6. **New Business:**

A. **C&M job descriptions/M18-121:**

Director Kapusinski reviewed the new job descriptions and responsibilities for the C&M Department noting that the Marketing Manager would be the voice of the district while the Graphics Manager would design the campaign and the Communications Manager would oversee the social media to present the programs /events to the community and that the Sponsorship and Advertising Manager would now be a part of the C&M Team.

Comm Rep Winner said he felt it was a great idea. Commissioner Bickham asked about the salary range and it was noted to be between \$50,000 and \$60,000 to start and that the funding for the new C&M Manager positions would come from the former Superintendent of C&M and the PT Media Person salaries budgeted in 2019.

Comm Rep Wilson asked how those salaries compared in the marketplace and Executive Director Talsma noted they were in keeping with staff having 3-5 years' experience.

Comm Rep Wilson made a motion, seconded by Comm Rep Winner to recommend the board approve the Marketing Manager and Communications Manager job descriptions as presented and outlined in M18-121. The motion carried by voice vote.

B. **Personnel Policy Manual updates/M18-120:**

Executive Director Talsma reviewed the items noting that they were housecleaning issues and some addressed the PPT position benefits.

Commissioner Kilbridge asked if there was someone in mind as PPT. Executive Director Talsma explained that the current PT2 Athletic Supervisor is budgeted to be PPT in 2019.

Comm Rep Wilson made a motion, seconded by Comm Rep Chhatwani to recommend the board approve the Personnel Policy Manual updates as presented and outlined in M18-120. The motion carried by voice vote.

D. A&F Report/M18-118:

Director Hopkins reviewed the report noting that the GO Limited Park Bonds would be issued for \$2,646,000 with an interest rate of 2.75% and a semi-annual interest payment of \$72,360. She also noted that they were reviewing the responsibilities of the Accounting Staff that had been at BPC to address the needs of that facility.

Executive Director Talsma also noted that Director Hopkins had been working on an auto-type of household charge at PSSWC. Commissioner K. Evans questioned the security and it was noted that members would have to present their ID cards to ‘charge’, that the card numbers were held with the service company and that the items purchased were primarily services that would require the member to return making the system more secure.

Comm Rep Wilson made a motion, seconded by Comm Rep Winner to send the A&F Report M18-118 to the board as presented. The motion carried by voice vote.

E. Open and Paid Invoice Register:

Comm Rep Wilson made a motion, seconded by Comm Rep Chhatwani to recommend the board approve the Open and Paid Invoice register in the amount of \$512,365.66. The motion carried by voice vote.

F. Review and Expenditure Report/Financial Analysis:

Director Hopkins reviewed the report. She also noted that:

- General fund would be \$235,000 above budget primarily due to the reduction of payroll,
- Rec Fund would be \$275,000 under budget primarily due to GM of Ice Dubicki,
- PSSWC would be \$30,000 under budget
- BPC \$95,000 under budget primarily due to weather.

Commissioner K. Evans asked about spraying the greens prior to the snow and Director Huguen explained that they had been completed and most of the trees. Any trees not sprayed could be addressed with the coming melt.

Comm Rep Winner made a motion, seconded by Comm Rep Chhatwani to recommend the board approve the Revenue and Expenditure Report/Financial Analysis as presented. The motion carried by voice vote.

## MEMORANDUM NO. M18-129

**TO:** Administrative & Finance Committee  
**FROM:** Craig Talsma, Executive Director  
Nicole Hopkins, Director of Finance & Admin  
**RE:** 2019 Budget and Appropriation Ordinance O18-010  
**DATE:** December 12, 2018

---

### **BACKGROUND**

State law requires that we file our Budget and Appropriation Ordinance with the county by the end of the first quarter of the fiscal year. The District has always filed in December along with our Tax Levy. The tentative ordinance was approved November 13<sup>th</sup> and will have been on display the required 30 days prior to filing. Additionally, the District held a public review meeting on December 11<sup>th</sup>, which was properly advertised. The final ordinance is attached for approval.

### **IMPLICATIONS**

Some minor changes that affect the B&A Ordinance have been made to reflect additional budget requirements for 2019.

#### Fund 01-Corporate

- An expenditure line item for utilities was increased by \$25,000 to accommodate a change in water billing for irrigation. In previous years, the District was not charged for Cannon Crossings irrigation due to a Village error. The first bill was just received for 2018 and will continue moving forward.

#### Fund 02-Recreation

- Payroll expenditure line items for Communication and Marketing switched from part time to full time wages, the offsetting change was \$15,000 with an increase to FT and decrease to PT wages. The funds for the PT social media person are being used for the FT Communications Manager.

