon acceptance of the material by the contractor prior to commencement of work. Should deficiencies be identified after acceptance of material by the contractor the owner will make assist in trying to resolve the issue, however should the issue not be resolved by owner’s effort the contractor will be held responsible for resolving the issue at his own cost.

2. The playground area shall be graded to a depth minus one foot below finish grade. Any deviation from the manufactures design shall be communicated in writing to the owner.

3. The Contractor shall install the playground in accordance with the manufactures directions and or installation procedures.

4. The Contractor shall take all means to protect the playground against damage during construction from either his own crews or third parties.

5. The Contractor is responsible for any and all incidental material (i.e. nails, rivets, caulk, etc.) necessary to complete the project. The Contractor is encouraged to contact the manufacture to determine what items are and are not included as part of the pre-engineered Shelter package being provided. The Contractors bid price shall take into account all items necessary but not included.

6. Prior to final acceptance the contractor shall clean the structure and repair any blemishes caused by his work or damage caused by a third party.

7. Prior to final acceptance the owner shall schedule an inspection by the manufactures representative to identify any and all installation deficiencies. Such deficiencies shall be corrected by the contractor in timely manner. Should a deficiency be identified by the manufacture which is not the fault of the contractor the contractor shall be reimbursed for correction of said deficiency as an extra to the contract.

8. Equipment and manpower shall be provided in suitable size and number to satisfy and complete the work according to site material conditions, schedule and weather.

9. Provide adequate staff to review the Contract Documents and request, in writing, any additional information required well in advance of the actual fabrication or installation. Coordinate and communicate installation information with all other trades where there is interface, connection or contact with a product or work being installed and/or supplied by others.

10. If this Contractor is determined to impede the progress of the project schedule, the work delaying such progress will be passed over in a normal course of business and this Contractor shall be responsible for installing the work under other means and paying for additional costs, remedial work or damages resulting from such action.

11. Provide markers indicating limits of work and clear identification of items and areas requiring protection. Provide barricades, warning signs, and warning lights at conditions where there is a danger of injury to persons, or materials falling into excavations, pits, or depressions in the surrounding grade. This contractor is solely responsible for determining the potential for injury to persons and damage to property. Where such potential is present, take appropriate protective measures. Protect persons from injury and protect existing and new improvements from damage caused directly or indirectly by construction operations.

12. The Trade Contractor shall be liable and responsible for payment of all OSHA fines and/or other penalties against their work for failure to comply with all such requirements. Trade Contractor shall
also reimburse the Owner for all OSHA and other fines and/or penalties charged to the Owner due to Trade Contractor’s negligence.

13. Clean up shall be on a daily basis. This shall include sweeping and other housekeeping methods necessary to maintain the building, and removal of debris from streets, roads, and landscaped areas. All unused materials, packaging, debris, food-related items shall be placed in rubbish containers and daily removed from the site.

14. Submit the following information within five (5) days after bidding, when requested: a) average size crew anticipated; b) approximate number of man-days anticipated for each major function of work; c) delivery dates of major equipment or fixtures; and, e) references and financial qualifications. All shop drawings shall be submitted within twenty-one (21) days of the Contract date.

15. No extras shall be accepted on this project unless initiated by the Owner. Discrepancies, exclusions, clarifications regarding each contractor’s scope of work shall be addressed by contractor, in writing, and to the architect during the bidding process.

**Bid Price shall be based on the following item pricing: final contract amount shall be determined based upon unit quantities approved and installed. Unit pricing provided below shall prevail for all ads and deducts unless otherwise noted on this bid form.**
EVERGREEN PLAYGROUND

Site Security

E S-S -1
Contractor to supply maintain and remove security fencing consisting of 5ft x 6ft temporary chain link panels bolted together to provide a continuous barrier around the entire work area. Also included: sand bags to keep panels upright an in place. Approximately 320 lin.ft

Cost of E S-S-1 $____________

Demolition

E D-1
Contractor to remove all existing playground equipment, footings, all concrete curbs to be removed (244ft) and asphalt walk/stone base (155 sq. ft) and conc. flatwork (32 sq. ft.) identified as to be removed on plans and dispose of properly from the site.

Cost of E D-1 $____________

E D-2
Contractor to remove all existing loose fill woodchip fall surface and fabric to a depth of 12” below existing concrete curb elevation and transport and stockpile same at various locations within the Hoffman Estates Park District according to specifications. (312 cu yds.)

Cost of E D-2 $____________

E D-3
Contractor to remove all existing under drain piping and dispose properly from the site according to specifications.

Cost of E D-3 $____________

E D-4
Contractor to excavate to a depth of minus 13” and dispose of earth properly from the site according to specifications (17.37 cu yds). (Note contractor may use excavated material to fill asphalt removal area and backfill along existing and new curbs. Contractor to include 3 hrs. machine time to grade spoles on site.

