Hoffman Estates, Illinois

FORM OF PROPOSAL

Proposal of \_\_\_\_\_, hereinafter called the  
"BIDDER", (a) / (an) \_\_\_\_\_,  
(Corporation, Partnership,  
individual) doing business as \_\_\_\_\_, to Hoffman Estates  
Park District, hereinafter called the "OWNER."

\* \* \*

The Bidder, in response to your advertisement for bids for **installation of playground equipment at Armstrong School & MacArthur School ; concrete work at Freedom Run Dog Park & Armstrong School Park** having examined the Specifications and other Documents and being familiar with all of the conditions surrounding the proposed work (purchase/sale) including availability of materials and labor, hereby proposes to furnish all labor, materials and supplies and to construct the project in accordance with the Contract Documents, within the time set forth therein and at the prices stated below. These prices are to cover all expenses incurred in performing the work required under the Contract Documents of which this proposal is a part.

Bidder acknowledges receipt of the following Addenda, which are a part of the Contract

Document: Numbers: \_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_.

## SCOPE OF WORK & BIDDERS PROPOSAL

### **General**

The Contractor shall provide:

1. Equipment and manpower shall be provided in suitable size and number to satisfy and complete the work according to site material conditions, schedule and weather.
2. Provide adequate staff to review the Contract Documents and request, in writing, any additional information required well in advance of the actual fabrication or installation. Coordinate and communicate installation information with all other trades where there is interface, connection or contact with a product or work being installed and/or supplied by others.
3. If this Contractor is determined to impede the progress of the project schedule, the work delaying such progress will be passed over in a normal course of business and this Contractor shall be responsible for installing the work under other means and paying for additional costs, remedial work or damages resulting from such action.
4. Provide markers indicating limits of work and clear identification of items and areas requiring protection. Provide barricades, warning signs, and warning lights at conditions where there is a danger of injury to persons, or materials falling into excavations, pits, or depressions in the surrounding grade. This contractor is solely responsible for determining the potential for injury to persons and damage to property. Where such potential is present, take appropriate protective measures. Protect persons from injury and protect existing and new improvements from damage caused directly or indirectly by construction operations.
5. The Trade Contractor shall be liable and responsible for payment of all OSHA fines and/or other penalties against their work for failure to comply with all such requirements. Trade Contractor shall also reimburse the Owner for all OSHA and other fines and/or penalties charged to the Owner due to Trade Contractor's negligence.
6. Clean up shall be on a daily basis. This shall include sweeping and other housekeeping methods necessary to maintain the building, and removal of debris from streets, roads, and landscaped areas. All unused materials, packaging, debris, food-related items shall be placed in rubbish containers and daily removed from the site.
7. Submit the following information within five (5) days after bidding, when requested: a) average size crew anticipated; b) approximate number of man-days anticipated for each major function of work; c) delivery dates of major equipment or fixtures; and, e) references and financial qualifications. All shop drawings shall be submitted within twenty-one (21) days of the Contract date.
8. No extras shall be accepted on this project unless initiated by the Owner. Discrepancies, exclusions, clarifications regarding each contractor's scope of work shall be addressed by contractor, in writing, and to the architect during the bidding process.

### **Installation of Playground**

The specifications and drawings are to govern the extent of the Work required or reasonably incidental to this Bid package. The following list of Work items is to be included and considered complementary to the drawings and specifications:

Furnish all labor, tools, materials, and equipment required and necessary to complete the following:

1. Inventory Pre-engineered playground structure provided by the owner at the job site including parts inventory and condition. Any irregularities shall be immediately communicated to the owner upon acceptance of the material by the contractor prior to commencement of work. Should deficiencies be identified after acceptance of material by the contractor the owner will make assist in trying to resolve

the issue, however should the issue not be resolved by owner's effort the contractor will be held responsible for resolving the issue at his own cost.

2. The playground area shall be graded to a depth minus one foot below finish grade. Any deviation from the manufactures design shall be communicated in writing to the owner.
3. The Contractor shall install the playground in accordance with the manufactures directions and or installation procedures.
4. The Contractor shall take all means to protect the playground against damage during construction from either his own crews or third parties.
5. The Contractor is responsible for any and all incidental material (i.e. nails, rivets, caulk, etc.) necessary to complete the project. The Contractor is encouraged to contact the manufacture to determine what items are and are not included as part of the pre-engineered Shelter package being provided. The Contractors bid price shall take into account all items necessary but not included.
6. Prior to final acceptance the contractor shall clean the structure and repair any blemishes caused by his work or damage caused by a third party.
7. The contractor is responsible for the protection of all park amenities (not limited to and including all concrete, site furnishings, vegetation other than turf, parking lot and drive asphalt, signage etc.) and shall be responsible for the repair should damage occur. Contractor will make every attempt to minimize damage to turf areas and provide grading to correct such damage caused by his work.
8. The contractor is responsible for the removal and proper disposal for all debris associated with the shipment and installation of playground equipment and fall surface.
9. Prior to final acceptance the owner shall schedule an inspection by the manufactures representative to identify any and all installation deficiencies. Such deficiencies shall be corrected by the contractor in timely manner. Should a deficiency be identified by the manufacture which is not the fault of the contractor, the contractor shall be reimbursed for correction of said deficiency as an extra to the contract.

### **Installation of Concrete**
