

April 2017 Newsletter
TT- 3-Year-Old Preschool (Willow)
(847) 885-7500 ext. 447

We finally hope to be enjoying some warmer weather. “April Showers bring May Flowers!” We have spent so much time indoors, that we are excited to spend time outside. With outdoor play our children strengthen growing muscles when they are climbing, running, playing ball and jumping.

In the month of April, we will be exploring themes related to spring. We will focus on planting seeds and flowers. We will touch upon the life cycle of caterpillars and butterflies, and we will also learn about farms and farm animals. The children will learn that farming is important for our lives. We will learn that farm animals produce many important things for our lives. We will focus on how farm animals help us, and how to take care of farm animals.

Happy Spring,

Miss Rachel and Miss Karen