#### Fund 11-Prairie Stone Sports & Wellness Fund (The Club)

- An expenditure line item for club signage as approved by the Recreation Committee was added for \$20,000.

#### Fund 12-Capital Improvement Fund

- An expenditure line item for outdoor fitness equipment was added for \$90,000 to pay for our share of the outdoor fitness grant (staff will present concept at A&F meeting).

### **RECOMMENDATIONS**

Staff recommends that the Administration & Finance Committee recommend to the full Board approval of the final Budget and Appropriation Ordinance O18-010.

### **BACKGROUND**

Attached please find the District's final 2018 Annual Levy Ordinance O18-012 to be collected during the fiscal year 2019.

The levy was presented and the amount intended to be levied was announced at our Committee of the Whole meeting on November 13, 2018.

The levy must be filed with the county by the last Tuesday in December.

## HOFFMAN ESTATES PARK DISTRICT MEMO NO. M18-114

**To:** A&F Committee  
**From:** Craig Talsma, Executive Director  
Nicole Hopkins, Director of Finance & Administration  
**Date:** November 27, 2018  
**Re:** Lakewood Center Redevelopment Project Area

---

### **Background**

Ameritech, renamed AT&T in 2006, constructed a 1.2 million square foot headquarters in 1991 and a 260,000 square foot call center in 2000 on 120 acres north of the tollway off Lakewood Blvd. After ten years of downsizing, AT&T completely vacated the property in September of 2016. The Equalized Assessed Valuation for the location has decreased 70% since 2013 resulting in a reduction of \$485,662 in property taxes paid to the Hoffman Estates Park District. This reduction does not result in a loss of tax revenue for the District but rather is redistributed among the other tax payers.

The developer, Somerset Development, converted an abandoned Bell Laboratories headquarters in New Jersey (<https://bell.works/>) into an almost fully leased “metroburb”. They define a metroburb as a self-contained metropolis with office space, retail shops, art and culture. The concept is being used to bring millennials back to the suburbs by offering the urban experience in a suburban location. The Village of Hoffman Estates contacted Somerset Development to see if they were interested in doing a similar project with this site. Somerset has executed a purchase and sale agreement for this site. A range of potential incentives were discussed and Somerset would like to proceed with adopting a TIF (Tax Increment Financing) district for the site.

### **Implications**

Since 2016, the Village has been working to try and find tenants or a developer for this property. In order to attract any developer, incentives would be highly likely. This particular developer offers a unique approach.

The Village of Hoffman Estates held a Joint Review Board on November 28<sup>th</sup> at 9:00am to discuss the proposed Lakewood Center TIF District and to consider a motion to approve a resolution recommending approval. Townhomes and apartments are included in the rough plan for the site but will not be included in the TIF. The proposal is for the headquarters to be converted to a mixed-use development with the atrium in the main building converted to a main street where public would be invited to visit the retail, service and dining opportunities. The District is working with the Village to enable the inclusion of a park site or outdoor use area in the new proposal.

Staff has indicated the District’s support for the TIF for the retail area as it will generate more tax dollars from the residential parts and eventually from the commercial development (TIF part). All taxing bodies except School District 211 supported the TIF development. District 211, voiced support but wanted concrete numbers for residences and potential students. The potential addition of a park site incorporated into the TIF is very beneficial for the Park District.

Staff will be at the Village meeting on January 7 in support of the TIF. This topic is being presented for discussion in case the Committee or Board have any concerns or questions regarding the TIF development and the District's support.

**Recommendation**

Staff recommends the A&F Committee recommend that the Board support the proposed Lakewood Center TIF District.

**CHICAGO REAL ESTATE DEVELOPMENT**

### **Introducing Hoffman Estates' New 'Metroburb'**

Approximately two years after AT&T left its campus in the northwestern suburb of [Hoffman Estates](#), it still remains unoccupied, [according to the Chicago Tribune](#). A developer from New Jersey hopes to change that with a proposal to transform the corporate campus into a “metroburb.”

AERIAL OF FORMER BELL LABS CAMPUS IN HOLMDEL, N.J PHOTO COURTESY OF MBISANZ

## What is a Metroburb?

A metroburb is essentially a small urban hub contained within a suburb. Ralph Zucker, president of [New Jersey](#)-based Somerset Development, claims he coined the name, according to the report. The concept involves a mix of homes, offices, and retail space.

Zucker already spearheaded the creation of one metroburb in New Jersey. The former Bell Labs in [Holmdel](#), N.J., became the Bell Works development. The New

Jersey metroburbs are steadily gaining office tenants (including a bank and tech companies) and retail tenants (including a café and hair salon), according to the report.

The arrangement of the metroburbs' buildings is a big part of creating the city feel.

