

HOFFMAN ESTATES PARK DISTRICT
Hoffman Estates, Illinois

FORM OF PROPOSAL

Proposal of _____, hereinafter called the
"BIDDER", (a) / (an) _____,
(Corporation, Partnership,
individual) doing business as _____, to Hoffman Estates
Park District, hereinafter called the "OWNER."

* * *

The Bidder, in response to your advertisement for bids for **installation of playground equipment at Willow Park and Community Park** having examined the Specifications and other Documents and being familiar with all of the conditions surrounding the proposed work (purchase/sale) including availability of materials and labor, hereby proposes to furnish all labor, materials and supplies and to construct the project in accordance with the Contract Documents, within the time set forth therein and at the prices stated below. These prices are to cover all expenses incurred in performing the work required under the Contract Documents of which this proposal is a part.

Bidder acknowledges receipt of the following Addenda, which are a part of the Contract

Document: Numbers: _____, _____, _____, _____.

SCOPE OF WORK & BIDDERS PROPOSAL

General

The Contractor shall provide:

1. Equipment and manpower shall be provided in suitable size and number to satisfy and complete the work according to site material conditions, schedule and weather.
2. Provide adequate staff to review the Contract Documents and request, in writing, any additional information required well in advance of the actual fabrication or installation. Coordinate and communicate installation information with all other trades where there is interface, connection or contact with a product or work being installed and/or supplied by others.
3. If this Contractor is determined to impede the progress of the project schedule, the work delaying such progress will be passed over in a normal course of business and this Contractor shall be responsible for installing the work under other means and paying for additional costs, remedial work or damages resulting from such action.
4. Provide markers indicating limits of work and clear identification of items and areas requiring protection. Provide barricades, warning signs, and warning lights at conditions where there is a danger of injury to persons, or materials falling into excavations, pits, or depressions in the surrounding grade. This contractor is solely responsible for determining the potential for injury to persons and damage to property. Where such potential is present, take appropriate protective measures. Protect persons from injury and protect existing and new improvements from damage caused directly or indirectly by construction operations.
5. The Trade Contractor shall be liable and responsible for payment of all OSHA fines and/or other penalties against their work for failure to comply with all such requirements. Trade Contractor shall also reimburse the Owner for all OSHA and other fines and/or penalties charged to the Owner due to Trade Contractor's negligence.
6. Clean up shall be on a daily basis. This shall include sweeping and other housekeeping methods necessary to maintain the building, and removal of debris from streets, roads, and landscaped areas. All unused materials, packaging, debris, food-related items shall be placed in rubbish containers and daily removed from the site.
7. Submit the following information within five (5) days after bidding, when requested: a) average size crew anticipated; b) approximate number of man-days anticipated for each major function of work; c) delivery dates of major equipment or fixtures; and, e) references and financial qualifications. All shop drawings shall be submitted within twenty-one (21) days of the Contract date.
8. No extras shall be accepted on this project unless initiated by the Owner. Discrepancies, exclusions, clarifications regarding each contractor's scope of work shall be addressed by contractor, in writing, and to the architect during the bidding process.

Installation of Playground

The specifications and drawings are to govern the extent of the Work required or reasonably incidental to this Bid package. The following list of Work items is to be included and considered complementary to the drawings and specifications:

Furnish all labor, tools, materials, and equipment required and necessary to complete the following:

1. Inventory Pre-engineered playground structure provided by the owner at the job site including parts inventory and condition. Any irregularities shall be immediately communicated to the owner upon acceptance of the material by the contractor prior to commencement of work. Should deficiencies be identified after acceptance of material by the contractor the owner will make assist in trying to resolve

the issue, however should the issue not be resolved by owner's effort the contractor will be held responsible for resolving the issue at his own cost.