Cost of E D-4 $____________

Total Cost of EVERGREEN Demolition ED-1, ED-2, ED-3 & ED-4 $____________

Concrete Work

E-C-1
Contractor to excavate, provide, place/compact stone base in areas designated for new flat work, form, provide and set 6x6 #10 reinforcement wire, supply and place 5” thick minimum concrete walks and ramps with expansion and control joints according per plans and specifications

Cost of E -C-1 120 sq ft. x $_______per sq. ft = $____________
E-C-2
Contractor to form, compact stone, supply and set steel reinforcement bars, supply and finish 6” X 12” concrete curb according per plans and specifications.

Cost of E-C-2 140 lin. ft. x $_______ per ft = $____________

**Total Cost of EVERGREEN Concrete E C-1 & E C-2** $____________

**Installation of Playground Equipment**
**E-I-1**
Contractor to install one playground for children age 2-5 years old and one playground for children 5-12 years old according to manufacture and industry standards and plans provided.

*Installation contractor will be responsible for the transport of all playground equipment to the job site from the owners maintenance yard located at 2352 Hassel Road in Hoffman Estates. For information about the playground equipment being installed (LITTLE TIKE EQUIPMENT) as part of this item call PARKREATION 847-419-7744. The material cost of the delivered playground equipment to the park district was $37,180.*

**Total Cost of EVERGREEN Playground Installation E-I-1** $____________

**Installation of Drainage Pipe**
**E-DR-1**
Contractor to located existing underground outfall structure and extend this conduit using the following materials to provide drainage to proposed playground area

633 lin. Ft. 6” flat drainage pipe with fabric sock Cost per lin. ft.$_______ Total cost$ __________

175 lin. Ft. 4” round drainage pipe with fabric sock Cost per lin. ft.$_______Total cost$_________

10 Y connectors and 2 Tee connectors 12 total X $____ per connector = Total cost $____________

12 round to flat connectors. 12 total X $____per connector = Total cost $____________

**Total Cost of EVERGREEN Installation of Drainage Pipe DR-1** $____________

**Wood Fiber Loose Fill Fall Surface and Filter Fabric**
**E-W-1 & E-W-2**
Contractor to supply and place non-woven 32oz filter fabric on sub-grade area of playground. Supply place and compact no less than 12” of wood fiber fall surface to playground area. Contractor will have to provide fall surface testing documentation from an independent agency prior to placement of material.

Cost of E-W-1 990 sq yds. of fabric (cover area) at $_____ per sq yard $____________
Cost of E-W-2  480 cu yds. at $_____ per cu yard total price  $____________

**Total Cost of EVERGREEN Wood Fiber Loose Fill E-W-1 & E-W-2**  $____________

**Rubber Fall Surface Installation**

E-RFS-1
Supply and install Softile rubber fall surface playground fall surface including the sub grade stone and concrete subsurface pads as per plans and specifications. Tiles shall be glued down to concrete at each post location along the transition from horizontal to subgrade elevation and around the perimeter of the fall surface system and between each tile in both directions. Key tiles shall be set and glued to manufactures specifications

**Total Cost of E-FS-1**  760 sq ft x $______ per sq ft =  Total cost $____________

**TOTAL BID PRICE EVERGREEN PARK PLAYGROUND SITE SECURITY, DEMOLITION, CONCRETE, PG INSTALL, DRAINAGE, WOOD FALL SURFACE and RUBBER FALL SURFACE (ALL YELLOW EVERGREEN)**  

$____________
MAPLE PARK PLAYGROUND

**Site Security**
M S-S -1
Contractor to supply maintain and remove security fencing consisting of 5ft x 6ft temporary chain link panels bolted together to provide a continuous barrier around the entire work area. Also included: sand bags to keep panels upright an in place. Approximately 400 lin.ft

**Demolition**
M D-1
Contractor to remove all existing playground equipment, footings, all concrete walks (102 sq. ft.) and split rail fence (229 Lin. Ft.) identified as to be removed on plans and dispose of properly from the site.

M D-2
Contractor to remove all existing loose fill woodchip fall surface and fabric to a depth of 12” below existing concrete curb elevation and transport and stockpile same at various locations within the Hoffman Estates Park District according to specifications. (220 cu yds.)

M D-3
Contractor to remove all existing under drain piping and dispose properly from the site according to specifications.

**Concrete Work**
MAPLE-C-1
Contractor to excavate, provide, place/compact stone base in areas designated for new flat work, form, provide and set 6x6 #10 reinforcement wire ,supply and place 5” thick minimum concrete ramp according per plans and specifications.

**Installation of Playground Equipment**
M -I-1
Contractor to install one playground for children age 2-5 years old and one playground for children 5-12 years old one double bay swing and one single bay swing and two spring toys according to manufacture and industry standards and plans provided.