"All of our retail is facing that center court. It's really a vibrant street scene... literally a small downtown," said Zucker, [according to a report from the Daily Herald](#).

Somerset Development is aiming to bring the same concept to the vacant campus in Hoffman Estates, which now goes by the name of Lakewood Center Chicago.

## **What Does the New Project Mean for Hoffman Estates?**

Zucker's \$250 million proposal for Lakewood Center Chicago features an overhaul of the main, 1.3 million-square-foot building on the campus. The main building would feature 1.2 million square feet of office space, 80,000 square feet of conference space, and 60,000 square feet of retail space, according to the Daily Herald. The developer's plan also includes rental homes, a hotel, and 175 townhomes, which will be lined on straight streets to emulate a city. That goal would be reflected in the metroburbs' name: City Works.

"We want to make it feel as much like a city as possible," said Ken Gold, vice president of acquisitions and development at Somerset Development, according to the Chicago Tribune report.

If the project moves forward, it could mean significant property taxes for Hoffman Estates. The AT&T campus generated approximately \$8.5 million in property taxes, according to the Chicago Tribune report. Plus, the urban vibes of the development could prove a significant lure for Millennials who love the city, but not its cost of living.

## **What does the development timeline look like?**

Planning and zoning commissioners with Hoffman Estates have already recommended approval for the City Works plan, according to the Daily Herald report. While the suburb seems enthusiastic about the development, there are several key steps before City Works becomes a reality. Final approval of the project is likely six months away.

Somerset Development will still need purchase the 152-acre site, which will also need to be rezoned, according to the Chicago Tribune report

A New Jersey developer has spelled out its plan to convert a vacant suburban corporate campus into a self-contained "city" of stores, restaurants, homes, entertainment, hotel rooms and a variety of office uses covering 150 acres along the Jane Addams Tollway.

Two buildings on the former AT&T campus in Hoffman Estates would house 1.2 million square feet of offices, 60,000 square feet of retail shops and 80,000 square feet of conference space, while new construction would add 375 apartments, 175 townhouses and a 200-room hotel, according to the concept plan by Somerset Development.

Somerset, which led a similar redevelopment of the Bell Labs complex in Holmdel, New Jersey, has referred to it as a "metroburb."

Hoffman Estates' planning and zoning commission will review the concept plan at a May 2 meeting. The village board's planning, building & zoning committee will review a proposed development agreement May 7 ahead of its possible approval on May 14.

Pete Gugliotta, the village's director of planning, building and code enforcement, said what occurs at those meetings are more or less baby steps for the overall project, but they are a big deal because the concept is so new for Hoffman Estates.

Barrington Unit District 220 officials are cautiously optimistic about the proposal. The district objected last year to another major mixed-use project in Hoffman Estates, the proposed Plum Farms development on the northwest corner of routes 59 and 72.

"It shouldn't sit empty," District 220 Superintendent Brian Harris said of the AT&T site. "Our biggest concern and question is the funding part. In this case, I don't see a massive residential component."

Harris and District 220 board President Brian Battle said the school district has seen a major loss of property tax revenue from the site since AT&T began moving out a few years ago. That has spread the tax burden to other land owners. Last year, a court ordered district to pay back \$1.2 million to the property's current owner.

While the idea of redeveloping the site is welcome, District 220 wants to ensure that the cost of educating students who would live there doesn't outweigh the additional property taxes, Battle said.

Ken Gold, vice president of acquisitions and development for Somerset, said the company has not requested tax incentives, though all possibilities remain under consideration.

One possible source of help to the developer is the "Big Empties" bill under consideration by a state House committee. It would provide incentives for redevelopment of large vacant buildings, said Democratic state Rep. Fred Crespo of Hoffman Estates.

Among the possible incentives are an income tax credit equal to 25 percent of a developer's investment, a tax exemption on the purchase of computer software for a project, and an abatement of up to half of a site's property tax, Crespo said. While a local government like District 220 might not be a fan of giving up half the property tax revenue, Crespo said the former AT&T campus has already lost so much value that such a deal could still benefit the school district.

"There is no way any developer can come out here and do it on their own," Crespo said, citing the size of the AT&T buildings and campus.

And the site is just one of several in Illinois facing the same problem. Others include Motorola in Harvard, Caterpillar in Peoria and Navistar in Naperville, he added.

Crespo said he understands the criticism of such tax breaks, but that all states are offering incentives to spur economic development.

**DATE:** December 13, 2018

---

**Background**

Through inventory of the park district's property, staff has determined that certain items are no longer of value or use to the District and that because of the age and condition of the property, cannot be utilized for any of the Park District's current needs or operations and is thereby considered surplus property and the property's sale, trade-in or disposal would best serve the District.

