

Addendum #1

Alternate Bid as originally listed.

6ft High black windscreen hemmed with grommets zip tied to fence fabric & framework. Windscreen will be installed at 2.5 feet from ground level on the fence.

10 ounce 100% vinyl coated polyester

6' high

Five-ply reinforced corners and three-ply reinforced hems with built-in grommets.

\$ _____

The alternate bid should be the cost difference to do the windscreens in an 8 foot windscreen instead of a 6 foot windscreen. A 6 foot windscreen is part of the base bid and the alternate bid is the extra amount needed to use 8 foot wind screens.