2. The playground area shall be graded to a depth minus one foot below finish grade. Any deviation from the manufactures design shall be communicated in writing to the owner.
3. The Contractor shall install the playground in accordance with the manufactures directions and or installation procedures.
4. The Contractor shall take all means to protect the playground against damage during construction from either his own crews or third parties.
5. The Contractor is responsible for any and all incidental material (i.e. nails, rivets, caulk, etc.) necessary to complete the project. The Contractor is encouraged to contact the manufacture to determine what items are and are not included as part of the pre-engineered Shelter package being provided. The Contractors bid price shall take into account all items necessary but not included.
6. Prior to final acceptance the contractor shall clean the structure and repair any blemishes caused by his work or damage caused by a third party.
7. The contractor is responsible for the protection of all park amenities (not limited to and including all concrete, site furnishings, vegetation other than turf, parking lot and drive asphalt, signage etc.) and shall be responsible for the repair should damage occur. Contractor will make every attempt to minimize damage to turf areas and provide grading to correct such damage caused by his work.
8. The contractor is responsible for the removal and proper disposal for all debris associated with the shipment and installation of playground equipment and fall surface.
9. Prior to final acceptance the owner shall schedule an inspection by the manufactures representative to identify any and all installation deficiencies. Such deficiencies shall be corrected by the contractor in timely manner. Should a deficiency be identified by the manufacture which is not the fault of the contractor, the contractor shall be reimbursed for correction of said deficiency as an extra to the contract.

Installation of Concrete

1. The contractor is responsible for the setting of grades and stakes necessary to complete the installation of concrete work.
2. The contractor is responsible for excavation, removal and proper disposal of all existing concrete, asphalt, pavers, stone and earth within areas designated for new concrete.
3. The contractor is responsible for compaction of all subgrades, supply and installation and compaction of all stone base materials.
4. The Contractor is responsible for supply and setting of all staking materials necessary to pour concrete. All final grades must conform to The Americans with Disabilities (ADA) maximum slope requirements for walkways.
5. The Contractor is responsible for the supply placement and finishing of all concrete according to specifications.
6. The Contractor is responsible for the removal and proper disposal of all staking material.
7. The Contractor is responsible for the removal and proper disposal of all excess stone and concrete over pour. Contractor is responsible for the rough backfill with clean fill of all areas adjacent to the concrete pour.

Installation of Synthetic Turf Fall Surface

1. The owner shall supply and install Synthetic Fall Surface capable of meeting a fall height of eight foot zero inches (8'-0") with a test rating that does not exceed 750 HIC and 175 G's. tested upon completion of the installation.

Bid Price shall be based on the following item pricing: final contract amount shall be determined based upon unit quantities approved and installed. Unit pricing provided below shall prevail for all ads and deducts unless otherwise noted on this bid form.

The Owner reserves the right to limit the award of items or limit the quantity of work performed under any item. Should a quantity be reduced in any one item, the final quantity shall be no less than 50% of the bid quantity provided on this form of proposal.

WILLOW PLAYGROUND

Site Security

SUSTAINABILITY STATEMENT

Introduction

The Hoffman Estates Park District is committed to green and sustainable practices and good environmental stewardship. Consequently, we are asking bidders to provide a Statement of Sustainability to ensure our bidders are also incorporating sustainability into their firm's practices.

Instructions

Provide a clear description of your firm's sustainable practices, policies or procedures to the below sections or attach a copy of your practice. These practices may include but are not limited to:

Waste Minimization within the office or facilities through recycling programs, double-sided copying, electronic internal communications, recycled content in materials, reusable cups, limited printing, electronic document management, green purchasing policies, green cleaning supplies or reduced packaging in materials procured or supplied. _____

Energy Efficiency within office, facilities or firm through lighting retrofits, photo sensor switches for lighting, use of day lighting, Energy Star rated appliance or equipment, alternative fuel or efficient fleet, anti-idling policy, or indoor temperature management. _____

Water Efficiency in office, facilities or firm through faucet or fixture retrofits, switch individual bottled water to office water coolers or drinking fountains, drought tolerant landscaping. _____

Staff are encouraged to be sustainable and supported by your firm through public transit benefits, bicycle accommodations, telecommuting options, support to attend green seminars, US Green Building Council LEED accredited or the creation of an internal green team. _____

Education of your staff about green practices, your business peers of your green accomplishments, your community of your sustainability, or any environmental awards your firm has achieved. _____