**Implications**

By law and Board policy, it is required that an Ordinance be approved by at least three-fifths of the Park Board. Staff is seeking to dispose of, trade or sell the following items which were initially valued at \$500+.

## HOFFMAN ESTATES PARK DISTRICT MEMORANDUM # M18-128

To: A&F Committee  
From: Craig Talsma, Executive Director  
Nicole Hopkins, Director of Finance & Administration  
Eric Leninger, Superintendent of HR & Risk Management  
Date: December 12, 2018  
Re: Policy for reimbursement of employee expenses

---

### **Background:**

Effective January 1, 2019, the Illinois Wage Payment and Collection Act has been amended to impose an affirmative duty on Illinois employers to reimburse certain expenses incurred by its employees. Previously, the Wage Payment and Collection Act did not address this issue.

### **Implications:**

A written expense reimbursement policy is crucial in determining whether a District employee is entitled to reimbursement for an expense. In order to maintain compliance with the amended Wage Payment and Collection Act, staff recommends the attached policy 7.35: Reimbursement of Employee Expenses, be added to the District's Policy Manual.

### **Recommendation:**

Staff recommends the A&F committee recommends the full board approve the attached Policy 7.35: Reimbursement of Employee Expenses.

## **7.35 REIMBURSEMENT OF EMPLOYEE EXPENSES**

### **A. Purpose.**

Hoffman Estates Park District will reimburse employees for all necessary expenditures that are incurred within the employee's scope of employment and directly related to services performed by the District.

### **B. Definitions.**

"Necessary Expenditures" are defined as all reasonable expenditures or losses required of an employee in the discharge of employment duties that inure to the primary benefit of the District.

### **C. Expenses Eligible for Reimbursement.**

In order to be qualified as reimbursable under this policy, the expense must be either required by the District or authorized by appropriate supervisory personnel in the employee's chain of command. Approval of expenditure amounts must comply with purchasing authority outlined in Policy 7.13.

### **D. Documentation of Expenses.**

Employees are required to provide supporting documentation within thirty (30) calendar days after the expense is incurred. If supporting documentation is unavailable or lost, the employee must prepare and sign a statement describing the expense. All documentation must be approved by the employee's immediate supervisor and submitted to the business department.

All documents and information submitted in connection with this Policy are public records subject to disclosure under the Freedom of Information Act.

### **E. Exclusion of Expenses.**

An employee is not entitled to reimbursement if the employee incurs an expense without adherence to the District's established policies and procedures, including this Policy and the District's Reimbursement of Travel, Meal, and Lodging Expenses Policy (7.34).

The District is not responsible for losses due to an employee's own negligence, losses due to normal wear, or losses due to theft, unless the theft was a result of the District's negligence.

### **A. Finance/Administration**

- After over 11 months of coordination and negotiation, staff has successfully obtained 718,000 back owed American Express points. These points combined with the points that were already on the account will result in a Just Give donation to the Friends of HE Parks in the amount of \$10,000. Staff is working to get these points redeemed prior to the end of December. Once redeemed, a donation check arrives in six to eight weeks.
- Brittany Meschewski is the newest Certified Parks and Recreation Professional for the District. Brittany is the point person on all things RecTrac and has recently been promoted to overseeing the registrars. The knowledge obtained in order to pass the exam will be helpful in her day to day interactions with staff and customers.
- The migration to CardConnect credit card processing and new credit card chip readers was completed successfully on November 28<sup>th</sup>. New equipment included a wireless reader that was used for Breakfast with Santa. Based on feedback, stands are being ordered for the signature capture devices to allow ease of viewing no matter the customer's height.
- In 2011, the Dodd-Frank law took effect. An amendment to this law limits the fees processing networks are allowed to charge for debit card transactions no matter whether the cards are processed using a PIN or a signature for verification. Although there are still variations in fees between pin and signature processing, neither is the cheapest in all circumstances. If a customer receives any benefit, it is when the transaction is processed with a signature. After considering the impact to the District and the customer, the current devices were set up to not ask for a PIN.
- The final 2018 Budget & Appropriation Ordinance and Tax Levy will be presented at the December A&F Committee meeting.
- Lauterbach & Amen, the District's auditing firm, directly applies for and submits the application to GFOA on behalf of the District. Based on their submission timing, staff does not expect to hear from GFOA with regards to the certificate of excellence until perhaps January.
- Staff processed and paid all principle and interest payments as required on November 30<sup>th</sup> for the December 1<sup>st</sup> payment date.

- Created new pass structure for Seascope which will allow an easier online registration experience.
- Created new pass structure for The Club at Prairie Stone.
- Updated coupon processing and auto discounts for ICE programs.
- Four staff attended the RecTrac user group meeting.
- Payroll Cycle Processing