Installation contractor will be responsible for the transport of all playground equipment to the job site from the owners maintenance yard located at 2352 Hassel Road in Hoffman Estates. For information about the playground equipment (LITTLE TIKE EQUIPMENT) as part of this item call PARKCREATION 847-419-7744. The material cost of the delivered playground equipment to the park district was $29,800.
Installation of Drainage Pipe

M-DR-1
Contractor to located existing underground outfall structure and extend this conduit using the following materials to provide drainage to proposed playground area

486 lin. Ft. 6” flat drainage pipe with fabric sock Cost per lin. ft.$_______ Total cost$ __________
50 lin. Ft. 4” round drainage pipe with fabric sock Cost per lin. ft.$_______ Total cost$ __________
6 Y connectors and 2 TEE connectors 8 total X $____ per connector = Total cost $___________
8 round to flat connectors. 8 total X $____ per connector = Total cost $___________

M-DR-1 total items cost $__________

Wood Fiber Loose Fill Fall Surface and Filter Fabric

M-W-1 & M-W-2
Contractor to supply and place non-woven 32oz filter fabric on sub-grade area of playground. Supply place and compact no less than 12” of wood fiber fall surface to playground area. Contractor will have to provide fall surface testing documentation from an independent agency prior to placement of material.

Cost of M-W-1 1 665 sq yds. of fabric (cover area) at $____ per sq yard = $___________
Cost of M-W-2 360 cu yds. at $____ per cu yard = total price $___________

Total Cost of MAPLE Wood Fiber Loose Fill M-W-1 & M-W-2 $____________

TOTAL BID PRICE MAPLE PARK PLAYGROUND
SITE SECURITY, DEMOLITION, CONCRETE, PG INSTALL, DRAINAGE
AND FALL SURFACE (ALL YELLOW MAPLE)
$
**VALLEY PARK PLAYGROUND**

**Site Security**

**V S-S -1**
Contractor to supply maintain and remove security fencing consisting of 5ft x 6ft temporary chain link panels bolted together to provide a continuous barrier around the entire work area. Also included: sand bags to keep panels upright an in place. Approximately 400 lin.ft

| Cost of V S-S-1 | $__________ |

**Demolition**

**V D-1**
Contractor to remove all existing playground equipment, footings and B-6-12 Conc. Curb (12 Lin. Ft.) identified as to be removed on plans and dispose of properly from the site.

| Cost of V D-1 | $____________ |

**V D-2**
Contractor to remove all existing loose fill woodchip fall surface and fabric to a depth of 12” below existing concrete curb elevation and transport and stockpile same at various locations within the Hoffman Estates Park District according to specifications. (260 cu yds.)

| Cost of V D-2 | $____________ |

SUSTAINABILITY STATEMENT

Introduction

The Hoffman Estates Park District is committed to green and sustainable practices and good environmental stewardship. Consequently, we are asking bidders to provide a Statement of Sustainability to ensure our bidders are also incorporating sustainability into their firm’s practices.

Instructions

Provide a clear description of your firm’s sustainable practices, policies or procedures to the below sections or attach a copy of your practice. These practices may include but are not limited to:

Waste Minimization within the office or facilities through recycling programs, double-sided copying, electronic internal communications, recycled content in materials, reusable cups, limited printing, electronic document management, green purchasing policies, green cleaning supplies or reduced packaging in materials procured or supplied.

______________________________________________________________

______________________________________________________________

Energy Efficiency within office, facilities or firm through lighting retrofits, photo sensor switches for lighting, use of day lighting, Energy Star rated appliance or equipment, alternative fuel or efficient fleet, anti-idling policy, or indoor temperature management.

______________________________________________________________

______________________________________________________________

Water Efficiency in office, facilities or firm through faucet or fixture retrofits, switch individual bottled water to office water coolers or drinking fountains, drought tolerant landscaping.

______________________________________________________________

______________________________________________________________
Staff are encouraged to be sustainable and supported by your firm through public transit benefits, bicycle accommodations, telecommuting options, support to attend green seminars, US Green Building Council LEED accredited or the creation of an internal green team.

________________________________________________________________________________________

________________________________________________________________________________________

Education of your staff about green practices, your business peers of your green accomplishments, your community of your sustainability, or any environmental awards your firm has achieved.

________________________________________________________________________________________

________________________________________________________________________________________
FAIR EMPLOYMENT PRACTICES AFFIDAVIT OF COMPLIANCE

I, ________________________________ (name of person making the affidavit), being duly sworn, deposes and says that he is the ________________________________ (title) of ________________________________, and that he has knowledge of the Hoffman Estates Park District ordinance relating to Fair Employment Practices, Equal Employment Opportunity, Prevailing Wages, Sexual Harassment Requirements, and knows and understands the contents thereof; that he certifies that ________________________________ (name of company) is an equal opportunity employer as defined by the Federal, State and Local regulations.

HOLD HARMLESS AGREEMENT

______________________________ (company name) agrees to indemnify, hold harmless and defend the Hoffman Estates Park District, its consultants for this Project, agents, servants and employees, ________________________________ (Construction Company), and its sub consultants, and each of them against and hold them harmless from any and all liability, loss, cost, damages and claims, cause of action, demands, rights, costs of loss of service expenses, compensation, and expense (including reasonable attorneys’ fees and court costs) which the undersigned now has or which may hereafter accrue, directly or indirectly, for or on account of any and all known and unknown, foreseen and unforeseen, resulting from, arising out of, or incurred by reason of claims, actions, or suits based upon or alleging bodily injury, including death, or property damages arising out of, or resulting from the Contractor’s operations under this Contract, whether such operations be by himself or by any subcontractor or by anyone directly or indirectly employed by either of them.
