Driving Range Artificial Tee Box Renovations

Hoffman Estates Park District is replacing all artificial hitting mats at the driving range with new Pro Drive hitting areas. These new mats are fifty-six feet in length by eleven feet in width. The new system provides a real grass feel when hitting golf balls from the artificial turf and is a permanent structure instead of the movable mats.

Weather dependent, the expected opening date of the new artificial tee boxes is 4/19/2025.

Pro Drive Tee Line System

Tee line installed over aggregate and pad underlayment
